Reading the 'Cantos:' a Study of Meaning in Ezra Pound Noel Stock,1967 **Reading the Cantos (Routledge Revivals)** Noel Stock,2010-11-30 First published in 1967 this is a study which tackles the central problem of meaning within Ezra Pound s The Cantos It deals with the question of important critical issues as well as of interpretation and understanding Students of modern poetry will derive great benefit from this vigorous and lucid analysis of Pound s masterpiece Noel Stock s finding is radical that The Cantos is not a really a poem at all but rather notes towards a poem It is a collection of fragments of varying quality some of extraordinary power and beauty but in no sense formed into a work of art **Language,**

Sexuality, and Ideology in Ezra Pound's Cantos Jean-Michel Rabaté,1986-01-01 Ezra Pound s Cantos remains among the most influential and difficult of twentieth century poetic writings But now for the first time Rabat s powerful and original study presents a theory of reading adequate to the challenge of Pound s writing Using elements from Lacanian psycho analysis and Heidegger s powerful meditation of poetry and language this book constructs a theory of reading which both gives full force to the strategies of writing deployed in the Cantos and to the historical and political situations to which those strategies are a response This study provides a fresh reading of the familiar Pound canon Homer Dante Ovid but also of the less well known Ruskin Browning Frobenius Pound s practice of quotation is understood in the context of a new poetic discourse characterized by parapraxis ellipsis condensation and autonomous voices which refer the division of the speaking subject back to an omniform intellect capable of taking on any new personality at will Crucial to an understanding of Pound s situation is the relationship between Chinese and Greek culture an analysis of which allows Rabat to elaborate the tragic dimension in Pound s life and works This book also parallels and contrasts Pound with his major contemporaries such as Eliot and Joyce and with his immediate heirs like William Carlos Williams H D Zukofsky and Olson

Readings in the Cantos Richard Parker,2022-07-01 The three volumes of Readings in the Cantos bring together in a ground breaking format a number of critical readings by world renowned scholars of the central modernist long poem The Cantos of Ezra Pound Each contributor approaches either a single Canto or a defined small group of Cantos in isolation providing a clear informative and interpretive reading that includes an up to date assessment of sources and an idea of recent critical approaches Together the contributors offer a remarkably diverse reading of The Cantos that at the same time demonstrates the coherence of Pound s text Ezra Pound and the Career of Modern Criticism Michael Coyle,Roxana Preda,2018 Forty five years after his death and more than seventy years after his indictment for treason Ezra Pound remains a deeply controversial figure Today it is hard to imagine a poet sparking national debate but Pound did just that His receipt in 1949 of the first ever Bollingen Award for Poetry started a hue and cry that spread to every US periodical that made even a pretense of following cultural issues even Time weighed in It took two years for things to simmer down and when they finally did literary study looked profoundly different Everyone engaged in the study of poetry today professors and students

alike works in an environment shaped by that national crisis of conscience The present book considers this untold story and investigates not just what critics have had to say about Pound but also why they have asked the questions they have asked It is routine for reception histories to distinguish between professional studies and more popular responses this book encourages us to consider why we make that distinction and what the costs of doing so might be Unprofessional responses to Pound have often been ideologically and politically embarrassing for Pound scholars who have in response policed the distinction between professional and popular readings with extraordinary vigilance As a result the history of Pound's reception unfolds as a kind of drama perhaps the last ongoing theater for McCarthyite cultural political anxieties Michael Coyle is Professor of English at Colgate University and has published widely on Pound Roxana Preda is Leverhulme Fellow in American Literature at the University of Edinburgh and President of the Ezra Pound Society

