- Readings in Russian Foreign Policy**, 1953 *Readings in Russian Foreign Policy, Supplement: Tables and Maps* Robert A. Goldwin, Marvin Zetterbaum, 1953 **Russian Foreign Policy in the Twenty-First Century and the Shadow of the Past** Robert Legvold, 2007-03-27 Because the turbulent trajectory of Russia's foreign policy since the collapse of the Soviet Union echoes previous moments of social and political transformation history offers a special vantage point from which to judge the current course of events In this book a mix of leading historians and political scientists examines the foreign policy of contemporary Russia over four centuries of history The authors explain the impact of empire and its loss the interweaving of domestic and foreign impulses long standing approaches to national security and the effect of globalization over time Contributors focus on the underlying patterns that have marked Russian foreign policy and that persist today These patterns are driven by the country's political makeup geographical circumstances economic strivings unsettled position in the larger international setting and above all its tortured effort to resolve issues of national identity The argument here is not that the Russia of Putin and his successors must remain trapped by these historical patterns but that history allows for an assessment of how much or how little has changed in Russia's approach to the outside world and creates a foundation for identifying what must change if Russia is to evolve A truly unique collection this volume utilizes history to shed crucial light on Russia's complex occasionally inscrutable relationship with the world In so doing it raises the broader issue of the relationship of history to the study of contemporary foreign policy and how these two enterprises might be better joined **Readings in Russian Foreign Policy, Supplement: Tables and Maps** Robert A. Goldwin, Marvin Zetterbaum, 1953 **Russian Foreign Policy and International Relations Theory** Christer Pursiainen, 2017-07-05 An original and challenging examination of how to transform post Sovietological study of Soviet and Russian foreign policy into a more integrated part of the Social Sciences and International Relations Theory This book represents the first detailed and sustained synthesis international relations theory and Soviet Russian foreign and security policy in academic literature

- Explaining Change in Russian Foreign Policy* C. Thorun, 2008-11-27 An assessment of the explanatory utility of different approaches to account for post Soviet Russia's foreign policy towards the West arguing that only by focusing both on external constraints and changes in the Russian leadership's foreign policy thinking can we explain major facets of Russia's conduct

from 1992 2007 **History of International Relations and Russian Foreign Policy in the 20th Century (Volume II)**

Boris F. Martyn, Anatoly V. Torkunov, William C. Wohlforth, 2020-01-08 This second volume focusing on 1945 1991 unpacks the reasons for the Cold War and takes the reader through its ebbs flows and unexpected end How did the allies of World War II become enemies The authors argue that the Cold War controversy could have been avoided or at least mitigated had the sides been guided by healthy pragmatism instead of ideology and megalomania Contradictory relations between the superpowers regional wars and conflicts and the scramble to escape a nuclear Holocaust all of this reads sometimes as a good detective story Perestroika and Glasnost useful as they might be came too late to radically improve the poisonous atmosphere of enmity in East West relations The end of the Cold War did not mean the end of rivalry Good will in this case did not guarantee good outcomes As civilizational cultural personal and religious contradictions begin to replace economic and social divides we need to be fully aware of our past if we are to do our best to resolve these issues *Readings in*
