Mariana Pineda 115:

Mariana Pineda Federico García Lorca, 1987 Mariana Pineda 1925 was Lorca's first success in the theatre Based on a popular Andalusian ballad it tells the story of Mariana Pineda who was garrotted in 1831 under the reactionary regime of Ferdinand VII for embroidering a Liberal flag and refusing to betray her lover Written during the dictatorship of Primo de Rivera the political message would not have escaped Lorca's audience But the play is primarily the work of a poet and its appeal lies in the delicate tension that results from a deft blend of lyricism and drama which culminates in an astonishing level of spirituality in the final scenes when Mariana awaits her execution in a prison convent The characteristic themes of Lorca's tragedies love frustration fate freedom death and womanhood flourish within the play's appropriate and exquisite romantic mood Spanish text with facing page translation introduction and commentary **The Tragic Myth** Edward F. Stanton, 2014-10-17 With literature music constituted the most important activity of poet and playwright Federico García Lorca's life The two arts were closely related to each other throughout his career As a child Lorca imbibed traditional Andalusian songs from the lips of the family maids whom he would remember with affection years later At a very early age he began to study piano and during his adolescence music and poetry competed for primacy among his interests His first book was dedicated to his music teacher who instilled in him a love for the world of art and creation In part I of this study Edward F. Stanton examines Lorca's theoretical and practical approach to cante jondo the traditional music of Andalusia as seen in his lectures on the subject and in the 1922 concurso In part II he searches for direct and far more important indirect echoes of this music in his work Part III explores the mythic quality of Lorca's art in relation to cante jondo Throughout Stanton illuminates a new dimension of the poet's work **Lorca in Tune with Falla** Nelson R. Orringer, 2014-02-05 Federico García Lorca 1889-1936 is widely regarded as the greatest Spanish poet of the twentieth century Manuel de Falla 1876-1946 is Spain's most performed composer of the same period The two were very different Lorca was gay liberal and a member of the avant garde while Falla was a devout Catholic yet they had a profound mutual influence The two developed an intimate friendship which ended when Lorca was shot by Nationalist forces at the beginning of the Spanish Civil War *Lorca in Tune with Falla* is the first book to trace Lorca's impact on Falla's music and Falla's influence on Lorca's writings Nelson R. Orringer explores the music underlying *Poem of Deep Song* *Gypsy Ballads* and *Lament for Ignacio Sánchez Mejías* as bringing out the analogous sounds and ideas that emerge in the active ongoing connection between the artworks of both creators The book emphasizes how this harmony increases knowledge and appreciation of both artists *Lorca's Drawings and Poems* Cecelia J. Cavanaugh, 1995 *Lorca's Drawings and Poems* focuses on the act of reading Lorca's drawn or written texts and how the reading of one genre can inform the reading of another Throughout the study poetry and drawings from every period of Lorca's career are examined Selected drawings are interpreted next poems contemporary to those drawings are analyzed in their light In chapter 1 a common poetics is extracted from Lorca's comments about his drawings and writing and placed in

the context of the literary and artistic movements of his day The evolution of the literary criticism that examines Lorca's drawings is traced and reviewed Lorca's texts are examined from varying perspectives in the chapters that follow In chapter 2 drawings and poems from 1927 to 1928 are analyzed in light of Lorca's participations in artistic and literary movements during those years Texts from each period of Lorca's work are read in chapter 3 in a study of Lorca's employment of space and his depiction of setting and subject in his drawings and poems Such a chronological approach allows the reading of Lorca's texts to reveal the evolution of his aesthetics as well as to identify the imagery and techniques that remained consistent throughout his career

Love, Desire and Identity in the Theatre of Federico García Lorca Paul McDermid, 2007 Physical desire and metaphysical love in the theatre of Federico García Lorca A dialectical tension between physical desire and metaphysical love lies at the heart of the theatre works of Federico García Lorca and the deployment of queer theory's critique of gender and identity is surprisingly effective in this discussion of love versus desire Seldom is enough attention paid to the poet's early works and so this book offers a timely review of the religious tragedy *Cristo* as well as Mariana Pineda uncovering in these early offerings an explicit proposal of the supremacy of love over desire A meditation on the fragmentary and challenging *El público* yields a vivid panorama of identity in crisis and a paradigmatic Lorcan sacrifice of self for love The ostensibly more conventional tragedies of *Amor de Don Perlimplín con Belisa en su jardín* and *Yerma* are also reassessed in terms of self sacrifice and self love The study concludes with an argument for a practical re-reading of *La casa de Bernarda Alba* which emphasises how the play might be saved from puffed realism with music humour and drag performance PAUL McDERMID lectures in Spanish at Queen's University Belfast

The Comic Spirit of Federico Garcia Lorca Virginia Higginbotham, 2014-02-19 During the years since his death Federico García Lorca Spain's best known twentieth century poet and playwright has generally been considered a writer of tragedy Three of his major plays are fatalistic stories of suffering and death and his poetry is filled with dread Yet most of Lorca's dramatic production consists of comedies and farces Throughout his poetry and prose as well as in his most somber plays runs an undercurrent of humor dark irony and satire that is in no way contradictory to his tragic view of life On the contrary as Virginia Higginbotham demonstrates through humor Lorca defines intensifies and tries to come to terms with what he sees as the essentially hopeless condition of humankind Although Lorca's comic moments and techniques have been discussed in isolated articles the importance of humor has largely been ignored in the fundamental studies of his work

Higginbotham is concerned with Lorca's total output lyric poetry tragicomedies and farces avant garde prose and plays puppet farces and master plays She describes Lorca's place in the mainstream of the Spanish theater and shows his relationship to some relevant non Spanish dramatists Furthermore she discusses ways in which Lorca's work anticipates the modern theater of the absurd The result is a comprehensive study of an important but previously ignored aspect of Lorca's work The Comic Spirit of Federico Garcia Lorca includes a Lorca chronology and an extensive bibliography
