Marine Combat Correspondent World War 2 In The Pacific:

Marine Combat Correspondent Samuel E. Stavisky,1999 This riveting firsthand chronicle of a Marine journalist on the front lines in the Pacific during World War II was made possible after Stavisky joined a unique unit of rifle toting writers called the Combat Correspondent Corps He gives a heart pounding eye witness account of hellish battles and American heroism Dispatches from the Pacific Ray E. Boomhower,2017-08-08 In the fall of 1943 armed with only his notebooks and pencils Time and Life correspondent Robert L Sherrod leapt from the safety of a landing craft and waded through neck deep water and a hail of bullets to reach the shores of the Tarawa Atoll with the US Marine Corps Living shoulder to shoulder with the marines Sherrod chronicled combat and the marines day to day struggles as they leapfrogged across the Central Pacific battling the Japanese on Tarawa Saipan Iwo Jima and Okinawa While the marines courageously and doggedly confronted an enemy that at times seemed invincible those left behind on the American home front desperately scanned Sherrod s columns for news of their loved ones Following his death in 1994 the Washington Post heralded Sherrod s reporting as some of the most vivid accounts of men at war ever produced by an American journalist Now for the first time author Ray E Boomhower tells the story of the journalist in Dispatches from the Pacific The World War II Reporting of Robert L Sherrod an intimate account of the war efforts on the Pacific front *The War Beat, Pacific* Steven Casey,2021-04-05 The definitive history of American war reporting in the Pacific theater of World War II from the attack on Pearl Harbor to the atomic bombings of Hiroshima and Nagasaki After almost two years slogging with infantrymen through North Africa Italy and France Ernie Pyle immediately realized he was ill prepared for covering the Pacific War As Pyle and other war correspondents discovered the climate the logistics and the sheer scope of the Pacific theater had no parallel in the war America was fighting in Europe From Pearl Harbor to Hiroshima and Nagasaki *The War Beat Pacific* provides the first comprehensive account of how a group of highly courageous correspondents covered America s war against Japan what they witnessed what they were allowed to publish and how their reports shaped the home front s perception of some of the most pivotal battles in American military history In a dramatic and fast paced narrative based on a wealth of previously untapped primary sources Casey takes us from MacArthur s doomed defense on the Philippines and the navy s overly strict censorship policy at the time of Midway through the bloody battles on Guadalcanal New Guinea Tarawa Saipan Leyte and Luzon Iwo Jima and Okinawa detailing the cooperation as well as conflict between the media and the military as they grappled with the enduring problem of limiting a free press during a period of extreme crisis *The War Beat Pacific* shows how foreign correspondents ran up against practical challenges and risked their lives to get stories in a theater that was far more challenging than the war against Nazi Germany while the US government blocked news of the war against Japan and tried to focus the home front on Hitler and his atrocities

Reporting World War II G. Kurt Piehler,Ingo Trauschweizer,2023-04-25 This set of essays offers new insights into the journalistic process and the pressures American front line reporters experienced covering World War II Transmitting stories

through cable or couriers remained expensive and often required the cooperation of foreign governments and the American armed forces. Initially, reporters from a neutral America documented the early victories by Nazi Germany and the Soviet invasion of Finland. Not all journalists strove for objectivity. During her time reporting from Ireland, Helen Kirkpatrick remained a fierce critic of that country's neutrality. Once the United States joined the fight after the Japanese attack on Pearl Harbor, American journalists supported the struggle against the Axis powers, but this volume will show that reporters even when members of the army-sponsored newspaper Stars and Stripes were not mere ciphers of the official line. African American reporters Roi Ottley and Ollie Stewart worked to bolster the morale of Black GIs and undermined the institutional racism endemic to the American war effort. Women front-line reporters are given their due in this volume, examining the struggles to overcome gender bias by describing triumphs of Thérèse Mabel Bonney, Iris Carpenter, Lee Carson, and Anne Stringer. The line between public relations and journalism could be a fine one, as reflected by the U.S. Marine Corps creating its own network of Marine correspondents who reported on the Pacific island campaigns and had their work published by American media outlets. Despite the pressures of censorship, the best American reporters strove for accuracy in reporting the facts, even when dependent on official communiqués issued by the military. Many wartime reporters, even when covering major turning points, sought to embrace a reporting style that recorded the experiences of average soldiers. Often associated with Ernie Pyle and Bill Mauldin, the embrace of the human interest story served as one of the enduring legacies of the conflict. Despite the importance of American war reporting in shaping perceptions of the war on the home front as well as shaping the historical narrative of the conflict, this work underscores how there is more to learn. Readers will gain from this work a new appreciation of the contribution of American journalists in writing the first version of history of the global struggle against Nazi Germany, imperial Japan, and fascist Italy.

