## **Maritimes Canada Before Confederation:**

Historical Essays on the Atlantic Provinces G.A. Rawlyk, 1967-01-01      The Maritimes and Canada Before Confederation William Menzies Whitelaw, 1934      **Canada: The State of the Federation 1991** Douglas M. Brown, 1991      *Reappraisals of British Colonisation in Atlantic Canada, 1700-1930* Kehoe Karly Kehoe, 2020-05-01 This collection offers new perspectives on the legacy of British colonisation by concentrating on Atlantic Canada Nova Scotia New Brunswick Newfoundland and Prince Edward Island a region that was pivotal to safeguarding Britain's imperial ambitions between 1750 and 1930 New and established researchers from Canada Scotland and the United States engage with the core themes of migration dispossession religion identity and commemoration in a way that diverges markedly from existing scholarship The research shines much needed light on groups traditionally excluded from Britain's broader imperial narrative highlighting the indigenous experience and the presence and agency of slaves free people of colour and religious minorities      French Missionaries in Acadia/Nova Scotia, 1654-1755 Matteo Binasco, 2022-10-11 This book investigates and assesses how and to what extent the French Catholic missionaries carried out their evangelical activity amid the natives of Acadia Nova Scotia from the mid seventeenth century until 1755 the year of the Great Deportation of the Acadians It provides a new understanding of the role played by the French missionaries in the most peripheral and less populated area of Canada during the colonial period The decision to focus on this period is dictated by the need to investigate how and to which extent the French missionaries sought to carry out their activity within a contested territory which was exposed to the pressures coming out of both French and British imperial interests      *Pulling Against Gravity* Donald J. Savoie, Institute for Research on Public Policy, 2001 An objective look at the New Brunswick of 1987 when Frank McKenna became premier and the New Brunswick of 1997 Compares its economic performance with that of Nova Scotia Newfoundland and Labrador and Manitoba to determine whether McKenna's reforms had a positive impact on the province's economy      **Maritime Capital** Eric W. Sager, Gerald E. Panting, 1996 In this final volume of the Atlantic Canada Shipping Project Sager and Panting argue that the decline of the shipping industry was not as has commonly been assumed the inevitable result of the conversion from wood and sail to iron and steam They show that the merchant class in failing to maintain a merchant marine built and owned in their region contributed in no small way to the Maritimes present state of underdevelopment Annotation copyrighted by Book News Inc Portland OR      **The Canadian Historical Review**, 1927      **Inventing Atlantic Canada** Corey Slumkoski, 2011-03-26 When Newfoundland entered the Canadian Confederation in 1949 it was hoped it would promote greater unity between the Maritime provinces as Term 29 of the Newfoundland Act explicitly linked the region's economic and political fortunes On the surface the union seemed like an unprecedented opportunity to resurrect the regional spirit of the Maritime Rights movement of the 1920s which advocated a cooperative approach to addressing regional underdevelopment However Newfoundland's arrival did little at first to bring about a comprehensive Atlantic Canadian regionalism Inventing Atlantic

Canada is the first book to analyse the reaction of the Maritime provinces to Newfoundland's entry into Confederation. Drawing on editorials, government documents and political papers, Corey Slumkoski examines how each Maritime province used the addition of a new provincial cousin to fight underdevelopment. Slumkoski also details the rise of regional cooperation characterized by the Atlantic Revolution of the mid 1950s when Maritime leaders began to realize that by acting in isolation their situations would only worsen. Contribution of Presbyterianism to the Maritime Provinces of Canada Charles H.H. Scobie, George A. Rawlyk, 1997-04-11 Presbyterianism was not only the largest and most influential Protestant denomination in the Maritimes during much of the nineteenth and early twentieth centuries but also one of the largest and most influential Protestant denominations in Canada. While t Atlantic Canada Before Confederation Phillip Alfred Buckner, David Frank, 1990 Essays in the History of Canadian Law Christopher English, 2005-12-15 The study of Canadian legal history has seen a remarkable growth in the past decade, nowhere more so than in Atlantic Canada. Given its early settlement and some of the liberties taken with legal procedure there, as well as some creative interpretations of English law, the region is ripe for close study in the legal history field. This new collection examines that history on two islands: Newfoundland and Prince Edward Island. The essays examine legal themes, developments and disputes and offer a framework for comparing ways of administering justice through the courts in the eighteenth and nineteenth centuries. The cases examined are particularly interesting for the light they throw on legal process and especially on the motives of the parties. Unlike in contemporary England and Upper Canada, the English precedents gave way to local needs as equitable regimes emerged that put family and community interests first and treated all members of the family in ways tailored to their personal needs and circumstances. This volume, which includes a number of essays examining women's legal status and access to the courts, is a comprehensive and fascinating examination of legal history in two Canadian provinces. **Essential Readings in Canadian Constitutional Politics** Peter H. Russell, Christian Leuprecht, 2011-01-01 Essential Readings in Canadian Constitutional Politics introduces students, scholars and practitioners to classic authors and writings on the principles of the Canadian Constitution as well as to select contemporary material. To complement rather than duplicate the state of the field, it deals with the Canadian Charter of Rights and Freedoms and with Canadian mega constitutional politics in passing, only focusing instead on institutions, federalism, intergovernmental relations, bilingualism and binationalism, the judiciary, minority rights and constitutional renewal. Many of the selections reverberate well beyond Canada's borders, making this volume an unrivalled resource for anyone interested in constitutional governance and democratic politics in diverse societies. **Visiting Grandchildren** Donald J. Savoie, 2006-01-01 Visiting Grandchildren looks to history, accidents of geography and to the workings of national political and administrative institutions to explain the relative underdevelopment of the Maritime provinces. **Canada** Donald J. Savoie, 2023-05-15 Canada's political structure runs contrary to North America's economic geography and the north-south economic pull. Canada imported political and administrative institutions

