**Reproduction, Sex, and Preparation for Marriage** Lawrence Q. Crawley,1964      **Reproduction, Sex and Preparation for Marriage** ,1964      *Reproductive Restraints* Sanjam Ahluwalia,2010-10-01 Reproductive Restraints traces the history of contraception use and population management in colonial India while illuminating its connection to contemporary debates in India and birth control movements in Great Britain and the United States Sanjam Ahluwalia draws attention to the interactive and relational history of Indian birth control by including western activists such as Margaret Sanger and Marie Stopes alongside important Indian campaigners In revealing the elitist politics of middle class feminists Indian nationalists western activists colonial authorities and the medical establishment Ahluwalia finds that they all sought to rationalize procreation and regulate women while invoking competing notions of freedom femininity and family Ahluwalia s remarkable interviews with practicing midwives in rural northern India fills a gaping void in the documentary history of birth control and shows that the movement has had little appeal to non elite groups in India Finding that Jaunpuri women s reproductive decisions are bound to their emotional cultural and economic reliance on family and community Ahluwalia presents the limitations of universal liberal feminist categories which often do not consider differences among localized subjects She argues that elitist birth control efforts failed to account for Indian women s values and needs and have worked to restrict reproductive rights rather than liberate subaltern Indian women since colonial times      **Youth Organizing for Reproductive Justice** Chris Barcelos,2025-03-04 This helpful how to guide introduces the practices history and politics of youth movements for justice in the United States Grounded in the struggles and worldmaking of queer and trans youth and people of color Youth Organizing for Reproductive Justice shows us how all youth organizing is reproductive justice as young people resist systems of oppression that limit bodily autonomy and self determination Through case studies activist spotlights and organizing how tos this book provides a powerful tool for understanding the interconnected struggles at the center of youth activism From the school to prison pipeline to transgender youth s access to gender affirming care to support for pregnant and parenting teens Chris Barcelos shows that reproductive justice inspires political organizing across a range of issues This book will help mobilize scholars activists policy makers reproductive justice nonprofit workers and youth organizers toward collective liberation      **The Colleges and Sex Education ...** American Social Hygiene Association,1928

*Treatment Interventions in Human Sexuality* Carol Nadelson,2012-12-06 Despite much progress in the past ten years American medical schools have woefully inadequate sex education curricula While some have a reasonable amount of lecture time few have clinical opportunities for students to develop practical skills in working with patients who are struggling with sexual problems It is my impression that the same is true in medical and gynecological residencies as well as in graduate schools of psychology counseling and social work This book was specifically written to help fill that gap This is a book for clinicians and it will provide a wealth of practical clinical knowledge and skills in dealing with the gamut of patient s sexual

concerns problems and dilemmas Twenty four experts have contributed eighteen chapters which address both the common and unusual sexual issues encountered in practice These include sexual concerns from childhood to old age gender identity and sexual preference sexual dysfunction including that of the physically ill and disabled counseling with students premarital marital and divorced patients fertility and infertility and chapters dealing with rape incest and other sexual contacts between adults and children Of particular importance are chapters on human sexuality in American minority populations a chapter on alcohol medication and other drugs and a chapter on medical management of sexual problems in the gay population a subject long ignored by the profession The focus on practical intervention and skill development is amplified by the concluding four appendixes devoted to patient management problems     *Reproductive Behavior* Henry P.

