## Readings For Citizens At War:

**Readings for Citizens at War** Theodore Morrison, Philip Edward Burnham, 1943 *The Legislative Record: Containing the Debates and Proceedings of the Pennsylvania Legislature* Pennsylvania. General Assembly, 1858 **Leader's Guide for Primary Source Readings in Christian Morality** Diana Turney, 2008-02-04 Primary Source Readings in Christian Morality presents the living words of the Catholic Church and the wisdom of everyday people addressing the moral issues that impact our lives One goal of Primary Source Readings in Christian Morality is to help students realize the connection between behavior and character Additionally the hope is that students will uncover that the road to authentic happiness and joy involves working on their relationship with God Within this book you will find writings from Pope Benedict XVI The Second Vatican Council Richard Gula SS Pope Paul VI Ronald Rohlheiser Erich Maria Remarque Pope John Paul II The United States Conference of Catholic Bishops **Selected Readings in American Military History** Infantry School (U.S.), 1953

**Readings for Citizens at War** Étienne Gilson, 1943 *Democratic Citizenship and War* Yoav Peled, Noah Lewin-Epstein, Guy Mundlak, Jean Cohen, 2014-06-03 This edited volume explores the theoretical and practical implications of war and terror situations for citizenship in democratic states Citizenship is a key concept in Western political thought for defining the individual's relations with society The specific nature of these rights duties and contributions as well the relations between them are determined by the citizenship discourses that prevail in each society In wartime including low intensity wars democratic societies face different challenges than the ones facing them during peacetime in areas such as human rights the status of minorities the state's obligations to its citizens and the meaning of social solidarity War situations can affect not only the scope of citizenship as an institution but also the relations between the prevailing discourses of citizenship and between different groups of citizens Since 9/11 and the declaration of the war on terror many democracies have been grappling with issues rising out of the interface between citizenship and war This volume examines the effects of war on various aspects of citizenship practice including immigration and naturalization the welfare state individual liberties gender relations multiculturalism social solidarity and state civil society relations This book will be of great interest to students of military studies political science IR and security studies in general [Readings in Unemployment](#) United States. Congress. Senate. Committee on Unemployment Problems, 1960 [The Citizen-Soldier in War and Peace](#) James Biser Whisker, John R. Coe, 2021-09-15 The Citizen Soldier in War and Peace is a short historical look at the use of firearms in America and throughout the world this book appeals to anybody who believes in the Second Amendment or who is interested in the historical use of firearms It begins with the use of guns for hunting and self protection as well as personal property and of course national defense early in our country's early history It also analyzes the philosophical standpoint of the idea of the armed citizen and its relationship to freedom A freeman with a gun an armed citizenry means a free country The book also does a thorough job of examining other countries and other philosophical aspects of arming the citizenry This book

clearly defines the Militias in other countries It touches on China and the Soviet Union and their philosophy as well The book is extremely readable and would be advised reading for anyone from high school to grad school Those interested in history political science or current events will find this book a must for their personal library     Readings in Economics John Royston Coleman,Felicity Skidmore,1967     African American Women During the Civil War Ella Forbes,2013-01-11 This study uses an abundance of primary sources to restore African American female participants in the Civil War to history by documenting their presence contributions and experience Free and enslaved African American women took part in this process in a variety of ways including black female charity and benevolence These women were spies soldiers scouts nurses cooks seamstresses laundresses recruiters relief workers organizers teachers activists and survivors They carried the honor of the race on their shoulders insisting on their right to be treated as ladies and knowing that their conduct was a direct reflection on the African American community as a whole For too long black women have been rendered invisible in traditional Civil War history and marginal in African American chronicles This book addresses this lack by reclaiming and resurrecting the role of African American females individually and collectively during the Civil War It brings their contributions in the words of a Civil War participant Susie King Taylor in history before the people     Power Practice: Nonfiction Reading Comprehension, Gr. 5-6, eBook Vicky Shiotsu,2005-02-01     War Power Philip Gould,2024-09-10 What happens if we reconsider the literature of the Civil War North in light of the transformation of the federal state s power While literary scholarship about the Civil War has more generally focused on the rise of wartime nationalism Philip Gould looks particularly at how literary works engage the subjects of censorship propaganda and the reconfigured meanings of loyalty and treason at a time of political crisis During the war the Lincoln Administration shut down opposition newspapers and curtailed free expression and civil liberties protected by the US Constitution Lincoln also suspended the writ of habeas corpus to deal with political dissenters and try to control public opinion Early in the war he coined the phrase war power to describe the presumed powers to address this crisis his policies became controversial throughout the conflict War Power Literature and the State in the Civil War North considers literary production in this total war that radically changed the federal government s and its military s relation to traditional norms and spaces of private domestic and social life Each chapter focuses on a major writer in the Civil War North s engagement with questions of identity affect and affiliation Could one love the Union as one loved home and family What were the implications for literary expression in the midst of a political culture being reshaped by censorship and propaganda The final two chapters address the role and plight of African Americans in the Civil War and its aftermath focusing particularly on African American military service as the supposed means by which racially disenfranchised Americans might become citizens     Just War Theory Jean Bethke Elshtain,1992 Available Again Long before the shock and awe campaign against Iraq in March 2003 debates swarmed around the justifications of the U S led war to depose Saddam Hussein While George W Bush s administration declared a just war of

