A Toast to Murder Elizabeth Spann Craig, 2024-04-09. Uncorking secrets one grape at a time. Myrtle Clover had quite a fondness for getting things for free. So she was delighted when a former student and current winery owner invited her and a friend to a free tasting. When Myrtle and Miles visited the charming Serenity Springs Winery for a relaxing afternoon of tastings she anticipated nothing more than sipping fine vintages and enjoying the picturesque vineyards. But as any seasoned sleuth knows murder occurs in the most unexpected places. She and Miles were savoring the various offerings and relaxing in front of the winery's large fireplace when they realized the guest dozing in the armchair nearest them was not just napping he was out for good. Can Myrtle and Miles find the killer before more trouble ferments?

Matchmaking and the Marriage Market in Postrevolutionary France Andrea Mansker, 2024-12-15. Matchmaking and the Marriage Market in Postrevolutionary France uncovers the unexplored history of matrimonial agents their novel marketing tactics and the rise of personal advertisements to track the commercialization of marriage in nineteenth century France. Brokers transformed courtship and marriage into forms of commercial exchange linking them to the burgeoning urban values of abundance pleasure and social mobility. By studying agents and readers media fictions on love alongside court cases legislation and literature surrounding the industry Andrea Mansker reveals the intimate and socioeconomic pressures of finding a spouse. At the same time she demonstrates how contemporaries used the business of matrimony to reimagine their public identities relationships and courtship rituals following unprecedented historical change due to the French Revolution and Napoleonic wars. The matchmaking business both responded to and helped shape national anxieties over fluctuating nuptial rates and changing laws on marriage and divorce. As a result marriage itself was reconceived as a commercial contract inseparable from the atomistic and corrupt marketplace. The debates and pressures Mansker describes in Matchmaking and the Marriage Market in Postrevolutionary France are still relevant today. As contemporary online daters likely understand the possibility of finding a mate in an expanded pool of candidates beyond one's family locality and nation offered individuals the liberating opportunity to explore new personas just as it produced a novel sense of danger about these impersonal transactions in the anonymous marketplace.

The Single Aviation Market of Australia and New Zealand Jeffrey Goh, 2001. Since the International Civil Aviation Convention was concluded in 1944 a great deal has changed in the world of international aviation. Deregulation was introduced in the United States in 1978 the historic Single European Aviation Market

was created in 1993 and now the Single Aviation Market of Australia and New Zealand has also been created Liberalisation and competition has brought unprecedented choice to air transport users There are no signs that this trend will go into reverse Many of these efforts have taken place in the context of regional aviation markets from Europe to South America to Africa and across to Asia Together they offer a different perspective to the search for a new juridical order in the regulation of international aviation This book seeks to add to this search It examines developments in Australasia and argues that Australia New Zealand and the Single Aviation Market they have established have much to offer the continuing campaign to re write the constitution and conventions of international aviation *Victims In The News* Steven Chermak,1995-05
