At the Borders of the Wondrous and Magical Claude Lecouteux, 2025-01-07 Examines the esoteric side of texts and tales from the Middle Ages, including the enduring presence of haunted areas and power places and the roles of witches, house spirits, rune priests, shapeshifters, and the undead. Discusses the dividing line between magic and devilry, as well as the significance of grimoires, bells, blacksmiths, storm callers, and more. Serves as a guide to a still-present magical and imaginal realm, pointing readers to the borderlands and liminal thresholds that enable access to the other world. In this new collection of his writings, scholar and Sorbonne professor Claude Lecouteux reveals that the magical world of the distant past is real and still very present if you know where to look. Explaining how he makes the texts he studies reveal their hidden teachings, Lecouteux directly explores the esoteric side of medieval myths and tales, peeling back the Christian veneer to show the enduring presence of haunted areas and power places, witches, house spirits, rune carvers, vampires, shapeshifters, and the undead. In tales originating from Greenland and Iceland to Saxony, Romania, and beyond, the author discusses the dividing line between magic and diablerie, as well as the significance of grimoires, bells, blacksmiths, and other magical objects and characters. He explores magic in the elements of nature and, as illustrated by the art of witches and magicians, specializing in weather magic, storm callers, and storm dispellers. He examines the medieval mythology surrounding clouds and the mythic significance of mountains in the haunted world of our ancestors, which is still as close to us today as it was to them in the past. Looking at borderlands and liminal thresholds that can serve as gateways to other worlds, the author also discusses land spirits and the rituals needed to engage with them, recognizing how their ownership of the land can never fully be usurped. Through these writings, Lecouteux acts as a ferryman, transporting readers into the realms of the wondrous and magical. He enables us to see how the haunted magic of the Middle Ages never ended and how the imaginal realm, standing just beyond the borders of our own, is as vividly real as the material world.

ever faced **Our Old Monsters** Brenda S. Gardenour Walter,2015-07-22 The witch the vampire and the werewolf endure in modern horror These old monsters have their origins in Aristotle as studied in the universities of medieval Europe where Christian scholars reconciled works of natural philosophy and medicine with theological precepts They codified divine perfection as warm light male and associated with the ethereal world beyond the moon while evil imperfection was cold dark female and bound to the corrupt world below the moon All who did not conform to divine goodness including un holy women and Jews were considered evil and ascribed a melancholic blood hungry and demonic physiology This construct was the basis for anti woman and anti Jewish discourse that has persisted through modern Western culture Nowhere is this more evident than in horror films where the witch the vampire and the werewolf represent our fear of the inverted other Sienna Frank Perez,2018-02-26 Sienna Dark Gorgeous and Immortal Since the events in Lafayette two hundred years ago witchcraft has been quiet in Sienna s world Her charge to maintain the balance between light and dark easily accomplished as she helps Niko Now the ancestors have spoken up guiding both Niko and herself to what they have affectionately termed the ass end of the world where a small group of magic novices unwittingly open an antique locket and an ancient evil is once more loosed upon the world devouring the rest of the immortals taking Niko hostage and letting loose an ancient powerful being known simply as the Dragon But everything is not as it seems when Sienna suddenly finds herself the target for every Duke and the very King of Hell himself For the first time in ten thousand years Sienna finds herself taking on the worst evil ever encountered without her partner Niko by her side Failure will mean the end of everything she knows including both Heaven and Hell
