Ready or Not, Here I Come Lloyd J. Vogan, 2012-12-12 What a difference a day can make Events that happen to us on any given day can change our lives forever What about the day after high school graduation What about the day after you get married The day after your first child is born Your life will never be the same after events such as these But there is another day coming which will come without warning and change the whole world overnight It will be the end of this age You will either be ready for it and survive or not be ready and endure the result Author Lloyd J Vogan's Ready or Not Here I Come is about how to survive the future your future Learn the truth about who you really are There is much more to you than what you see in the mirror He teaches you the difference between joy and happiness Discover how to have a peace within you that surpasses all human understanding regardless of the circumstances you may be in at present You are at the crossroads and need to decide which path to follow the broad one that many are on which seems so right or the narrow one that leads to your eternal security Everything is at stake Ready or Not Here I Come explains in simple language what you need to know to make the right choice
