Marguerite Porete:

Nobility and Annihilation in Marguerite Porete's Mirror of Simple Souls Joanne Maguire Robinson, 2001-05-16 An in depth examination of the work of this important medieval woman mystic **The Mirror of Simple Souls** Margaret Porete, 1999-05-15 When Dr Romana Guarnieri in a letter to Osservatore Romano 16 June 1946 announced her discovery that Margaret Porete d 1 June 1310 was the author of The Mirror of Simple Souls certainly a major French document of pre Reformation spirituality a sensation was created in the academic world Although The Mirror is one of the few heretical documents to have survived the Middle Ages in its entirety both its title and its authorship were among the most persistent and troublesome problems of scholarly research in the field of medieval vernacular languages The Mirror in its original French survives only in the fifteenth century manuscript which the great Cond Louis II de Bourbon had acquired for his palace at Chantilly And so far as can be known all that remains with which to compare the readings of this manuscript text are those translations of The Mirror which also in manuscript are to be found in Latin Italian and Middle English This edition of The Mirror of Simple Souls is a translation from the French original with interpretive essays by Edmund Colledge O S A Judith Grant and J C Marler and a foreword by Kent Emery Jr The translators of this Modern English version rely primarily on the French yet take other medieval translations into account As a result this edition offers a reading of The Mirror which solves a number of difficulties found in the French and the introductions contributed by the translators narrate the archival history of the book for which Margaret Porete was burned alive in Paris in 1310 *The Mirror of Simple Souls* Marguerite Porete, 1993 We know very little about Marguerite Porete only that she was a beguine from Hainaut who was burned at the stake as a relapsed heretic in 1310 She might have been a solitary itinerant beguine who expounded her teachings to interested listeners **A Companion to Marguerite Porete and The Mirror of Simple Souls** Robert Stauffer, Wendy R. Terry, 2017-04-11 Even with growing popularity in the United States there existed no English language scholarly introduction to Marguerite Porete or her sole surviving work Mirror of Simple Souls until now The study of Marguerite and her work touches on so many disciplines from religious and secular histories to theological and literary readings of her book that the scholarship had often been lost in the divides between the disciplines Our contributors are chosen from both sides of the Atlantic and from an array of disciplines in order to bridge this geographical and linguistic divide The interdisciplinary nature of the interest in Marguerite and the Mirror and the implications her book has on medieval scholarship make a collection such as this companion ideal Contributors are Marleen Cr Imke De Gier D vid Falvey Sean Field Genevi ve Hasenohr with Zan Kocher Jonathan Juilfs Zan Kocher Joanne Robinson Elizabeth Scarborough Robert Stauffer Wendy R Terry and Justine Trombley **Marguerite Porete** Gerhard Wehr, 2014-03-20 A Mirror for Simple Souls Marguerite Porete, Charles Crawford, 1990 **Meister Eckhart and the Beguine Mystics** Bernard McGinn, 1997-01-09 The great German mystic Meister Eckhart remains one of the most fascinating figures in Western thought Revived interest in Eckhart s mysticism has

been matched and even surpassed by the study of the women mystics of the late 13th century. This book argues that Eckhart's thought cannot be fully understood until it is viewed against the background of the breakthroughs made by the women mystics who preceded him.

The Soul as Virgin Wife Amy Hollywood, 2000-12-05

The Soul as Virgin Wife presents the first book length study to give a detailed account of the theological and mystical teachings written by women themselves especially by those known as beguines which have been especially neglected. Hollywood explicates the difference between the erotic and imagistic mysticism arguing that Mechthild Porete and Eckhart challenge the sexual ideologies prevalent in their culture and claim a union without distinction between the soul and the divine. The beguines emphasis in the later Middle Ages on spiritual poverty has long been recognized as an important influence on subsequent German and Flemish mystical writers in particular the great German Dominican preacher and apophatic theologian Meister Eckhart. In The Soul as Virgin Wife Amy Hollywood presents the first book length study to give a detailed textual account of these debts. Through an analysis of Magdeburg's The Flowing Light of the Godhead Marguerite Porete's Mirror of Simple Souls and the Latin commentaries and vernacular sermons of Eckhart Hollywood uncovers the intricate web of influence and divergence between the beguine spiritualities and Eckhart.