John Kasper and Ezra Pound Alec Marsh, 2015-05-21 John Kasper was a militant far right activist who first came to prominence with his violent campaigns against desegregation in the Civil Rights era Ezra Pound was the seminal figure in Anglo American modernist literature and one of the most important poets of the 20th century This is the first book to comprehensively explore the extensive correspondence lasting over a decade and numbering hundreds of letters between the two men John Kasper and Ezra Pound examines the mutual influence the two men exerted on each other in Pound's later life how John Kasper

developed from a devotee of Pound's poetry to an active right wing agitator how Pound's own ideas about race and American politics developed in his discussions with Kasper and how this informed his later poetry Shedding a disturbing new light on Ezra Pound's committed engagement with extreme right wing politics in Civil Rights era America this is an essential read for students of 20th century literature *The Pound Biennial* Anderson Araujo, Ron Bush, 2025-04-11 The Ezra Pound Studies Biennial claims a place as the flagship journal entirely devoted to Pound's work at a time when Pound studies represents one of the most active fields in modernist scholarship Elaborating on the life work and international reception of one of the prime movers of the modernist revolution in the arts and letters this inaugural volume joins an ever increasing number of studies examining Pound's letters prose poetry translations companions and international reception and taking the form among other things of critical essays and editions digital projects and monographs Building on this work the current volume features twelve high caliber contributions written by a diverse group of established and emerging Pound scholars Their subjects include the genesis of Pound's Pisan Cantos the poet's political and economic preoccupations his association with modernist women writers his fascination with typography and with the Italian Renaissance and his translations of Noh plays and French poetry **Many Gods and Many Voices** Louis Lohr Martz, 1998 Martz English emeritus Yale argues that the prophetic tradition with its focus on the evils of the present as well as the possibilities of redemption should be understood as an integral component of both the texture and contents of works by such modernist poets as Ezra Pound William Carlos Williams T S Eliot and others Biblical prophecy he asserts is an important precedent for the tone and subject matter of these poets works Annotation copyrighted by Book News Inc Portland OR **Han Shan, Chan Buddhism and Gary Snyder's Ecopoetic Way** Joan Qionglin Tan, 2009-05-07 Presents a comparative study of the ninth century Chinese poet and recluse Han Shan Cold Mountain and Gary Snyder an American poet and environmental activist This book explains how Chan Buddhism has the potential to be recognized as an important voice in contemporary ecopoetry *The Indian Journal of English Studies*, 1983 *Rhythm and Race in Modernist Poetry and Science* Michael Golston, 2007-12-21 In the half century between 1890 and 1950 a variety of fields and disciplines from musicology and literary studies to biology psychology genetics and eugenics expressed a profound interest in the subject of rhythm In this book Michael Golston recovers much of the work done in this area and situates it in the society politics and culture of the Modernist period He then filters selected Modernist poems through this archive to demonstrate that innovations in prosody form and subject matter are based on a largely forgotten ideology of rhythm and that beneath Modernist prosody is a science and an accompanying technology In his analysis Golston first examines psychological and physiological experiments that purportedly proved that races responded differently to rhythmic stimuli He then demonstrates how poets like Ezra Pound W B Yeats Mina Loy and William Carlos Williams either absorbed or echoed the information in these studies using it to hone the innovative edge of Modernist practice and fundamentally alter the way poetry was written Golston performs close readings of canonical texts such as

Pound's Cantos Yeats's Lake Isle of Innisfree and William Carlos Williams's Paterson and examines the role the sciences of rhythm played in racist discourses and fascist political thinking in the years leading up to World War II Recovering obscure texts written in France Germany England and America Golston argues that Rhythmics was instrumental in generating an international modern art and should become a major consideration in our reading of reactionary avant garde poetry

David Moody, 2015-09-24 This third and final volume of A David Moody's critical life of Ezra Pound presents Pound's personal tragedy in a tragic time In this volume we experience the 1939 1945 World War and Pound's hubristic involvement in Fascist Italy's part in it we encounter the grave moral and intellectual error of Pound holding the Jewish race responsible for the war and his consequent downfall being charged with treason condemned as an anti Semite and shut up for twelve years in an institution for the insane Further we see Pound stripped for life by his own counsel and wife of his civil and human rights Pound endured what was inflicted upon him justly and unjustly without complaint and continued his lifetime's effort to promote in and through his Cantos and his translations a consciousness of a possible humane and just social order The contradictions run deep and compel as tragedy does a steady and unprejudiced contemplation and an answering depth of comprehension *The Library Journal* , 1967 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately
