Police on Screen M. Ray Lott, 2015-01-09 From the Roman Praetorian Guard to the English shire reeve to the U S marshals lawmen have a long and varied history At first such groups were often corrupt guilty of advancing a political agenda rather than protecting citizens It was about the turn of the twentieth century that police officers as we know them came into being At this time a number of police reforms such as civil service and police unions were developed Citizen committees were formed to oversee police function About this same time the technology of motion pictures was being advanced Movies evolved from silent films with a limited budget and short running time to films with sound whose budget was ever rising and whose audience demanded longer more complex story lines From the infancy of moviemaking lawmen of various types were popular subjects Bounty hunters sheriffs private eyes detectives and street officers often portrayed by some of Hollywood's biggest names have been depicted in every conceivable way Compiled from a comprehensive examination of the material in question this volume provides a critical historical analysis of law enforcement in American cinema From High Noon to The Empire Strikes Back it examines the police in their many incarnations with emphasis on the ways in which lawmen are portrayed and how this portrayal changes over time Each film discussed reveals something about society subtly commenting on social conditions racial issues and government interventions Major historical events such as the Great Depression World War II and the McCarthy trials find their way into many of these films Significant film genres from science fiction to spaghetti western are represented Films examined include Easy Street 1917 a nominal comedy starring Charlie Chaplin Star Packer a 1934 John Wayne film The Maltese Falcon 1941 with Humphrey Bogart Dirty Harry a 1971 Clint Eastwood classic Leslie Nielsen's spoof Naked Gun 1988 and 1993's Tombstone featuring Kurt Russell The filmography contains a synopsis along with information on director screenplay starring actors and year of production Photographs and an index are also included Conversations with Scorsese Richard Schickel, Martin Scorsese, 2013 With Richard Schickel as the canny and intelligent guide these conversations take us deep into Scorsese's life and work He reveals which films are most autobiographical and what he was trying to explore and accomplish in other films Cop Stories Dick Ellwood, 2010-07-29 Television dramas reality shows and police procedural mystery novels may try to replicate the truth of a cops life but sometimes the real story is strangerand more entertaining In more than thirty engaging anecdotes Cop Stories gives a no holds barred inside look at the experiences of Dick Ellwood police officer for the Baltimore Police Department from 1965 through his retirement in 1990 He vividly depicts the teeming street life of one of the most dangerous cities in the nation From walking a beat in his boyhood neighborhood and his adrenaline fueled work in vice to his ascent to detective and

eventually supervisor in the homicide unit Ellwood doesn't miss a chance to get down and dirty with the gritty details you wont find on primetime TV In addition to investigating murders arresting prostitutes and fighting corruption Ellwood had his lighter moments He arrested his childhood hero Mickey Mantle for public drunkenness and was propositioned in a gay night club He also participated in history by working the race riots of 1968 and learned more than he wanted to know about arson Spanning the turbulent times of the sixties through the decadence of the eighties Cop Stories reveals what it truly means to protect serve and live the life of a tough dedicated cop Policing the Media David D. Perlmutter, 2000-02-10 Policing the Media is an investigation into one of the paradoxes of the mass mediated age Issues events and people that we see most on our television screens are often those that we understand the least David Perlmutter examined this issue as it relates to one of the most frequently portrayed groups of people on television police officers Policing the Media is a report on the ethnography of a police department derived from the author's experience riding on patrol with officers and joining the department as a reserve policeman Drawing upon interviews personal observations and the author's black and white photographs of cops and the clients Perlmutter describes the lives and philosophies of street patrol officers He finds that cops hold ambiguous attitudes toward their television comrades for much of TV copland is fantastic and preposterous Even those programs that boast gritty realism little resemble actual police work Moreover the officers perceive that the public s attitudes toward law enforcement and crime are directly and largely nefariously influenced by mass media This in turn he suggests influences the way that they themselves behave and perform on the street and that unreal and surreal expectations of them are propagated by television cop shows This cycle of perceptual influence may itself profoundly impact the contemporary criminal justice system on the street in the courts and in the hearts and minds of ordinary people

Hollywood's Last Golden Age Jonathan Kirshner, 2012-10-05 Between 1967 and 1976 a number of extraordinary factors converged to produce an uncommonly adventurous era in the history of American film The end of censorship the decline of the studio system economic changes in the industry and demographic shifts among audiences filmmakers and critics created an unprecedented opportunity for a new type of Hollywood movie one that Jonathan Kirshner identifies as the seventies film In Hollywood s Last Golden Age Kirshner shows the ways in which key films from this period including Chinatown Five Easy Pieces The Graduate and Nashville as well as underappreciated films such as The Friends of Eddie Coyle Klute and Night Moves were important works of art in continuous dialogue with the political social personal and philosophical issues of their times These seventies films reflected the era s social and political upheavals the civil rights movement the domestic consequences of the Vietnam war the sexual revolution women s liberation the end of the long postwar economic boom the Shakespearean saga of the Nixon Administration and Watergate Hollywood films in this brief exceptional moment embraced a new aesthetic and a new approach to storytelling creating self consciously gritty character driven explorations of moral and narrative ambiguity Although the rise of the blockbuster in the second half of the 1970s largely ended Hollywood s embrace of more challenging films Kirshner argues that seventies filmmakers showed that it was possible to combine commercial entertainment with serious explorations of politics society and characters interior lives