designed for a unitary state and its political leaders have struggled to make them work since the country was founded. Because of this many Canadians their communities and their regions view themselves as victims to a greater degree than groups in other Western democracies do. Our federal government has shown a greater willingness to apologize for historical wrongs than other Western countries. Canada also outperforms other nations in helping victims make the transition to full participants in the country's political and economic life. Donald Savoie maintains that Canada continues to thrive despite the many shortcomings in its national political institutions and the tendency of Canadians to see themselves as victims and that our history and these shortcomings have taught us the art of compromise. Canada's constitution and its political institutions amplify rather than attenuate victimization; however they have also enabled Canadians to manage the issue better than other countries. Canadians also recognize that the alternative to Canada is worse and this more than anything else continues to strengthen national unity. Drawing on his extensive experience in academe and as an advisor to governments, Savoie provides new insights into how Canada works for Canadians.

**Anne of Tim Hortons** Herb Wyile, 2011-04-25 *Anne of Tim Hortons: Globalization and the Reshaping of Atlantic Canadian Literature* is a study of the work of over twenty contemporary Atlantic Canadian writers that counters the widespread impression of Atlantic Canada as a quaint and backward place. By examining their treatment of work culture and history, author Herb Wyile highlights how these writers resist the image of Atlantic Canadians as improvident and regressive if charming folk. After an introduction that examines the current place of the region within the Canadian federation and the broader context of economic globalization, Anne of Tim Hortons explores how Atlantic Canadian writers present a picture of the region that is much more complex and less quaint than the stereotypes through which it is typically viewed. Through the works of authors such as Michael Winter, Lisa Moore, George Elliott Clarke, Rita Joe, Frank Barry, Alistair MacLeod, and Bernice Morgan, among others, the book looks at the changing and increasingly corporate nature of work, the cultural diversification and subversive self-consciousness of Atlantic Canadian literature, and Atlantic Canadian writers' often revisionist approach to the region's history. What these writers are engaged in, the book contends, is a kind of collective readjustment of the image of the region. Rather than a marginal place stranded outside of time, Atlantic Canada in these works is very much caught up in contemporary economic, political, and cultural developments, particularly the broad sweep of economic globalization.

**Canada** James M. Roth, 2024-09-26 The history of Canada can seem like a subject as large and expansive as the country itself, and for those of us who haven't attended a history class in a while, it may just feel too big to tackle. Academic histories full of footnotes and jargon aren't for everyone, but everyone deserves to know the history of the country they call home. Direct but never dry, historian James M. Roth starts at the country's geographical beginnings at the end of the last Ice Age and weaves Canada's tale from there. From contrasting early New World civilization against established Old World tradition, contextualizing Indigenous history within the rest of Canadian history, explaining today's complex relationships between English and French Canadians, with a play-by-play analysis of events giving meaning

to countless social and political movements by looking at the bigger picture and covering everything else in between in commuter length chapters

Twentieth-century Newfoundland James Hiller, Peter Neary, 1994 Twentieth Century Newfoundland Explorations brings together ten papers by eight well known historians of Newfoundland and Labrador The papers address a wide variety of subject matter and open many avenues for further research The book concludes with an extensive bibliography on the Newfoundland and Labrador in the Twentieth century This bibliography is organized by topic and will serve the needs of the general reader and specialists alike

Twentieth Century Newfoundland Explorations highlight the scope and complexity of present day writing about the history of Newfoundland and Labrador

James Hiller Professor of History at Memorial University and author of a number of articles on Newfoundland in the Nineteenth and Twentieth Centuries

Peter Neary Professor of History at the University of Western Ontario and the author of Newfoundland in the North Atlantic World 1929 1949 1998

**The Canadian Federalist Experiment** Frederick Vaughan, 2003 In The Canadian Federalist Experiment Frederick Vaughan details how the fathers of Confederation defiantly determined to perpetuate monarchical government despite Enlightenment philosophy that insisted that republicanism was the only legitimate form of government embraced the Hobbesean principles of the English constitution and embedded them in the new Canadian constitution in 1867 leading to concentration of power in the office of the prime minister He then argues that Trudeau s 1982 Charter quietly undermined the monarchic character of the constitution by introducing republican principles of government The result has been old institutional structures at odds with the republican ambitions leaving Canada clinging to the wreckage of the old aristocratic order while attempting to provide a new order founded on republican equality Vaughan shows how at the time of Confederation Edward Freeman a Cambridge historian who convinced John A Macdonald to experiment with what no one had ever heard of before a monarchic federation and Jean Louis DeLolme a popular French authority on the English constitution helped forge a new federal constitution with a strong central government and a chief executive armed with the powers necessary to govern Vaughan examines how these principles were undermined by the judicial activism of the Judicial Committee of the Privy Council which paved the way for the significant expansion of judicial power under the Charter since 1982
