Required Reading A Decade Of Political Wit And Wisdom:

Against the Vietnam War Mary Susannah Robbins, 2007 The protest movement in opposition to the Vietnam War was a complex amalgam of political social economic and cultural motivations factors and events Against the Vietnam War brings together the different facets of that movement and its various shades of opinion Here the participants themselves offer statements and reflections on their activism the era and the consequences of a war that spanned three decades and changed the United States of America The keynote is on individual experience in a time when almost every event had national and international significance **Senators of the United States** ,1995 **Eugene McCarthy** Dominic Sandbrook, 2007-12-18 Eugene McCarthy was one of the most fascinating political figures of the postwar era a committed liberal anti Communist who broke with his party s leadership over Vietnam and ultimately helped take down the political giant Lyndon B Johnson His presidential candidacy in 1968 seized the hearts and fired the imaginations of countless young liberals it also presaged the declining fortunes of liberalism and the rise of conservatism over the past three decades Dominic Sandbrook traces Eugene McCarthy s rise to prominence and his subsequent failures and makes clear how his story embodies the larger history of American liberalism over the last half century We see McCarthy elected from Minnesota to the House and then to the Senate part of a new liberal movement that combined New Deal domestic policies and fierce Cold War hawkishness a consensus that produced huge electoral victories until it was shattered by the war in Vietnam As the situation in Vietnam escalated many liberals like McCarthy found themselves increasingly estranged from the anti Communism that they had supported for nearly two decades Sandbrook recounts McCarthy s growing opposition to President Johnson and his policies which culminated in McCarthy s stunning near victory in the New Hampshire presidential primary and Johnson s subsequent withdrawal from the race McCarthy went on to lose the nomination to Hubert Humphrey at the infamous 1968 Democratic National Convention in Chicago which secured his downfall and led to Richard Nixon s election but he had pulled off one of the greatest electoral upsets in American history one that helped shape the political landscape for decades These were tumultuous times in American politics and Sandbrook vividly captures the drama and historical significance of the period through his intimate portrait of a singularly interesting man at the center of it all Guerrilla Diplomacy Robert K. Brigham, 2019-06-07 In 1960 revolutionaries in South Viet Nam created the National Liberation Front a political and military organization committed to overthrowing the Saigon government and liberating Viet Nam south of the seventeenth parallel The role of the NLF during the war has been hotly debated with officials in Washington claiming from the outset that the NLF was merely a puppet of Hanoi Based on over a hundred interviews with former Communist cadre and high ranking Party officials as well as extensive archival research in Viet Nam Robert K Brigham s is a definitive work that provides a focus on the NLF not found elsewhere It contributes greatly to our understanding of the Viet Nam War and encourages a reassessment of that conflict Brigham assesses the impact of the NLF s diplomatic strategy on the conduct and outcome of hostilities explores the origin and

pursuit of its policy objectives and defines its true relationship with North Viet Nam He contends that the NLF's success in convincing the world that it was independent of Hanoi was critical in upsetting the political and military balance in South Viet Nam and frustrating the U S war effort In addition he argues that differences in goals among Communists building socialism in the north liberating the south resulted in disagreements over responses to American intervention and he shows how these differences entered into foreign relations and seriously undermined revolutionary efforts *Selected New Books* New Jersey State Library,1985 **Literary Washington** David Cutler,1992 A comprehensive reference for all things literary in the nation's capital **Required Reading** Eugene J. McCarthy,1988 Commentary on the American political scene by the former U S Congressman two term Senator and contender for the Presidency in 1968 Dust jacket **American Book Publishing Record** ,1988 *American's Political Tradition and the Soviet Challenge* Edward L. Rowny,1987 **The New York Times Book Review** ,1995-11 **Forthcoming Books** Rose Arny,1988-09 *Clean for Gene* George Rising,1997-02-19 Most scholars agree that 1968 was a watershed in U S political history And Senator Eugene McCarthy's anti Vietnam War presidential campaign was a main catalyst for the year's events McCarthy's near upset of President Lyndon B Johnson in the first presidential primary in New Hampshire dramatically illustrated the divisions within the Democratic party brought Senator Robert F Kennedy into the race led to Johnson's withdrawal and undercut the radical New Left antiwar movement This work has two main purposes First it seeks to delineate Eugene McCarthy's conservative liberal ideology and in so doing contrast it to the ideology of the New Left antiwar movement And second it seeks to describe the historical context causes important events and effects of McCarthy's 1968 presidential campaign **The Nation** ,1876 **Current Biography Yearbook** ,2006 The Parliamentary Debates from the Year 1803 to the Present Time ,1813 *Political Communications* John Bartle,Simon Atkinson,Roger Mortimore,2002 The sixth book in the Political Communications series focuses on the general election of 2001 It makes available the reflections of those who participated in the election Feasting on the Word: Year A, Volume 1 David L.
