,1971 *Healing the Soul of America* Marianne Williamson, 2000-02-28 Building on the wisdom and compassion that has won her millions of fans and followers Williamson teaches readers the keys to bringing spiritual values into their own lives into their communities and into the country as a whole **Healing the Soul of America - 20th Anniversary Edition**
Marianne Williamson, 2018-07-24 Now updated with new material by 1 New York Times bestselling author and 2020 Democratic presidential candidate Marianne Williamson the twentieth anniversary edition of *Healing the Soul of America* shares her timeless visionary message of political healing In the twentieth anniversary edition of *Healing the Soul of America* Marianne Williamson reclaims her powerful voice for social conscience in American society This is a time according to Williamson for Americans to return once again to our first principles both politically and spiritually Here Williamson draws plans to transform the American political consciousness and encourage powerful citizen involvement to heal our society With updated material throughout Williamson explores the current state of American politics reminding us of her theory of holistic politics the convergence of political activists looking toward spiritual wisdom and spiritual contemplatives extending their service into the political landscape She believes that a morally concerned American must now take an active stand in turning this country away from its current identity as a nation obsessively in love with its money to a nation more seriously invested in all of its children and the potential brilliance of every citizen Marianne Williamson is attempting to help not only her followers but an entire nation People In the wake of the current political dysphoria with countless tragedies consistently on the nightly news America is facing a time of immense division Political parties that completely polarize friends and family mass shootings threats of nuclear war and a lack of confidence in our governmental leaders show that the country is in desperate need of restoration We need a new paradigm of political understanding a moral commitment to express it and a new kind of activism to bring it forth *Healing the Soul of America* is a blueprint for all three and there has never been a more urgent need **Will the Real America Please Stand Up?** C. Thomas Anderson, 2011-08 America has never really been about Americans It has always been about the tired the poor the huddled masses and the wretched refuse of the rest of the world who yearn to be free For four centuries people have moved here to escape oppressive tyranny to worship without compulsion and to flee the bondage of poverty America is about those people the refugees from every culture and nation on earth It is about the world and it is about freedom But with these rights come responsibility The right to choose implies the responsibility to choose wisely The right to an education implies the responsibility to think The right to religious freedom implies the responsibility to pray The right to life implies the responsibility to value life The right to liberty implies the responsibility of tolerance The right to pursue happiness implies the responsibility to work The right to vote implies the responsibility to know the issues It is not small think to be a citizen of the greatest nation on earth It means adherence to the

principles upon which this nation is founded The principles so often illustrated in the lives of our Founding Fathers and in the history of the nation are as valid today as ever But living in the freedom and the individual rights that we have also means that we live with the responsibilities of those freedoms This book is an expression of Dr Anderson s concern for the future of America and his desire to maintain the godly heritage that has made America great
