Using their findings, they developed *The CAFE Book Expanded Second Edition: Engaging All Students in Daily Literacy Assessment and Instruction* to share what their research has proven: that reading instruction is not about the setting or the book level but rather effective reading instruction is based off of what the student needs in that moment. With the release of *The CAFE Book* in 2009, the CAFE system (Comprehension, Accuracy, Fluency, and Expanding Vocabulary) has been implemented in classrooms all over the world. It changed the way educators assess, teach, and track student information and has positively impacted the way students learn, practice, and talk about reading. *The CAFE Book Expanded Second Edition* builds on the same research-based student-centered foundations but now includes Seven Steps from Assessment to Instruction to plan data-driven classwork, The Instruction Protocol, a framework to guide your teaching and planning, CAFE's Essential Elements resource to guide your understanding of student-focused instruction, a revised CAFE menu, and a checklist of skills vital for emerging readers. Ready Reference Guides that include when to teach the strategy, options for differentiating methods and partner strategies, Significant resources to help with lesson planning, assessments, and goal setting, and parent involvement. New and improved forms for both online conferencing, notebook, and a pencil paper notebook to support more effective conferencing with students. *The CAFE Book Expanded Second Edition* offers a variety of tools to structure your literacy block and create an environment where your students are engaged readers and writers with resources that set them up for success. The CAFE system is all you need to support and coach your students toward the strategies that will move them forward.