The First Lady of World War II Shannon McKenna Schmidt, 2023-05-02

The first book to tell the full story of Eleanor Roosevelt's unprecedented and courageous trip to the Pacific Theater during World War II. On August 27, 1943, news broke in the United States that First Lady Eleanor Roosevelt was on the other side of the world. A closely guarded secret, she had left San Francisco aboard a military transport plane headed for the South Pacific to support and report the troops on WW2's front lines. Americans had believed she was secluded at home. As Allied forces battled the Japanese for control of the region, Eleanor was there on the frontlines, spending five weeks traveling on a mission as First Lady of the United States to experience what our servicemen were experiencing and report back home. The most remarkable journey any president's wife has ever made. Washington Times Herald, September 28, 1943. Mrs. Roosevelt's sudden appearance in New Zealand well deserves the attention it is receiving. This is the farthest and most unexpected junket of a First Lady whose love of getting about is legendary. Detroit Free Press, August 28, 1943. By a happy chance for Australia, this famous lady's taste for getting about, her habit of seeing for herself what is going on in the world, and most of all, her deep concern for the welfare of the fighting men of her beloved country, have brought her on the longest journey of them all across

the wide war clouded Pacific Sydney Morning Herald September 4 1943 No other U S mother had seen so much of the panorama of the war had been closer to the sweat and boredom the suffering Time October 4 1943

Underdogs Aaron B. O'Connell,2012-10-29 Exploring the growth of the Marines from disadvantaged to elite force this history offers an excellent analysis of how the marines became the Marines Publishers Weekly The Marine Corps has always considered itself a breed apart This undying faith in its own exceptionalism is what has made the Marines one of the sharpest swiftest tools of American military power Aaron O Connell focuses on the period from World War II to Vietnam when the Marine Corps transformed itself from America's least respected to its most elite armed force Venerating sacrifice and suffering privileging the collective over the individual Corps culture was saturated with romantic and religious overtones that had enormous marketing potential in a postwar America energized by new global responsibilities Capitalizing on this the Marines curried the favor of the nation's best reporters befriended publishers courted Hollywood and Congress and built a public relations infrastructure that would eventually brand it as the most prestigious military service in America But as O Connell suggests the Corps triumphs did not come without costs including a culture of violence that sometimes spread beyond the battlefield A significant and original contribution to both the military history of the Cold War and the ongoing conversation about the militarization of American culture Beth Bailey author of America's Army Making the All Volunteer Force Takes readers inside the culture of the Corps Nathaniel Fick author of One Bullet Away The Making of a Marine Officer Insightful Library Journal A powerful account of the relationship between fighting war and preserving peace viewed through the lens of the stories that built support for both Kirkus Reviews Absorbing The Wall Street Journal

Pogiebait's War Jack H. McCall, 2023-02-03 Jack H McCall Sr was a born storyteller an inveterate practical joker and a proud Tennessean whose flaws included a considerable taste for candy or pogiebait in Marine parlance Like so many other able bodied young people in on the eve of World War II he decided to enlist in the wake of the Japanese attack on Pearl Harbor Much more than a family memoir or nostalgic wartime reminiscence this painstakingly researched biography presents a rich engaging study of the U S Marine Corps particularly McCall s understudied unit the Ninth Defense Battalion

the Fighting Ninth The author provides a window into the day to day service of a Marine during World War II with important coverage of fighting in the Pacific Theater McCall also depicts life in wartime Franklin Tennessee and offers a poignant and personal tribute to his father McCall dramatizes some of the classic themes of the war memoir genre war is hell but memories fade but he sets riveting descriptions of decisive action against rarely seen views of mundane work and daily life supported with maps photographs and fresh interpretations Another distinction of this work is its attention to the action on Guam a very unpleasant late war mopping up that has received relatively little scholarly attention In his portrait of the bitter island hopping war in the Pacific the author shows how both U S and Japanese soldiers were often eager innocents drawn to the cauldron of conflict and indoctrinated and trained by their respective governments Reflecting on the action late in life Jack as well as several other Ninth veterans came to a begrudging respect for the enemy History of U.S. Marine Corps Operations in World War II.: Western Pacific operations United States.
