Reading Plato's Theaetetus:

Reading Plato's Theaetetus Timothy D. J. Chappell, 2005-01-01 This book intersperses philosophical commentary with a new translation of the whole dialogue to present an original case for thinking that Plato's aim in the Theaetetus is to further the cause of his own anti-empiricist theory of knowledge by testing and destroying a series of empiricist theories of knowledge

The Unity of Oneness and Plurality in Plato's Theaetetus Daniel Bloom, 2015-07-16 The Unity of Oneness and Plurality in Plato's Theaetetus offers a reading of the Theaetetus that shows how the characters' failure to give an acceptable account i.e. a logos of knowledge is really a success the failure being a necessary result of the dialogue's implicit proof that there can never be a complete logos of knowledge The proof of the incompatibility of knowledge and logos rests on the recognition that knowledge is always of what is and hence is always of what is one while logos is inherently multiple Thus any attempt to give a logos of what is known amounts to turning what is one into something multiple and hence that which is expressed by any logos must be other than that which is known In this way The Unity of Oneness and Plurality in Plato's Theaetetus provides its readers with developed sketches of both a Platonic epistemology and a Platonic ontology An account of the incompleteness of all accounts is obviously a very slippery undertaking Plato's mastery of his craft is on full display in the dialogue Besides offering a reading of Plato's epistemology and ontology The Unity of Oneness and Plurality in Plato's Theaetetus investigates the insights and difficulties that arise from a close reading of the dialogue through a sustained analysis that mirrors the movement of the dialogue offering a commentary on each of the primary sections and showing how these sections fit together to supply an engaged reader with a unified whole

The Unity of Oneness and Plurality in Plato's Theaetetus Daniel Bloom, 2015-07-16 The Unity of Oneness and Plurality in Plato's Theaetetus offers a reading of the Theaetetus that shows how the characters' failure to give an acceptable account i.e. a logos of knowledge is really a success the failure being a necessary result of the dialogue's implicit proof that there can never be a complete logos of knowledge The proof of the incompatibility of knowledge and logos rests on the recognition that knowledge is always of what is and hence is always of what is one while logos is inherently multiple Thus any attempt to give a logos of what is known amounts to turning what is one into something multiple and hence that which is expressed by any logos must be other than that which is known In this way The Unity of Oneness and Plurality in Plato's Theaetetus provides its readers with developed sketches of both a Platonic epistemology and a Platonic ontology An account of the incompleteness of all accounts is obviously a very slippery undertaking Plato's mastery of his craft is on full display in the dialogue Besides offering a reading of Plato's epistemology and ontology The Unity of Oneness and Plurality in Plato's Theaetetus investigates the insights and difficulties that arise from a close reading of the dialogue through a sustained analysis that mirrors the movement of the dialogue offering a commentary on each of the primary sections and showing how these sections fit together to supply an engaged reader with a unified whole

Theaetetus Plato, Bernard Williams, M. J. Levett, Myles Burnyeat, 1992-01-01 M. J. Levett's

elegant translation of Theaetetus first published in 1928 is here revised by Myles Burnyeat to reflect contemporary standards of accuracy while retaining the style imagery and idiomatic speech for which the Levetts translation is unparalleled Bernard Williams's concise introduction illuminates the powerful argument of this complex dialogue and illustrates its connections to contemporary metaphysical and epistemological concerns **Elements of Being** Lucy Fay Manning, 2023 *Plato's Parmenides Reconsidered* M. Tabak, 2015-05-13 Plato's Parmenides Reconsidered offers a very accessible detailed and historically sensitive account of Plato's Parmenides Against the prevailing scholarly wisdom he illustrates conclusively that Parmenides is a satirical dialogue in which Plato attempts to expose the absurd nature of the doctrines and method of his philosophical opponents *The Guardians in Action* William H. F. Altman, 2016-03-17 If you've ever wondered why Plato staged Timaeus as a kind of sequel to Republic or who its unnamed missing fourth might be or why he joined Critias to Timaeus and whether or not that strange dialogue is unfinished or what we should make of the written critique of writing in Phaedrus and of that dialogue's apparent lack of unity or what is the purpose of the long discussion of the One in the second half of Parmenides and how it relates to the objections made to the Theory of Forms in its first half or if the revisionists or unitarians are right about Philebus and why its Socrates seems less charming than usual or whether or not Cratylus takes place after Euthyphro and whether its far fetched etymologies accomplish any serious philosophical purpose or why the philosopher Socrates describes in the central digression of Theaetetus is so different from Socrates himself then you will enjoy reading the continuation of William H F Altman's Plato the Teacher The Crisis of the Republic Lexington 2012 where he considers the pedagogical connections behind the post Republic dialogues from Timaeus to Theaetetus in the context of the Reading Order of Plato's dialogues **The Oxford Handbook of Plato** , 2019-10-07 Plato is the best known and continues to be the most widely studied of all the ancient Greek philosophers The updated and original essays in the second edition of The Oxford Handbook of Plato provide in depth discussions of a variety of topics and dialogues all serving several functions at once they survey the current academic landscape express and develop the authors own views and situate those views within a range of alternatives The result is a useful state of the art reference to the person many consider the most important philosophical thinker in history This second edition of the Oxford Handbook of Plato differs in two main ways from the first edition First six leading scholars of ancient philosophy have contributed entirely new chapters Hugh Benson on the Apology Crito and Euthyphro James Warren on the Protagoras and Gorgias Lindsay Judson on the Meno Luca Castagnoli on the Phaedo Susan Sauvé Meyer on the Laws and David Sedley on Plato's theology This new edition therefore covers both dialogues and topics in more depth than the first edition did Secondly most of the original chapters have been revised and updated some in small others in large ways *Theaetetus* Plato, Aeterna Press, 2015-09-01 SOME dialogues of Plato are of so various a character that their relation to the other dialogues cannot be determined with any degree of certainty The Theaetetus like the Parmenides has points of similarity both with his earlier and his later writings The perfection of style the

