Emphasizing the importance of providing emerging readers with the skills for future literacy success, *Early Reading First and Beyond* is a comprehensive resource that helps early childhood educators develop children's readiness for kindergarten by providing creative learning experiences based on the most current literacy research. In reader-friendly terms, Susan E. Israel illustrates how to create rich learning environments, provide activities to engage young minds, and promote the important language cognitive and early reading skills necessary to encourage learners' self-confidence. Teachers will find proven practices, assessment tools, guidelines for meeting individual learning needs, examples, advice for professional development sessions, and connections to International Reading Association standards. This book presents essential information for understanding and implementing the core components of an Early Reading First program: Designing early childhood programs of excellence, School-parent partnerships, Oral language development, Phonological awareness, Print awareness, Alphabetic knowledge, Early metacognitive thinking, Advocating strong connections between home and school. This accessible text offers teachers, early childhood education specialists, literacy coaches, administrators, and parents the appropriate tools to make a significant positive difference in young children's futures.

Storytime and Beyond Kathy Barco, Melanie Borski-Howard, 2018-10-10 Join the world of balloons, pancakes, and musical instruments just a few items to help improve early literacy in the library, the classroom, and at home. Literacy builders covered range from music and instruments to magnetic letters, alphabet beads, and food. Literacy is a popular topic of discussion among librarians. Especially important is early literacy: what children know about reading and writing before they can actually read and write. In this book, experienced librarians Kathy Barco and Melanie Borski Howard share hands-on techniques that they have used to successfully promote early literacy and encourage family involvement. *Storytime and Beyond* teaches readers how to use literacy doodads, inexpensive props that add excitement to storytimes and can be used outside the library or classroom to enhance the basic components of any early literacy program: talking, singing, reading, writing, and playing. Many of the doodads can be created as family do-it-yourself projects, and some can be adapted to work with non-readers of any age. Instruments can also be a great way to get children's attention and teach literacy skills; whether it's a drum to beat while reading a story or a maraca for children to shake during a song, and lesson plans for musical storytimes address how to use rhythm, singing, and dancing to make early literacy fun.
