Goodnight Hollywood John Stafford, 2022-04-25 *Good Night Hollywood* is a critical look at the events leading up to the death of Marilyn Monroe For years the notion that she killed

herself has floated round the public's eye due to this idea being falsely portrayed by her last known personal psychiatrist. This book details the absurdity of his claims and takes an in-depth look at the details of circumstances that surrounded her last days by outlining statements made by witnesses and by some of the closest people in her life. Many of these statements have been overlooked or outright ignored to the detriment of the truth. I attempt to reveal a reality much closer to the truth by examining these disregarded statements by witnesses who claim to be in the know, a review of her autopsy report and the dissecting of the institutions of power that surrounded Marilyn Monroe. All of those reasons combined played a significant role in her life and untimely demise. Unlike many other theories that attempt to solve the case by assigning blame to one individual or one group of people, this book intertwines the characters in her life to show how they are all connected. Just like a row of dominoes, once the first domino falls, it is inevitable that they will all fall. What is left in the aftermath is an early end to a beloved movie star and a public that is duped into swallowing a false story that protects the guilty while reinforcing the perils of drug dependency and the Hollywood lifestyle.

Marilyn Monroe Julian Arhire, 2016-11-23
Rare And Controversial FBI Files. Like many of the stars of her era, Marilyn Monroe's movements, relationships, and comments weren't just devoured by fans; they were followed closely by the Federal Bureau of Investigation. FBI Records kept on Monroe, many of which were filed under Foreign Counterintelligence, have intrigued many who have sought to learn more about the film star, including those who investigated her death. Monroe's star power and fears she might be recruited by the Communist Party during the tenure of longtime FBI Director J. Edgar Hoover led to reports being taken on her activities and relationships, including her marriage to playwright Arthur Miller. Monroe's file begins in 1955 and mostly focuses on her travels and associations, searching for signs of leftist views and possible ties to communism. The file continues up until the months before her death and also includes several news stories and references to the biography of the actress, which focused on questions about whether Monroe was killed by the government. These are scanned copies of the actual FBI file in entirety. You'll even see the handwritten notes.

THIS BOOK WILL ABSOLUTELY BLOW YOUR MIND. A DEFINITE MUST READ. THE FBI NEVER WANTED THE PUBLIC TO SEE THIS FILE. GET YOUR COPY NOW.
