Report From Peking Observations Of A Western Diplomat On The Cultural Revolution:

Report from Peking Douwe Wessel Fokkema,1971 **Report from Peking** D.W. Fokkema,1972-01-01 The Cultural Revolution Frank Dikötter,2017-06-06 The concluding volume following Mao s Great Famine and The Tragedy of Liberation in Frank Dikötter s award winning trilogy chronicling the Communist revolution in China After the economic disaster of the Great Leap Forward that claimed tens of millions of lives from 1958 1962 an aging Mao Zedong launched an ambitious scheme to shore up his reputation and eliminate those he viewed as a threat to his legacy The Cultural Revolution s goal was to purge the country of bourgeois capitalistic elements he claimed were threatening genuine communist ideology Young students formed the Red Guards vowing to defend the Chairman to the death but soon rival factions started fighting each other in the streets with semiautomatic weapons in the name of revolutionary purity As the country descended into chaos the military intervened turning China into a garrison state marked by bloody purges that crushed as many as one in fifty people The Cultural Revolution A People s History 1962 1976 draws for the first time on hundreds of previously classified party documents from secret police reports to unexpurgated versions of leadership speeches After the army itself fell victim to the Cultural Revolution ordinary people used the political chaos to resurrect the market and hollow out the party s ideology By showing how economic reform from below was an unintended consequence of a decade of violent purges and entrenched fear The Cultural Revolution casts China s most tumultuous era in a wholly new light Liu Shaoqi and the Chinese Cultural Revolution Lowell Dittmer,2015-02-12 By addressing the issues that decimated China s monolithic elite in the late 1960s this text illuminates not only the life and fate of Liu Shaoqi but also the policy making process of a revolutionary state facing the diverting exigencies of economic modernization and political development *China's Cultural Revolution, 1966-69* Michael Schoenhals,2015-03-04 Mao Zedong launched the Great Proletarian Cultural Revolution 30 years ago This documentary history of the event presents a selection of key primary documents dealing with the Cultural Revolution s massive and bloody assault on China s political and social systems **The Politics of the Chinese Cultural Revolution** Hong Yung Lee,2024-03-29 Hong Yung Lee s account of the Cultural Revolution illuminates its complexities and subtleties to an unprecedented degree His primary concern is with the behavior of the masses once they were freed from party control and his analysis of voluminous Red Guard publications highlights the different membership characteristics positions and strategies of both the student Red Guards and the worker Revolutionary Rebels divided internally along a conservative radical line Rejecting the ideologically oriented assumption that workers and students of worker or peasant origin comprised the majority of the radical elements Lee argues that students of bourgeois and other bad origins workers in small factories sent down students and demobilized soldiers were the radicals whereas students from families with pre 1949 revolutionary careers and workers in large scale and modern enterprises were found in large numbers among the conservatives He contends that contrary to some social science theories the radicals were motivated by rational rather than

ideological considerations and that they attacked the status quo because it was they who experienced discrimination under the existing political system whereas the conservatives generally belonged to favored social groups Lee demonstrates that an adequate history of the Cultural Revolution cannot restrict itself to an analysis of policy difference among the elites but must consider the behavior of the masses and their relationship with the elites Hong Yung Lee's account of the Cultural Revolution illuminates its complexities and subtleties to an unprecedented degree His primary concern is with the behavior of the masses once they were freed from party control and his analysis of voluminous Red Guard
