Mervyn Edwin Roberts III covers psychological operations across the entire theater by all involved US agencies His book reveals the complex interplay of these activities within the wider context of Vietnam and the Cold War propaganda battle being fought by the United States at the same time Because PSYOP never occurs in a vacuum Roberts considers the shifting influence of alternative sources of information especially from the governments of North and South Vietnam but also from Australia Korea and the Philippines The Psychological War for Vietnam 1960 1968 also addresses the development of PSYOP doctrine and training in the period prior to the introduction of ground combat forces in 1965 and finally shows how the course of the war itself forced changes to this doctrine The scope of the book allows for a unique measurement of the effectiveness of psychological operations over time The Other War in Vietnam United States.