The Beguine, the Angel, and the Inquisitor Sean L. Field, 2012-04-15

On 31 May 1310 at the Place de Grève in Paris the Dominican inquisitor William of Paris read out a sentence that declared Marguerite called Porete a beguine from Hainault to be a relapsed heretic released her to secular authority for punishment and ordered that all copies of a book she had written be confiscated. William next consigned Guiard of Cressonessart an apocalyptic activist in the tradition of Joachim of Fiore and a would be defender of Marguerite to perpetual imprisonment. Over several months William of Paris conducted inquisitorial processes against them complete with multiple consultations of experts in theology and canon law. Though Guiard recanted at the last moment and thus saved his life Marguerite went to her execution the day after her sentencing. The Beguine, the Angel, and the Inquisitor is an analysis of the inquisitorial trials their political as well as ecclesiastical context and their historical significance. Marguerite Porete was the first female Christian mystic burned at the stake after authoring a book and the survival of her work makes her case absolutely unique. The Mirror of Simple Souls rediscovered in the twentieth century and reconnected to Marguerite's name only a half century ago is now recognized as one of the most daring vibrant and original examples of the vernacular theology and beguine mysticism that emerged in late thirteenth century Christian Europe. Field provides a new and detailed reconstruction of hitherto neglected aspects of Marguerite's life particularly of her trial as well as the first extended consideration of her inquisitor's maneuvers and motivations. Additionally he gives the first complete English translation of all of the trial documents and relevant contemporary chronicles as well as the first English translation of Arnau of Vilanova's intriguing Letter to Those Wearing the Leather Belt directed to Guiard's supporters and urging them to submit to ecclesiastical authority.

Medieval Women Texts Contexts **The Concept of**

Woman Prudence Allen, 1997 The culmination of a lifetime's scholarly work this pioneering study by Sister Prudence Allen traces the concept of woman in relation to man in Western thought from ancient times to the present Volume I uncovers four general categories of questions asked by philosophers for two thousand years These are the categories of opposites of generation of wisdom and of virtue Sister Prudence Allen traces several recurring strands of sexual and gender identity within this period Ultimately she shows the paradoxical influence of Aristotle on the question of woman and on a philosophical understanding of sexual complementarity Supplemented throughout with helpful charts diagrams and illustrations this volume will be an important resource for scholars and students in the fields of women's studies philosophy history theology literary studies and political science In Volume 2 Sister Prudence Allen explores claims about sex and gender identity in the works of over fifty philosophers both men and women in the late medieval and early Renaissance periods Touching on the thought of every philosopher who considered sex or gender identity between A.D. 1250 and 1500 The Concept of Woman provides the analytical categories necessary for situating contemporary discussion of women in relation to men Adding to the accessibility of this fine discussion are informative illustrations helpful summary charts and extracts of original source material some not previously available in English In her third and final volume Allen covers the years 1500-2015 continuing her chronological approach to individual authors and also offering systematic arguments to defend certain philosophical positions over against others

Seeing Marguerite in the Mirror Wendy Rachele Terry, 2011 Using Marguerite Porete's d. 1310 Mirror of simple souls as the case study Terry outlines a new application of linguistic tools to the analysis of spiritual texts showing how the tools can elucidate discourse aim self presentation and concepts of God Terry's book explains the tools outlines a four step process for applying them contextualizes Marguerite's Mirror in light of potential sources Medieval images of women and documentation concerning her trial and then applies the tools to Marguerite's Mirror The image of Marguerite that emerges is in sharp contrast to that preserved by her contemporaries who used highly gendered labels Marguerite's self presentation is not highly gendered Gendered elements in Mirror are explainable in light of Marguerite's potential theological and literary sources Consequently Terry determines that modern focus on gender images for Marguerite relies less on her own voice and more on historical labels given to her missing the core of her self understanding P. 4 of cover

