Reading Lives Working Class Children And Literacy Learning:

Reading Lives Deborah Hicks, 2002 While not shying away from the potent obstacles and dislocating challenges experienced by all children restricted by social class this text lends a measure of hope humor and practical insight to the work of teaching literacy to white children with blue collar families Alongside her own story of growing up in the rural Southeast of the United States and the stories other writers including Mike Rose Annie Ernaux and Janet Frame have told about their early reading experiences Hicks sets her long term study of two working class children She shows how the class specific language practices of Laurie and Jake put them at a tremendous disadvantage as they encounter middle class ways of talking acting and valuing By exploring their successes and challenges the book reveals how children s lived experience influences who they come to be and how they come to know in relation to reading practices The result is a powerful book that will guide readers to move closer to the intersection of feeling and knowing in their critical role as teachers

Writer Identity and the Teaching and Learning of Writing

Teresa Cremin,Terry Locke,2016-12-01 Writer Identity and the Teaching and Learning of Writing is a groundbreaking book which addresses what it really means to identify as a writer in educational contexts and the implications for writing pedagogy It conceptualises writers identities and draws upon empirical studies to explore their construction enactment and performance Focusing largely on teachers identities and practices as writers and the writer identities of primary and secondary students it also encompasses the perspectives of professional writers and highlights promising new directions for research With four interlinked sections this book offers Nuanced understandings of how writer identities are shaped and formed Insights into how classroom practice changes when teachers position themselves as writers alongside their students New understandings of what this positioning means for students identities as writers and writing pedagogy and Illuminating case studies mapping young people s writing trajectories With an international team of contributors the book offers a global perspective on this vital topic and makes a new and strongly theorised contribution to the field Viewing writer identity as fluid and multifaceted this book is important reading for practising teachers student teachers educational researchers and practitioners currently undertaking postgraduate studies Contributors include Teresa Cremin Terry Locke Sally Baker Josephine Brady Diane Collier Nikolaj Elf Ian Eyres Theresa Lillis Marilyn McKinney Denise Morgan Debra Myhill Mary Ryan Kristin Stang Chris Street Anne Whitney and Rebecca Woodard

Listening Katherine Schultz,2003-09-13

How can new and experienced teachers rethink the ways of teaching and learn to embrace and learn from the diversity they encounter among their students Rather than preparing teachers to follow prescriptions or blueprints Katherine Schultz suggests that we show them how to attend to and respond to the students they teach In this book she offers a conceptual framework for deep listening illustrating how successful teachers listen for the particularities of individual students listen for the rhythm and balance of the whole class listen for the broader contexts of students lives and listen for silence and acts of silence Listening in this manner brings together knowledge of individual students an understanding of a student s place within the classroom and mastery of subject matter and pedagogy This volume features compelling case studies that reveal the

classroom lives of teachers who are exemplary listeners **Children's Language** Judith Wells Lindfors, 2019-09-06 The more teachers understand about how children learn to talk the more they can help children become avid joyful readers and writers Drawing on a large body of research and her own volunteer work at a family shelter Lindfors concisely identifies several important commonalities across oral and written language Taking the compelling perspective that it is all language she traces children's emergent literacy from infancy through the early school years The book incorporates abundant examples from a diverse range of children engaged in authentic literacy experiences Lindfors describes a set of principles that teachers can build on as they help young students learn to read and write using the oral language processes they already know A valuable resource for teacher educators Gail Perry New Books Editor Young Children Children's Language offers a return to sanity in children's early literacy development an appeal for joy in a literate community with logic and evidence to support it Peter Johnston the University at Albany SUNY Once again with her unique insights Judith Lindfors describes and updates children's oral and written language development to inform those of us who work with young children Yetta M Goodman Regents Professor Emerita University of Arizona College of Education Children's Language gives us a front row seat at a spectacular show This book should appeal to anyone who has ever been intrigued by young children's language learning Carole Edelsky Arizona State University **Adolescents and Online Fan Fiction** Rebecca W. Black, 2008 This book presents an ethnographic and discourse analytic study of a highly popular online fan fiction writing space Its analyses highlight the range of sophisticated literacy practices that English language learning youth engage in through their fan related activities Discussion also centers on how opportunities for language socialization literacy and identity development converge and diverge between academic settings and informal learning contexts such as fan fiction sites *The Burden of Academic Success* Allison L. Hurst, 2010-03-01 The Burden of Academic Success Loyalists Renegades and Double Agents explores class identity reconstructions among working class students attending a public university Rather than focus on working class failure this book takes a critical look at the psychological and social costs of academic success Based on several hours of interviews with a diverse group of working class students this book describes how successful students respond to react to and manage their academic success The book does for class what other theorists have done for race examining the dynamic interplay of class identity and educational success social mobility The distinguishing features of the book are rich narrative detail compelling stories of student success and struggle intersectional analysis exploring the ways class race and gender inform each other in students' understandings and narratives with an interwoven theory throughout and a new typology for understanding working class student responses to the burden of academic success The Burden of Academic Success is ideal for courses on sociology education and American studies as well as for use by college educators and administrators Bridging the Literacy Achievement Gap, Grades 4-12 Dorothy S. Strickland, Donna E. Alvermann, 2004-05-26 This book addresses critical issues related to pre adolescent and adolescent literacy learners with a

