## **Real Baptism Religious Ritual Or Spiritual Reality:**

**Deconstructing Sacramental Theology and Reconstructing Catholic Ritual** Joseph Martos, 2015-05-12 Catholic sacramental doctrine has lost much of its credibility Baptized people leave the church adolescents stop attending shortly after they are confirmed supposedly indissoluble marriages regularly dissolve few go to confession and many do not believe in transubstantiation Drawing upon his decades long study of the sacraments Martos reveals how teachings that seemed rooted in the scriptures and Catholic life have become unmoored from the contexts in which they arose and why seemingly eternal truths are actually historically relative After carefully constructing Catholic teaching from the church's own documents he deconstructs it by demonstrating how biblical passages were misconstrued by patristic authors and how patristic writings were misunderstood by medieval scholastics The long process of misinterpretation culminated in the dogmatic pronouncements of the Council of Trent which continues to dominate Catholic thinking about the church's religious ceremonies If the sacraments are released from their dogmatic baggage Martos believes that the spiritual realities they symbolize can be celebrated in any human culture without being tied to their traditional rites

**Honest Rituals, Honest Sacraments** Joseph Martos, 2017-12-28 Honest rituals are ceremonial actions that celebrate what is actually happening in people's lives Religious rituals however often celebrate beliefs and doctrines e.g. the birth of Christ God's forgiveness of sins or the gifts of the Holy Spirit that have little to do with people's experience Martos argues that early Christian rituals were grounded in experiences such as conversion community commitment and self giving Lacking a vocabulary to name such experiences the authors of the New Testament and other early documents resorted to metaphors such as baptism into Christ receiving the Holy Spirit forgiveness by God and the presence of Christ during worship By the fourth century however those metaphors were taken to be unexperienced metaphysical realities rather than experienced realities The medieval schoolmen developed philosophical explanations of what went on in church rituals and the Catholic Church continues to teach that its sacraments are automatically effective despite growing evidence to the contrary What if religious rituals were to regain their original authenticity What if the guiding value in designing church ceremonies was honesty rather than liturgical correctness After liberating the reader from doctrinal constraints Martos invites Catholics into a re-visioning of the traditional

sacraments and a reawakening of ritual imagination in non-Western cultures

**Ritual and Christian Worship** Jeffrey A. Truscott, 2023-01-05 What exactly is ritual and why is it inherently a part of Christian public worship Could we worship without ritual Does the Christian tradition offer us any perspectives on ritual These are the questions explored in this book whose purpose is to serve as a user's guide to ritual for leaders and planners of Christian worship With the help of various perspectives the life sciences the Bible and Reformation theologians it seeks to explain ritual objectively winsomely and sympathetically Written by a scholar with many years of experience in teaching liturgics this book will help readers to appreciate ritual and become comfortable with themselves as participants in ritual

*The Unholy Trinity* Thomas Van

Dyke,2020-04-28 In this book I try to describe as clearly and simply as possible the Christian journey from a life lived in worldliness and defeat to a life lived in and through the grace of God I use the Biblical story of Israel s journey from Egypt to Canaan in an allegorical sense to show how God through the activities and resources of the Holy Trinity tries to bring us to that place of living in grace and how the devil through the unholy trinity the world the flesh and demonic resistance seeks to thwart that journey I focus on three fronts in the battle between the two trinities On the first front the devil works indirectly through the world system Egypt to deny us our freedom that we have due to the atonement Living under the illusion of pleasure we end up in extreme bondage On the second front the devil works indirectly through our flesh Amalek to hinder us from following the leadership of the Holy Spirit as He attempts to guide us into God s grace On the third front we can expect to experience a more direct conflict with the devil and his spiritual forces Canaan These demonic forces will try to oppose and negate all the benefits of God s promised grace that comes into our lives through Christ XXXXX      *Philo's Influence on Valentinian Tradition* Risto Auvinen,2024-07-05 In this book Risto Auvinen reevaluates the relationship between the exegetical and philosophical traditions found in the works of Philo and those of the Valentinian gnostic tradition with a particular focus on the latter half of the second century Valentinianism s formative years Texts examined include fragments of Valentinus Heracleon and Ptolemy s Letter to Flora in addition to the Valentinian source included in the Excerpta ex Theodoto by Clement of Alexandria and related sections in Irenaeus s Adversus haereses Auvinen asserts that the number of parallels with Philo in the Valentinian sources increases the likelihood that there was a historical relationship between Philo s writings and Valentinian teachers These connections expand our knowledge not only of the preservation and circulation of Philo s texts in the latter part of the second century but also of the importance of the allegorical traditions of Hellenistic Judaism on Valentinus s school of thought and on Gnosticism more broadly      *Debunking Voltaire: A Christian Critique* Advanced Apologetics Research,2024-09-24 Voltaire s ideas were profoundly shaped by Enlightenment thinkers including those who championed Deism a belief in a distant uninvolved creator However the cognitive biases that Voltaire displayed such as his predisposition to favor secularism and his antagonism towards organized religion led him to overlook the moral and existential truths that Christianity provides Through critical examination we will highlight these cognitive biases and the logical errors in his philosophical system For instance one major logical flaw in Voltaire s reasoning is his simplistic association of religious belief with the abuses of religious institutions By conflating institutional corruption with the essence of Christian teaching Voltaire erected a straw man that is easily dismantled Similarly Voltaire s hermeneutic approach his interpretation of sacred texts reveals numerous errors He often misrepresented or misunderstood biblical passages failing to grasp the historical and theological context within which they were written Furthermore Voltaire s understanding of science though ahead of his time in some respects was incomplete His critique of miracles for example rested on a narrow view of natural laws that contemporary science has since expanded Voltaire s critiques of Christianity in light of science often relied

on outdated or superficial scientific concepts which we will examine in later chapters

**Liturgical Theology** Simon Chan, 2006-07-12 Evangelicals Simon Chan argues are confused about the meaning and purpose of the church in part because they have an inadequate understanding of Christian worship He calls evangelicals to develop a theology of worship that is grounded in a theology of the church He guides the reader through worship practices and their significance for theology spirituality and the renewal of evangelicalism in the postmodern era *The Gospel of Christ* ,

**Christian Charismatic Movements** Andrzej Siemieniewski, Mirosław Kiwka, 2021-10-11 The New Testament shows the early Church as having both stable institutions and dynamic growth in charismatic ministries In the twenty first century although many historically determined inessentials have changed the Church's structure remains fundamentally the same This study looks at New Testament ministries Eph 4 11 12 Baptism in the Holy Spirit and the history of the gift of tongues from the Acts of the Apostles through to the charismatics of our time to see how these elements contribute to the fast paced global phenomenon we call the pentecostalization of modern Christianity Our research shows that much of what appears to be novel in current ecclesial movements is the fruit of charisms that have been poured out from the beginning The disciples of Christ are still bringing out of his treasure what is new and old [Systematic Theology/Historical Theology Bundle](#) Wayne A.
