

Poem About Memory Loss

By Maya Anthony

In the halls of my mind, echoes fade,
Once vivid memories, now in shade,
Slipping away, like night into day,
Gone are the words I once had to say.

Glimpses of laughter, whispers of tears,
Vanishing slowly, with passing years,
In this quiet, my past appears,
Fading away, my deepest fears.

Memories once bright, now unseen,
Lost in the mist, what might have been,
Forgotten tales, a life's broken screen,
In the silence, where memories lean.

Moving In Memory Poems:

Moving in Memory Julia Randall, 1987-03-01 *Moving in Memory* Julia Randall's sixth volume of poems explores our relationship to nature to art and to our past selves In these poems Randall's familiar terrain the woods streams and fields of Maryland becomes our own She takes us through the fields of Queen Anne's Lace and clover through woods filled with rock maple and sassafras to places she discovered as a child I am Piedmont born and bred between far hills and sea great hardwoods overhead and waters gently falling down the Bay But these poems also express Randall's uneasiness with trying to exist in a world increasingly divorced from nature They spring from a sensibility that pits memory and its recovery in art against the encroachments of commerce and technology What shall restore cedar and sycamore sweet springs the secrets of the forest floor where now backhoes and scaffoldings and gray computers set us free to manufacture loves and lifeless things along the steely groves where no bird sings Unmistakably a lyric poet Randall varies traditional forms in a way that is both reminiscent and original Her musicality often surprises us into the recognition that poems can still sound like poems In writing about place memory aging and loss Julia Randall displays a wide ranging intelligence a keen eye and a necessary anger as well as joy humor and acceptance Poems of the War. L'envoi. The cathedral. Three memorial poems. Heartsease and rue. Sentiment. Fancy. Humor and satire. Epigrams James Russell Lowell, 1890 *Japanese Death Poems*, 1998-04-15 A wonderful introduction the Japanese tradition of jisei this volume is crammed with exquisite spontaneous verse and pithy often hilarious descriptions of the eccentric and committed monastics who wrote the poems Tricycle The Buddhist Review Although the consciousness of death is in most cultures very much a part of life this is perhaps nowhere more true than in Japan where the approach of death has given rise to a centuries old tradition of writing jisei or the death poem Such a poem is often written in the very last moments of the poet's life Hundreds of Japanese death poems many with a commentary describing the circumstances of the poet's death have been translated into English here the vast majority of them for the first time Yoel Hoffmann explores the attitudes and customs surrounding death in historical and present day Japan and gives examples of how these have been reflected in the nation's literature in general The development of writing jisei is then examined from the longing poems of the early nobility and the more masculine verses of the samurai to the satirical death poems of later centuries Zen Buddhist ideas about death are also described as a preface to the collection of Chinese death poems by Zen monks that are also included Finally the last section contains three hundred twenty haiku some of which have never been assembled before in English translation and romanized in Japanese **How a Poem Moves** Adam Sol, 2019-03-12 A collection of playfully elucidating essays to help reluctant poetry readers become well versed in verse Developed from Adam Sol's popular blog *How a Poem Moves* is a collection of 35 short essays that walks readers through an array of contemporary poems Sol is a dynamic teacher and in these essays he has captured the humor and engaging intelligence for which he is known in the classroom With a breezy style Sol delivers essays that are perfect for a quick read or

Epic Events Sasha-Mae Eccleston, 2024-11-05 An analysis of ancient Greek and Roman works alongside contemporary literature exploring how these classics shape our understanding of the politics of time in America Ancient Greek and Roman cultures have been privileged as authoritatively timeless throughout American history American leaders capitalize on this privilege when during periods of crisis they allude to these cultures to offer relief to reestablish trust in the status quo and to promote national unity Analyzing texts that also draw on ancient Greek and Roman material to respond to these crises Sasha Mae Eccleston explains how contemporary authors and artists have questioned calls for unity that homogenize disparate experiences and ignore systemic inequality Their engagements with the temporalities of the ancient material reveal how time structures membership in the national community Reading for example Seneca's drama *Medea* Homer's epics and the verses of Sappho alongside Jesmyn Ward's novel *Salvage the Bones* or the poetry of Ocean Vuong and Juliana Spahr Eccleston examines the temporal politics of major events and everyday life in the United States *Epic Events* shows how ancient works that seem to insulate audiences from disaster can actually alert them to the frightening hierarchization of American life Eccleston skillfully weaves together analyses of ancient material and contemporary texts that range from memorials visual art and literature to speeches and public health declarations to bring questions of race class and gender into dialogue with time in thoughtful nuanced and original ways