focus on closing the achievement gap Despite efforts by educators and policymakers during the past several decades certain groups of students primarily African American students English language learners and students from low income homes continue to underperform on commonly used measures of academic achievement Too often teachers and administrators lack both proper preparation and good ideas to confront these issues *Paths to Teaching the Holocaust* Tibbi

Dubois,2008-01-01 *Paths to Teaching the Holocaust* edited by Tibbi Dubois is an important new book It offers contributions by childhood middle and secondary teacher educators from various regions and universities in the continental United States The array of material is a strength of this unique book Some contributors write about ways in which they infuse existing courses with Holocaust materials while others focus on where and when to begin the education of their students with respect to genocide Curriculum and instruction are examined from the perspective of existing research Preparing oneself to teach the material and personal teaching style are presented in ways that will be helpful both to new and to experienced teachers and those interested in the kinds of questions embedded in this material Educators and others will see how events focused upon in the Holocaust are connected to violations of human rights and social justice committed during the period of National Socialism Readers are reminded of the approximate nature of knowledge when it is not born of lived experience and are invited to raise questions about the Holocaust and other genocides The varied nature of the chapters offers a platform for engaging in discourse likely to pique the interest of people who have limited experience with the topic and of those whose knowledge may be rich and of long standing Teachers often seek to bridge the gap between theory and practice and will find the References of each writer an invaluable resource The contents of *Paths to Teaching the Holocaust* will be useful to educators and others concerned with oppression human rights and social justice *Artifactual Literacies* Kate Pahl,Jennifer

Rowell,2010 To re engage students with literacy teachers need an entry point that recognizes and honors students out of school identities This book looks at how artifacts everyday objects access the daily sensory world in which students live Exploring how artifacts can generate literacy learning the book shows teachers how to use a family photo heirloom or recipe to tell intergenerational tales how to collaborate with local museums and cultural centers how to create new material artifacts and much more Featuring vignettes lesson examples and photographs the text includes chapters on community connections critical literacy adolescent writing and digital storytelling Book Features A theoretical framework for teaching literacy that unites the domains of home and school and brings students passions to the forefront A fresh integrated synthesis of the fields of New Literacy Studies multimodality material cultural studies and literacy education New field tested ideas for creating lessons that improve literacy standards This engaging book makes a significant contribution to our understanding of how artifactual knowledge and practices cross borders in ways that can lead to powerful learning Rebecca Rogers University of Missouri St Louis Pahl and Rowell provide a rich framework for approaching and engaging everyday artifacts as potential sites of story community building and identity performance They open significant new avenues to literacy educators From the

Foreword by Lesley Bartlett and Lalitha Vasudevan both at Teachers College Columbia University **Designing Performance Assessment Systems for Urban Teacher Preparation** Francine P. Peterman, 2005-05-06

Designing Performance Assessment Systems for Urban Teacher Preparation presents an argument for and invites critical examination of teacher preparation and assessment practices in light of both the complexity and demands of urban settings and the theories of learning and learning to teach that guide teacher education practices This dynamic approach distinguishes the authors stance on urban teacher assessment as one that can help address social justice issues related to gender race socioeconomic class and other differences and at the same time promote the professional development of all educators engaged in the process of learning to teach The contextually bound sociocultural stance that informs this book promises greater teacher and student achievement Culminating six years of vital dialogue and focused local activity among teachers and teacher educators from institutions in the Urban Network to Improve Teacher Education Designing Performance Assessment Systems for Urban Teacher Preparation presents the historical context that was examined for this work a theoretical framework to undergrad teacher preparation assessment and design principles to guide the development of assessment systems four case studies of participants struggles and successes in designing and implementing these systems and a discussion of the importance of context and current trends in assessment practices in urban teaching This volume is particularly relevant for university and school based teacher educators who help prepare teachers to work in urban schools and for personnel in state departments of education and other agencies who are responsible for certification and beginning teacher support While the focus is on preparing teachers for urban settings the theoretical and practical foundations and the case studies have broad implications and provide useful insights for anyone involved in developing and using performance assessment systems teacher educators university and school administrators classroom teachers and educational researchers
