Close Reading Exercise (Act 4, Scene 3)

SEBASTIAN

This is the air; that is the glorious sun;
This pearl she gave me, I do feel't and see't;
And though 'tis wonder that enwraps me thus,
Yet 'tis not madness. Where's Antonio, then?
5 Yet there he was; and there I found this credit,
That he did range the town to seek me out.
His counsel now might do me golden service;
For though my soul disputes well with my sense,
10 That this may be some error, but no madness,
Yet doth this accident and flood of fortune
So far exceed all instance, all discourse,
That I am ready to distrust mine eyes
And wrangle with my reason that persuades me
15 To any other trust but that I am mad!
Or else the lady's mad; yet, if 'twere so,
She could not sway her house, command her followers,
Take and give back affairs and their dispatch
With such a smooth, discreet and stable bearing
20 As I perceive she does; there's something in't

That is deceivable. But here the lady comes.

[Enter Olivia and Priest]

OLIVIA

Blame not this haste of mine. If you mean well,
Now go with me and with this holy man
Into the chantry by: there, before him,
25 And underneath that consecrated roof,
Plight me the full assurance of your faith;
That my most jealous and too doubtful soul
May live at peace. He shall conceal it
Whiles you are willing it shall come to note.
30 What time we will our celebration keep
According to my birth. What do you say?

SEBASTIAN

I'll follow this good man, and go with you;
And, having sworn truth, ever will be true.

OLIVIA

Then lead the way, good father; and heavens so shine,
35 That they may fairly note this act of mine!

[Exeunt]

Twins in Early Modern English Drama and Shakespeare Daisy Murray, 2017-01-06 This volume investigates the early modern understanding of twinship through new readings of plays informed by discussions of twins appearing in such literature as anatomy tracts midwifery manuals monstrous birth broadsides and chapbooks The book contextualizes such dramatic representations of twinship investigating contemporary discussions about twins in medical and popular literature and how such dialogues resonate with the twin characters appearing on the early modern stage Garofalo demonstrates that

in this period twin births were viewed as biologically aberrant and because of this classification authors frequently attempt to explain the phenomenon in ways which call into question the moral and constitutional standing of both the parents and the twins themselves. In line with current critical studies on pregnancy and the female body, discussions of twin births reveal a distrust of the mother and the processes surrounding twin conception; however, a corresponding suspicion of twins also emerges, which monstrous birth pamphlets exemplify. This book analyzes the representation of twins in early modern drama in light of this information, moving from tragedies through to comedies. This progression demonstrates how the dramatic potential inherent in the early modern understanding of twinship is capitalized on by playwrights as negative ideas about twins can be seen transitioning into tragic and tragicomic depictions of twinship. However, by building toward a positive comic representation of twins, the work additionally suggests an alternate interpretation of twinship in this period which appreciates and celebrates twins because of their difference. The volume will be of interest to those studying Shakespeare and Renaissance Literature in relation to the History of Emotions, the Body, and the Medical Humanities. On Strangeness Margaret Bridges, 1990. Reading Shakespeare Historically Lisa Jardine, 1996. Lisa Jardine re-reads Renaissance drama in its historical and cultural context, from laws of defamation in *Othello* to the competing loyalties of companionate marriage and male friendship in *The Changeling*.