necessity opponents charged that it was a war of choice and even opportunism Behind the rhetoric lie vital questions when is war just and what means are acceptable even in the course of a just war Originally published in 1991 in the wake of the first war against Iraq *Just War Theory* explores this essential dilemma With a new preface by the editor the essays in this indispensable collection move beyond the theoretical origins of just war theory to examine issues faced by military strategists politicians social theorists and anyone concerned with the provocations and costs of military action Popular wisdom once claimed that notions of just war would become obsolete with the onset of total warfare characterized by attacks on civilians and indiscriminating weapons of mass destruction While the last decade has been ripe with brutality just war theory is more critical than ever to the future of international relations and public discourse This readable collection is an invaluable introduction to the debate

Self, War, and Society Mary Jo Deegan, 2017-09-08 George Herbert Mead 1863-1931 is a founding figure in the field of sociology His stature is comparable to that of his contemporaries Emile Durkheim and Max Weber Mead's contribution was a profound and unique American theory that analyzed society and the individual as social objects As Mead saw it both society and the individual emerged from cooperative democratic processes linking the self the other and the community Mary Jo Deegan a leading scholar of Mead's work traces the evolution of his thought its continuity and change She is particularly interested in the most controversial period of Mead's work in which he addressed topics of violence and the nation state Mead's theory of war peace and society emerged out of the historical events of his time particularly World War I During this period he went from being a pacifist along with his contemporaries John Dewey and Jane Addams to being a strong advocate for war From 1917-1918 Mead became a leader in voicing the need for war based on his theory of self and society After the war he became disillusioned with President Woodrow Wilson with Americans failure to support mechanisms for international arbitration and with the political reasons for American participation in World War I He returned to a more pacifist and cooperative model of behavior during the 1920s when he became less political more abstract and more withdrawn from public debate The book includes Deegan's interpretation of Mead's early social thought his friendship and family networks the historical context of America at war and the importance of analysis of violence and the state from Mead's perspective She also provides illustrative selections from Mead's work much of which was previously unpublished

Genealogical history of the town of Reading, Mass. Lilley Eaton, 1874-01-01 including the present towns of Wakefield Reading and North Reading with chronological and historical sketches from 1639 to 1874

*The SAGE Encyclopedia of War: Social Science Perspectives* Paul Joseph, 2016-06-15 Traditional explorations of war look through the lens of history and military science focusing on big events big battles and big generals By contrast *The SAGE Encyclopedia of War Social Science Perspective* views war through the lens of the social sciences looking at the causes processes and effects of war and drawing from a vast group of fields such as communication and mass media economics political science and law psychology and sociology Key features include More than 650 entries organized in an A to Z format authored and signed by

key academics in the field Entries conclude with cross references and further readings aiding the researcher further in their research journeys An alternative Reader s Guide table of contents groups articles by disciplinary areas and by broad themes A helpful Resource Guide directing researchers to classic books journals and electronic resources for more in depth study This important and distinctive work will be a key reference for all researchers in the fields of political science international relations and sociology     *Citizen and Soldier* Henry C. Dethloff, Gerald E. Shenk, 2011     *Citizen Countess* Adele Lindenmeyr, 2019-11-12 Countess Sofia Panina lived a remarkable life Born into an aristocratic family in imperial Russia she found her true calling in improving the lives of urban workers Her passion for social service and reputation as the Red Countess led her to political prominence after the fall of the Romanovs She became the first woman to hold a cabinet position and the first political prisoner tried by the Bolsheviks The upheavals of the 1917 Revolution forced her to flee her beloved country but instead of living a quiet life in exile she devoted the rest of her long life to humanitarian efforts on behalf of fellow refugees Based on Adele Lindenmeyr s detailed research in dozens of archival collections *Citizen Countess* establishes Sofia Panina as an astute eyewitness to and passionate participant in the historical events that shaped her life Her experiences shed light on the evolution of the European nobility women s emancipation and political influence of the time and the fate of Russian liberalism     *Selected Reading in Public Finance* Charles Jesse Bullock, 1924     ***The Medical Dept. of the U.S. Army in the World War*** United States. Surgeon-General's Office, 1927

## Whispering the Techniques of Language: An Psychological Quest through **Readings For Citizens At War**
