**African Cultural Development** Ogbu Kalu,1978      *African Cultural Development* Ogbu U. Kalu,1978      *Reading in African Humanities* Ogbu Uke Kalu,2002      **African Theocology** Ebenezer Yaw Blasus,2020-02-27 There is probably no set of issues of greater importance in the contemporary world than those that are to do with the Earth on which we live and depend The more alienated we become from it the more we contribute to our own destruction Christianity s complicity in this destruction is well documented and hotly debated Africa can ill afford to fall into the same trap that Western Christianity has in this regard One senses the urgency of these concerns in Blasus African Theocology Studies in African Religious Creation Care Extremely well informed in the field Blasus not only draws on the three major religions in Africa Christianity Islam and African traditional religion but demonstrates familiarity with the most important recent contributions in the field from Western scholarship With its emphasis on pedagogics African Theocology will play a seminal role in the construction of curricula for an African Christian theology of the environment and is sure to be an essential contribution to all libraries in institutions of higher learning      African Psychology Augustine Nwoye,2022 One of the most unprecedented developments in the history of the scientific study of psychology in postcolonial Africa is the recent welcome inclusion of the study of African psychology within the psychology degree curriculum of some foreword thinking African universities In each of those universities such as the University of KwaZulu Natal in South Africa and Kenyatta University in Nairobi Kenya East Africa there now exists a gradual entrenchment of the African derived psychology in the curricular provisions of their psychology degree programmes With particular reference to the University of KwaZulu Natal in South Africa for instance a number of African psychology based modules have recently been developed approved and incorporated into the list of modules for psychology degree students at the undergraduate Honours and the Master s degree levels see University of KwaZulu Natal College of Humanities Handbook 2018      African Cinema: Manifesto and Practice for Cultural Decolonization Michael T. African philosophy While recognising the special advantage of interdisciplinary approach in modern scholarship it retains a special predilection for works that have special African philosophic import Although Theophilus Okere's book African Philosophy has made remarkable impact on African philosophical scholarship many may not be aware of the way he tried to apply his preferred method to other areas of the philosophical investigation in Africa and to overcome the risk of relativism through the promotion of intercultural dialogue in philosophy The essays published in this volume bear testimony to the multivalent character of Okere's contribution to African philosophy Most of the essays are about Okere's hermeneutics of culture Some of the authors examine the method in itself while others focus attention on its application to specific philosophical themes Book jacket

canon within the exigencies and manifestations of art and African sociopolitical practices The authors view these practices as an investment in a cultural imperative stemming from the quest to delineate how critical methodologies are derived from and shape contemporary historical and cultural practices Hence the contributions are less about the usual constrictive method of analysis and more about illustrating manifestations of an interrogative critical methodology that is certainly an offspring of an indigenous African critical cum cinematic culture and paradigms *Handbook of Black Studies* Molefi Kete

African Christian Theologies and the Impact of the Reformation Heinrich Bedford-Strohm, Tharcisse Gatwa, Traugott Jähnichen, Elisée Musemakweli, 2017 One of the strongest heritages of the Reformation for Christianity was to return to the central role given to the Bible translated in local dialects Christianity expanded thanks to the translation of the Bible in vernacular languages worldwide Most importantly the people who had been victims of prejudices of race supremacy could now have access to God in their own language culture and idioms without intermediaries It is largely thanks to Bible translations that the majority of those churches in Africa born of European mission activities continued to develop positively after the end of the colonial age and that independent African churches emerged Series Theology in the Public Square Theologie in der Öffentlichkeit Vol 10 Subject African Studies Christian Studies      **Ben Enwonwu** Sylvester Okwunodu Ogbachie, 2008 An intellectual biography of a modern African artist and his immense contribution to twentieth century art history      **The Limits of a Divided Nation with Perspectives from the Bible** Michael Ufok Udoekpo, 2020-01-31 Michael Udoekpo's work brilliantly and pastorally discusses the issues of conflict friction and disunity in the world and in Nigeria in particular from biblical historical and sociocultural perspectives These issues he stresses are endemic in various fabrics of the Nigerian society traceable to the family as the foundation of any given society They are also found in religious political and media groups Contributing factors Udoekpo argues are materialism infidelity relativism and fundamentalism Others are ethnocentrism anthropocentrism ignorance bribery and corruption with other forms of injustices Drawing from the Bible Udoekpo proposes prayer proper education truth telling restoration of family values interreligious and cultural dialogue ecumenism enforcement of rule of law faith and absolute trust in God as antidotes to conflict violence friction and disunity in our contemporary society      **African Culture & Civilization** Simon Ademola Ajayi, 2005 From interdisciplinary and continental perspectives this volume explores elements of African culture and ideas indigenous and modern and how they