humour the dramatic interest the complexity of structure the fertility of illustration the shifting of the points of view are characteristic of his best period of authorship The vain search the negative conclusion the figure of the midwives the constant profession of ignorance on the part of Socrates also bear the stamp of the early dialogues in which the original Socrates is not yet Platonized Had we no other indications we should be disposed to range the Theaetetus with the Apology and the Phaedrus and perhaps even with the Protagoras and the Laches Aeterna Press Plato: Theaetetus and Sophist, 2015-11-24 Plato's Theaetetus and Sophist are two of his most important dialogues and are widely read and discussed by philosophers for what they reveal about his epistemology and particularly his accounts of belief and knowledge Although they form part of a single Platonic project these dialogues are not usually presented as a pair as they are in Christopher Rowe's new and lively translation Offering a high standard of accuracy and readability the translation reveals the continuity between these dialogues and others in the Platonic corpus especially the Republic The supporting introduction and notes help the reader to follow the arguments as they develop explaining their structure context and interpretation This new edition challenges current scholarly approaches to Plato's work and will pave the way for fresh interpretations both of Theaetetus and Sophist and of Plato's writings in general

Knowledge and Truth in Plato Catherine Rowett, 2018-04-19 Several myths about Plato's work are decisively challenged by Catherine Rowett the idea that Plato agreed with Socrates about the need for a definition of what we know the idea that he set out to define justice in the Republic the idea that knowledge is a kind of true belief or that Plato ever thought that it might be something like that the idea that knowledge proper is propositional and that the Theaetetus was Plato's best attempt to define knowledge as a species of belief and that it only failed due to his incompetence Instead Rowett argues that Plato was replacing the failed methods of Socrates including his attempt to find a definition or single common factor and that he replaced those methods with methods derived from geometry including methods that involve inference from shadows to their originals a method which Rowett calls the iconic method As a result we should see that Plato is presenting the knowledge that is acquired as non propositional and pictorial in nature and that it is to be identified not with knowledge of facts nor of objects but of types qua types types that stand to the tokens that are used in our enquiry as original to shadow The book includes detailed studies of the Meno Republic and Theaetetus and argues that the insights that Plato brings about the nature of conceptual knowledge its importance in underpinning all other activities and about the notion of truth as it applies to conceptual competence are significant and should be taken seriously as a corrective to areas in which current analytic philosophy has lost its way

Plato's Theaetetus Plato, 1986 Theaetetus the Sophist and the Statesman are a trilogy of Platonic dialogues that show Socrates formulating his conception of philosophy as he prepares the defense for his trial Originally published together as *The Being of the Beautiful* these translations can be read separately or as a trilogy Each includes an introduction extensive notes and comprehensive commentary that examines the trilogy's motifs and relationships Seth Benardete is one of the very few contemporary

classicists who combine the highest philological competence with a subtlety and taste that approximate that of the ancients At the same time he has set himself the entirely modern hermeneutical task of uncovering what the ancients preferred to keep veiled of making explicit what they indicated and hence of showing the naked ugliness of artificial beauty Stanley Rose Graduate Faculty Philosophy Journal Seth Benardete 1930-2001 was professor of classics at New York University He was the author or translator of many books most recently *The Argument of the Action Plato's Laws and Plato's Symposium* all published by the University of Chicago Press **Essays on Plato's Epistemology** Franco Trabattoni, 2016-03-21 An innovating approach to Plato's philosophy Through a careful survey of several significant Platonic texts mainly focussing on the nature of knowledge *Essays on Plato's Epistemology* offers the reader a fresh and promising approach to Plato's philosophy as a whole From the very earliest reception of Plato's philosophy there has been a conflict between a dogmatic and a sceptical interpretation of his work and thought Moreover the two sides are often associated respectively with a metaphysical and an anti metaphysical approach This book continuing a line of thought that is nowadays strongly present in the secondary literature and also followed by the author in over thirty years of research maintains that a third way of thinking is required Against the widespread view that an anti dogmatic philosophy must go together with an anti metaphysical stance Trabattoni shows that for Plato on the contrary a sober and reasonable assessment of both the powers and limits of human reason relies on a proper metaphysical outlook **Plato: Theaetetus and Sophist** Plato, 2015-11-24 A new and lively translation of two Platonic dialogues widely read and discussed by philosophers with introduction and notes

