Quance,2017-07-05 In 1926 as a young man of 28 with a growing reputation as an oral poet Federico Garcia Lorca 1898 1936 toyed with the idea of proving his worth in writing by bringing out a boxed set of three volumes of his verse Because the Suites Canciones and the Poema del cante jondo eventually came out singly in the case of the Suites posthumously readers have not always realised that they formed a single body of work one which Lorca himself was surprised to note has una rarísima unidad an odd unity of aims and accomplishment This is poetry which takes up the question of desire in progressively depersonalizing ways and shows modernism coming into being Through renunciation by cutting away the personal and the taboo Lorca created a poetry that like no other in Europe stood between the avant garde and oral traditions making their contradictions his truth Roberta Ann Quance is Senior Lecturer in Spanish at Queen s University Belfast

*Stories of Life and Death* Juan Ramón Jiménez,2000-07-24 Over one hundred vignettes in *Stories of Life and Death* create haunting images of the author s favorite subjects women in love children coping with tragedy eccentrics the emotions of compassion bitterness envy and longing Meet Mercedita Saro the shy perfectly groomed beggar child of the local drunk whom Jimenez loves protects and treats with sweets forbidden by her father And Max the blue child a West Indian boy traveling on the same ship as Jimenez to live with relatives in South America who covered his black face with white powder to look whiter to my brothers See a woman in love white tender bray submissive delicate and the tiny ray of sun awakening a baby which has opened in his eyes a magic and flowery garden that holds him bewitched Feel sadness at the death of a village girl empathy for the mother of a sailor lost at sea and compassion for an angry man who gets drunk for the first time The author creates an impressionistic landscape with subtle nuances of light and shadow leaving tantalizing ambiguities to be resolved only in the eye of the beholder As might be assumed from the title bestowed on this work Jimenez s prose and poetical observations of the world around him previously encountered in *Platero and I* take on a somewhat darker more transcendent hue in this further collection Gone is the unifying theme of itinerant man and donkey and the physical boundaries of time and space Here Jimenez allows his poetic vision to sweep far and wide distilling and concentrating his art into thumbnail sketches of such disparate characters among many are a beggar girl a grape harvester an elderly canary and even the moon itself Prefaced by a scholarly introduction from the translator this is a fine and sensitive translation which captures gloriously the sheer lyrical beauty of Jimenez s writing British Bulletin of Publications **Book of Poems**