Resistance and Transcendence Lissi Brooke Danielson, 2008 *Female Stereotypes in Religious Traditions* Ria Kloppenborg, Wouter J. Hanegraaff, 2018-09-24 This volume contains a collection of studies describing and analyzing stereotypes of women in the religions of Ancient Israel and Mesopotamia and in Zoroastrianism Judaism Medieval Christianity Islam Indian Sufism Hinduism Buddhism Tibetan religions and modern Neopaganism In all these traditions the stereotypes are based on generalizations which are socially culturally or religiously legitimized and which seem to have a lasting influence on society's conceptions of women They represent oversimplified opinions which are however regularly challenged by the women who are affected by them In all traditions the stereotypes are ambiguous either

because women have challenged their validity or because historical developments in society have reshaped them They influence public opinion by emphasizing dominant views as a strategy to restrain women and to keep them controlled by the rules and morals of a male dominated society

The Secret Within Wolfgang Riehle, 2014-02-25 Spiritual seekers throughout history have sought illumination through solitary contemplation In the Christian tradition medieval England stands out for its remarkable array of hermits recluses and spiritual outsiders from Cuthbert Godric of Fichale and Christina of Markyate to Richard Rolle Julian of Norwich and Margery Kempe In *The Secret Within* Wolfgang Riehle offers the first comprehensive history of English medieval mysticism in decades one that will appeal to anyone fascinated by mysticism as a phenomenon of religious life In considering the origins and evolution of the English mystical tradition Riehle begins in the twelfth century with the revival of eremitical mysticism and the early growth of the Cistercian Order in the British Isles He then focuses in depth on the great mystics of the fourteenth and fifteenth centuries Richard Rolle the first great English mystic the anonymous author of *The Cloud of Unknowing* Walter Hilton Margery Kempe and Julian of Norwich Riehle carefully grounds his narrative in the broader spiritual landscape of the Middle Ages pointing out both prior influences dating back to Late Antiquity and corresponding developments in mysticism and theology on the Continent He discusses the problem of possible differences between male and female spirituality and the movement of popularizing mysticism in the late Middle Ages Filled with fresh insights *The Secret Within* will be welcomed especially by teachers and students of medieval literature as well as by those engaged in historical theological philosophical cultural even anthropological and comparative studies of mysticism

Writing Religious Women Christiania Whitehead, Denis Renevey, 2000-01-01 This collection of commissioned essays explores women's vernacular theology through a wide range of medieval prose and verse texts from saints' lives to visionary literature Employing a historicist methodology the essays are sited at the intersection of two discursive fields female spiritual practice and female textual practice The contributors are primarily interested in the relation of women to religious books as writers receivers and as objects of representation They focus on historical approaches to the question of women's spirituality and generically unrestricted examinations of issues of female literacy book ownership and reading practice The essays are grouped under four main themes the influence of anchoritic spirituality upon later lay piety Carthusian links with female spirituality the representation of femininity in Anglo Norman and Middle English religious poetry and veneration performance and delusion in the *Book of Margery Kempe*

Studia Mystica Robert Boenig, Kate Greenspan, Mary E. Giles, 1995-08

Fictive Orders and Feminine Religious Identities, 1200-1600 Alison More, 2018-03-01 Any visitor to Belgium or the Netherlands is immediately struck by the number of convents and beguinages

begijnhoven in both major cities and small towns Their number and location in urban centres suggests that the women who inhabited them once held a prominent role Despite leaving a visible mark on cities in Europe much of the story of these women known variously as beguines tertiaries klopjes recluses and anchoresses remains to be told Instead of aspiring to live as traditional religious they transcended normative assumptions about religion and gender and had a very real impact on their religious and secular worlds The sources for their tale are often fragmentary and difficult to interpret However careful scrutiny allows their voices to be heard Drawing on an array of sources including religious rules sermons hagiographic vitae and rapiaria *Fictive Orders and Feminine Religious Identities* traces the story of pious laywomen between the thirteenth and sixteenth centuries It both emphasizes the innovative roles of women who transcended established forms of institutional religious life and reveals the ways in which historiographical habits have obscured the dynamic and fluid nature of their histories By highlighting the development of irregular and extraregular communities and tracing the threads of monasticisation that wove their way around pious laywomen this book draws attention to the vibrant and dynamic culture of feminine lay piety that persisted from the later middle ages onwards
