Monthly Bulletin of the Carnegie Library of Pittsburgh Carnegie Library of Pittsburgh,1927 *The New Statesman* ,1926 **Reading the Obscene** Jordan Carroll,2021-11-23 With Reading the Obscene Jordan Carroll reveals new insights about the editors who fought the most famous anti censorship battles of the twentieth century While many critics have interpreted obscenity as a form of populist protest Reading the Obscene shows that the editors who worked to dismantle censorship often catered to elite audiences composed primarily of white men in the professional managerial class As Carroll argues transgressive editors such as H L Mencken at the Smart Set and the American Mercury William Gaines and Al Feldstein at EC Comics Hugh Hefner at Playboy Lawrence Ferlinghetti at City Lights Books and Barney Rosset at Grove Press taught their readers to approach even the most scandalizing texts with the same cold calculation and professional reserve they employed in their occupations Along the way these editors kicked off a middle class sexual revolution in which white collar professionals imagined they could control sexuality through management science Obscenity is often presented as self shattering and subversive but with this provocative work Carroll calls into question some of the most sensational claims about obscenity suggesting that when transgression becomes a sign of class distinction we must abandon the idea that obscenity always overturns hierarchies and disrupts social order Winner of the 2022 MLA Prize for Independent Scholars sponsored by the Modern Language Association **Blind Children: Degree of Vision, Mode of Reading** Albert

Piltz, Arthur Leroy Carson, Gene Carl Fusco, James Hartman Blessing, John Walker Jones, Joseph Candler Hutchinson, Leonard Michael Miller, Thomas Ewing Cotner, 1961 **What America Read** Gordon Hutner, 2009 Despite the vigorous study of modern American fiction today's readers are only familiar with a partial shelf of a vast library Gordon Hutner describes the distorted canonized history of the twentieth century American novel as a record of modern classic *Everyday Reading* Mike Chasar, 2012 Exploring poetry scrapbooks old time radio show recordings advertising verse corporate archives and Hallmark greeting cards among other unconventional sources Mike Chasar casts American poetry as an everyday phenomenon consumed and created by a vast range of readers He shows how American poetry in the first half of the twentieth century and its reception helped set the stage for the dynamics of popular culture and mass media today Poetry was then part and parcel of American popular culture spreading rapidly as the consumer economy expanded and companies exploited its profit making potential Poetry also offered ordinary Americans creative emotional political and intellectual modes of expression whether through scrapbooking participation in radio programs or poetry contests Reenvisioning the uses of twentieth century poetry Chasar provides a richer understanding of the innovations of modernist and avant garde poets and the American reading public's sophisticated powers of feeling and perception *Reading, Writing, and Revolution*

Philis Barragán Goetz, 2020-05-05 Language has long functioned as a signifier of power in the United States In Texas as elsewhere in the Southwest ethnic Mexicans relationship to education including their enrollment in the Spanish language community schools called escuelitas served as a vehicle to negotiate that power Situating the history of escuelitas within the contexts of modernization progressivism public education the Mexican Revolution and immigration Reading Writing and Revolution traces how the proliferation and decline of these community schools helped shape Mexican American identity Philis Barragán Goetz argues that the history of escuelitas is not only a story of resistance in the face of Anglo hegemony but also a complex and nuanced chronicle of ethnic Mexican cultural negotiation She shows how escuelitas emerged and thrived to meet a diverse set of unfulfilled needs then dwindled as later generations of Mexican Americans campaigned for educational integration Drawing on extensive archival genealogical and oral history research Barragán Goetz unravels a forgotten narrative at the crossroads of language and education as well as race and identity *Reading with a Purpose*

Republic of Detours Scott Borchert, 2021-06-15 A New York Times Book Review Editors Choice Winner of the New Deal Book Award An immersive account of the New Deal project that created state by state guidebooks to America in the midst of the Great Depression and employed some of the biggest names in American letters The plan was as idealistic as it was audacious and utterly unprecedented Take thousands of hard up writers and put them to work charting a country on the brink of social and economic collapse with the aim of producing a series of guidebooks to the then forty eight states along with hundreds of other publications dedicated to cities regions and towns

while also gathering reams of folklore narratives of formerly enslaved people and even recipes all of varying quality each revealing distinct sensibilities All this was the singular purview of the Federal Writers Project a division of the Works Progress Administration founded in 1935 to employ jobless writers from once bestselling novelists and acclaimed poets to the more dubiously qualified The FWP took up the lofty goal of rediscovering America in words and soon found itself embroiled in the day s most heated arguments regarding radical politics racial inclusion and the purpose of writing forcing it to reckon with the promises and failures of both the New Deal and the American experiment itself Scott Borchert s Republic of Detours tells the story of this raucous and remarkable undertaking by delving into the experiences of key figures and tracing the FWP from its optimistic early days to its dismemberment by the House Committee on Un American Activities We observe notable writers at their day jobs including Nelson Algren broke and smarting from the failure of his first novel Zora Neale Hurston the most widely published Black woman in the country and Richard Wright who arrived in the FWP s chaotic New York City office on an upward career trajectory courtesy of the WPA Meanwhile Ralph Ellison Studs Terkel John Cheever and other future literary stars found encouragement and security on the FWP payroll By way of these and other stories Borchert illuminates an essentially noble enterprise that sought to create a broad and inclusive self portrait of America at a time when the nation s very identity and future were thrown into question As the United States enters a new era of economic distress political strife and culture industry turmoil this book s lessons are urgent and strong *Catalog of Copyright Entries.
