The Real Mother Goose Blanche Fisher Wright, 2024-02-10 Blanche Fisher Wright is children's books illustrator active in the 1910s. One by one cherished nursery rhymes from Humpty Dumpty to Hickory Dickory Dock Jack Be Nimble to Mother Hubbard fall prey to sly subversion as Jon Scieszka and illustrator Julia Rothman refashion them into comics strips errant book reports anagrams and manic mash ups. Playfully reconstructed the thirty-six old new rhymes invite further baloney bringing kids in on the joke and inviting them to revel in reimagining *Mother Goose Treasury* Kate Greenaway, 1999 **The Natural History of Make-Believe** John Goldthwaite, 1996-02-22 The Man in the Moon has dropped down to earth for a visit. Over the hedge a rabbit in trousers is having a pipe with his evening paper. Elsewhere Alice is passing through a looking glass Dorothy riding a tornado to Oz and Jack climbing a beanstalk to heaven. To enter the world of children's literature is to journey to a realm where the miraculous and the mundane exist side by side a world that is at once recognizable and real and enchanted. Many books have probed the myths and meanings of children's stories but Goldthwaite's *Natural History* is the first exclusively to survey the magic that lies at the heart of the literature. From the dish that ran away with the spoon to the antics of Brer Rabbit and Dr. Seuss's Cat in the Hat Goldthwaite celebrates the craft the invention and the inspired silliness that fix these tales in our minds from childhood and leave us in a state of wondering to know how these things can be. Covering the three centuries from the fairy tales of Charles Perrault to Maurice Sendak's *Where the Wild Things Are* he gathers together all the major imaginative works of America Britain and Europe to show how the nursery rhyme the fairy tale and the beast fable have evolved into modern nonsense verse and fantasy. Throughout he sheds important new light on such stock characters as the fool and the fairy godmother and on the sources of authors as diverse as Carlo Collodi Lewis Carroll and Beatrix Potter. His bold claims will

inspire some readers and outrage others He hails Pinocchio for example as the greatest of all children s books but he views C S Lewis s *The Chronicles of Narnia* as a parable that is not only murderously misogynistic but deeply blasphemous as well Fresh incisive and utterly original this rich literary history will be required reading for anyone who cares about children s books and their enduring influence on how we come to see the world **The Mother's Almanac** Marguerite Kelly, Elia Parsons, 1992-05-01 A national bestseller with more than 750 000 copies in print now revised for the new mothers of the 90s the latest findings on health advice for working mothers facts about the influence of TV and more B W illustrations throughout *A Two-way Street* Maryellen Hains, 1982 *Every Day a Holiday* Elizabeth Raum, 2001 Matches quality children s books with each day of the year to provide a focus for story time The lessons in this book will help children develop creative connections between reading and the world around them introducing them to many other people and places throughout the world *Everything I Need To Know I Learned From A Children's Book* Anita Silvey, 2009-10-13 What children s book changed the way you see the world Anita Silvey asked this question to more than one hundred of our most respected and admired leaders in society and she learned about the books that shaped financiers actors singers athletes activists artists comic book creators novelists illustrators teachers The lessons they recall are inspiring instructive and illuminating And the books they remember resonate as influential reading choices for families EVERYTHING I NEED TO KNOW I LEARNED FROM A CHILDREN S BOOK with its full color excerpts of beloved children s books is a treasury and a guide a collection of fascinating essays and THE gift book of the year for families **A Mother Goose Treasury** , 1964 *Daily Discoveries for MAY (ENHANCED eBook)* Elizabeth Cole Midgley, 2006-03-01 Every day can be a celebration in your classroom with the ideas in this book Another title in the Daily Discoveries series it is filled with fun and meaningful occasions to observe familiar ones such as May Day Cinco de Mayo and Mother s Day and not so familiar ones such as Favorite T Shirt Day Backwards Day Doughnut Day Tall Tales Day and many more Use the activities in your regular curriculum language arts social studies writing math science and health music and drama physical fitness art etc *Generations Together a Job-Training Curriculum for Older Workers in Child Care* , 1993 **The original Mother Goose's melody, as first issued by J.