David,2013-12-11     **Textbook of Contraception, Sexual and Reproductive Health** Johannes Bitzer,Tahir A. Mahmood,2024-01-25 This practical evidence based handbook will meet the needs of those working in the field of SRH care and will also help those preparing for the joint EBCOG and ESCRH Certificate and Diploma examination in Sexual and Reproductive Health and is designed to closely follow the examination's curriculum     Gender, HIV and Risk E. Anderson,2015-03-04 This book examines the gender context of HIV and critiques the global policy response Anderson contributes to the feminist task of de invisibilising gender as structural violence and identifies how gendered power structures are responded to at the local level in Malawi     **Sex Without Consent** Shireen J Jejeebhoy,Iqbal Shah,Shyam Thapa,2013-07-04 The pressing need to break the silence on non consensual sex among young people an issue shrouded by denial underreporting and stigma is self evident Despite the growing body of research regarding young people's sexual behaviours the study of coercive sexual experiences has generally been overlooked by both researchers and national programmes Available evidence has been scattered and unrepresentative and despite this evidence non consensual sex among young people is perceived to be a rare occurrence This volume dispels any such misconception It presents a disturbing picture of non consensual sex among girls as well as boys and among married as well as unmarried young women in a variety of settings This volume documents moreover the expanse of non consensual experiences that young people face from unwanted touch to forced penetrative sex and gang rape Although the focus is on young females the volume also sheds light on the experience of young males as both victims and perpetrators This pioneering volume highlights key factors placing young people at risk whilst outlining the significant distinctive health and social implications they face Sex Without Consent also documents the unsupportive and sometimes abusive or negligent roles of families teachers health care providers and law enforcement agents outlines promising efforts intended to prevent non consensual sex or support survivors and argues for profound changes in norms and values that tolerate or encourage non consensual sex The editors based at the Population Council New Delhi the World Health Organization Geneva and Family Health International Virginia argue compellingly for a radical review and reform of existing programmes designed to prevent this kind of abuse and to support

young survivors of sexual trauma in the developing world Addressing the magnitude determinants and consequences of sex without consent this volume provides evidence based directions for programming     Hygeia ,1939     **Other Choices for Becoming a Woman** Joyce Slayton Mitchell,1974     *The Journal of Home Economics* ,1911     *The Family and Its Future* Katherine Elliott,2009-09-16 The Novartis Foundation Series is a popular collection of the proceedings from Novartis Foundation Symposia in which groups of leading scientists from a range of topics across biology chemistry and medicine assembled to present papers and discuss results The Novartis Foundation originally known as the Ciba Foundation is well known to scientists and clinicians around the world     **The Science of Sex** John Allen Godfrey,1901     Households of Faith Nancy Christie,2002 Households of Faith examines a variety of religious traditions with a particular focus on the way in which religious communities define gender identities The authors explore the boundaries drawn in religious discourse between the private and public offering a revisionist perspective on the theoretical framework of separate spheres By analysing gender relations within the matrix of the family they explore both the conflicts and interdependency of gender roles     **Health Principles and Practice** Carl Leonard Anderson,1970     Reproductive Health in Developing Countries National Research Council,Division of Behavioral and Social Sciences and Education,Commission on Behavioral and Social Sciences and Education,Panel on Reproductive Health,1997-08-02 Sexually transmitted diseases unintended pregnancies infertility and other reproductive problems are a growing concern around the world especially in developing countries Reproductive Health in Developing Countries describes the magnitude of these problems and what is known about the effectiveness of interventions in the following areas Infection free sex Immediate priorities for combating sexually transmitted and reproductive tract diseases are identified Intended pregnancies and births The panel reports on the state of family planning and ways to provide services Healthy pregnancy and delivery The book explores the myths and substantive socio economic problems that underlie maternal deaths Healthy sexuality Such issues as sexual violence and the practice of female genital mutilation are discussed in terms of the cultural contexts in which they occur Addressing the design and delivery of reproductive health services this volume presents lessons learned from past programs and offers principles for deciding how to spend limited available funds Reproductive Health in Developing Countries will be of special interest to policymakers health care professionals and researchers working on reproductive issues in the developing world     *Assisted Reproduction Across Borders* Merete Lie,Nina Lykke,2016-10-04 Today it often seems as though Assisted Reproductive Technologies ARTs have reached a stage of normalization at least in some countries and among certain social groups Apparently some practices for example in vitro fertilization IVF have become standard worldwide The contributors to Assisted Reproduction Across Borders argue against normalization as an uncontested overall trend This volume reflects on the state of the art of ARTs From feminist perspectives the contributors focus on contemporary political debates triggered by ARTs They examine the varying ways in which ARTs are interpreted and practised in different contexts depending on

religious moral and political approaches Assisted Reproduction Across Borders embeds feminist analysis of ARTs across a wide variety of countries and cultural contexts discussing controversial practices such as surrogacy from the perspective of the global South as well as the global North as well as inequalities in terms of access to IVF This volume will appeal to scholars and students of anthropology ethnography philosophy political science history sociology film studies media studies literature art history area studies and interdisciplinary areas such as gender studies cultural studies and postcolonial studies
