The Secrets of the Gods Claudiu Gilian, 2017-03-22 What would it be like to realize one day that everything you believed to be true was nothing but a lie? That you lived in an illusion constantly fed by those around you? That reality is often diametrically opposed to the chimera that was inoculated to you? That to learn the truth you need to forget everything you know? What is God? Are aliens real? Is the material universe just an illusion? Why are we here? Where do we come from and where do we go after death? Is Earth a prison? Are humans the descendants of the gods of the past? Is the Bible just a collection of plagiarized myths? Was Christianity invented by Philo of Alexandria? Was the Garden of Eden located on the territory of today's Romania? Are Lucifer and Adam the same character? Is Noah's Ark one of the Giza pyramids? Is the Great Pyramid an interdimensional travel device? Was the prophet Abraham a descendant of the Akkadian emperor Sargon the Great? Was Moses really Pharaoh Akhenaton? Is there an unseen war between the Aryan and Semitic races? Did Alexander the Great discover the source of life in Dacia? Did Pharaoh Tutankhamun's family practice black magic? Does the Asteroid Belt come from the Mariana Trench? Are the fallen angels at the top of the Masonic pyramid? Is time travel possible? Is the Apocalypse an event of the past? Was Jesus possessed? All these questions and many more can be answered by *The Secrets of the Gods*, a secret history of the world based on the decoding of ancient myths as well as on the results of modern scientific research. A unique and controversial interpretation of universal history which brings to the general public the secrets of the gods until now reserved only for the initiated. **The Changing Environment of Northern Michigan** Knute Nadelhoffer, Alan J.
