How Student Journalists Report Campus Unrest Kaylene Dial Armstrong,2017-11-22 Journalists are trained to tell the stories of others and leave themselves out of their writing Student journalists are no different They spend their days on their college newspaper writing about what happens to others especially when what is happening involves protests sit ins riots hunger strikes and other unrest on the very campuses where they also attend school Now some of these former student reporters and editors tell their own stories of some of the challenges all student journalists face in reporting events that most administrators would rather see not covered at all For some this is the first time the stories of what happened in the newsrooms and behind the scenes will appear in print Some of the issues they discuss include censorship the role of the newspaper as the conscience of the community objective and activist journalism and the challenges of reporting crises The protests covered here represent the

many concerns college student protesters have tackled through the decades integration in 1962 the free speech movement of 1964 racial issues and the Vietnam War in 1968 and 1970 and continuing racial issues in the present Many of these former student journalists look back decades to their work in the 1960s Some discuss a more recent protest Looking back they admit they might have done things differently if they had to do it again yet all are fiercely proud of the work they did in recording the first version of history

Reporting World War II G. Kurt Piehler,Ingo Trauschweizer,2023-04-25 This set of essays offers new insights into the journalistic process and the pressures American front line reporters experienced covering World War II Transmitting stories through cable or couriers remained expensive and often required the cooperation of foreign governments and the American armed forces Initially reporters from a neutral America documented the early victories by Nazi Germany and the Soviet invasion of Finland Not all journalists strove for objectivity During her time reporting from Ireland Helen Kirkpatrick remained a fierce critic of that country s neutrality Once the United States joined the fight after the Japanese attack on Pearl Harbor American journalists supported the struggle against the Axis powers but this volume will show that reporters even

when members of the army sponsored newspaper Stars and Stripes were not mere ciphers of the official line African American reporters Roi Ottley and Ollie Stewart worked to bolster the morale of Black GIs and undermined the institutional racism endemic to the American war effort Women front line reporters are given their due in this volume examining the struggles to overcome gender bias by describing triumphs of Th r se Mabel Bonney Iris Carpenter Lee Carson and Anne Stringer The line between public relations and journalism could be a fine one as reflected by the U S Marine Corps creating its own network of Marine correspondents who reported on the Pacific island campaigns and had their work published by American media outlets Despite the pressures of censorship the best American reporters strove for accuracy in reporting the facts even when dependent on official communiqu s issued by the military Many wartime reporters even when covering major turning points sought to embrace a reporting style that recorded the experiences of average soldiers Often associated with Ernie Pyle and Bill Mauldin the embrace of the human interest story served as one of the enduring legacies of the conflict Despite the importance of American war reporting in shaping perceptions of the war on the home front as well as shaping the historical narrative of the conflict this work underscores how there is more to learn Readers will gain from this work a new appreciation of the contribution of American journalists in writing the first version of history of the global struggle against Nazi Germany imperial Japan and fascist Italy **Annual Report** Cleveland (Ohio). Board of Education,1895 Writing Immigration Marcelo Suarez-Orozco,Vivian Louie,Roberto Suro,2011-09-01 Bringing nuance complexity and clarity to a subject often seen in black and white Writing Immigration presents a unique interplay of leading scholars and journalists working on the contentious topic of immigration In a series of powerful essays the contributors reflect on how they struggle to write about one of the defining issues of our time one that is at once local and global familiar and uncanny concrete and abstract Highlighting and framing central questions surrounding immigration their essays explore topics including illegal immigration state and federal mechanisms for immigration regulation enduring myths and fallacies regarding immigration immigration and the economy immigration and education the adaptations of the second generation and more Together these writings give a clear sense of the ways in which scholars and journalists enter shape and sometimes transform this essential yet unfinished national conversation *Proceedings, Abstracts of Lectures and a Brief Report of the Discussions of the National Teachers' Association, the National Association of School Superintendents and the American Normal School Association* National Education Association of the United States,1915 *Biennial Report* Illinois. Reese,2013-03-11 Despite claims that written exams narrowed the curriculum ruined children s health and turned teachers into automatons once tests took root in American schools their legitimacy was never seriously challenged William Reese puts today s battles over standards and benchmarks into perspective by showcasing the history of the pencil and paper exam **Annual Report of the Board of Education for the School Year Ending ...** Cleveland (Ohio).