Plato's Parmenides Arnold Hermann, 2010-09-01 Plato's Parmenides presents the modern reader with a puzzle Noted for being the most difficult of Platonic dialogues it is also one of the most influential This new edition of the work includes the Greek text on facing pages with an English translation by Arnold Hermann in collaboration with Sylvana Chrysakopoulou The Introduction provides an overview and commentary aimed at scholars and first time readers alike **The Cratylus of Plato** Francesco Ademollo, 2011-02-03 The Cratylus one of Plato's most difficult and intriguing dialogues explores the relations between a name and the thing it names The questions that arise lead the characters to face a number of major issues truth and falsehood relativism etymology the possibility of a perfect language the relation between the investigation of names and that of reality the Heraclitean flux theory and the Theory of Forms This full scale commentary on the Cratylus offers a definitive interpretation of the dialogue It contains translations of the passages discussed and a line by line analysis which deals with textual matters and unravels Plato's dense and subtle arguments reaching a novel interpretation of some of the dialogue's main themes as well as of many individual passages The book is intended primarily for graduate students and scholars in both philosophy and classics but presupposes no previous acquaintance with the subject and is accessible to undergraduates *Plato's Theaetetus as a Second Apology* Zina Giannopoulou, 2013-06-27 Zina Giannopoulou offers a new reading of Theaetetus Plato's most systematic examination of knowledge alongside Apology Socrates speech in defence of his

philosophical practice and argues that the former text is a philosophical elaboration of the latter *The Oxford Handbook of Plato* Gail Fine, 2008-08-13 Plato is the best known and continues to be the most widely studied of all the ancient Greek philosophers The twenty one commissioned articles in *The Oxford Handbook of Plato* provide in depth and up to date discussions of a variety of topics and dialogues The result is a useful state of the art reference to the man many consider the most important philosophical thinker in history Each article is an original contribution from a leading scholar and they all serve several functions at once they survey the lay of the land express and develop the authors own views and situate those views within a range of alternatives This Handbook contains chapters on metaphysics epistemology love language ethics politics art and education Individual chapters are devoted to each of the following dialogues the Republic Parmenides Theaetetus Sophist Timaeus and Philebus There are also chapters on Plato and the dialogue form on Plato in his time and place on the history of the Platonic corpus on Aristotle s criticism of Plato and on Plato and Platonism Framing the Dialogues: How to Read Openings and Closures in Plato , 2020-12-07 *Framing the Dialogues How to Read Openings and Closures in Plato* is a collection of 14 chapters with an Introduction that focuses on the intricate and multifarious ways in which Plato frames his dialogues Its main aim is to explore both the association between inner and outer framework and how this relationship contributes to and sheds light upon the framed dialogues and their philosophical content All contributors to the volume advocate the significance of closures and especially openings in Plato arguing that platonic frames should not be treated merely as trimmings or decorative literary devices but as an integral part of the central philosophical discourse The volume will prove to be an invaluable companion to all those interested in Plato as well as in classical literature in general

Plato Plato, 2010-04-16 *Theaetetus* written by legendary author Plato is widely considered to be one of the greatest classic and historical texts of all time This great classic will surely attract a whole new generation of readers For many *Theaetetus* is required reading for various courses and curriculums And for others who simply enjoy reading timeless pieces of classic literature this gem by Plato is highly recommended Published by Classic Books International and beautifully produced *Theaetetus* would make an ideal gift and it should be a part of everyone s personal library

Whispering the Techniques of Language: An Psychological Quest through **Reading Platos Theaetetus**

In a digitally-driven earth wherever displays reign supreme and instant connection drowns out the subtleties of language, the profound techniques and emotional subtleties hidden within phrases frequently move unheard. Reading Platos Theaetetus Introduction

In the digital age, access to information has become easier than ever before. The ability to download Reading Platos Theaetetus has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Reading Platos Theaetetus has opened up a world of possibilities. Downloading Reading Platos Theaetetus provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Reading Platos Theaetetus has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Reading Platos Theaetetus. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Reading Platos Theaetetus. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Reading Platos Theaetetus, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and

validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Reading Platos Theaetetus has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Reading Platos Theaetetus Books

1. Where can I buy Reading Platos Theaetetus books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
