Reading Picture Books with Children Megan Dowd Lambert, 2015-11-03 A new interactive approach to storytime The

Whole Book Approach was developed in conjunction with the Eric Carle Museum of Picture Book Art and expert author Megan Dowd Lambert's graduate work in children's literature at Simmons College offering a practical guide for reshaping storytime and getting kids to think with their eyes Traditional storytime often offers a passive experience for kids but the Whole Book approach asks the youngest of readers to ponder all aspects of a picture book and to use their critical thinking skills Using classic examples Megan asks kids to think about why the trim size of Ludwig Bemelman's *Madeline* is so generous or why the typeset in David Wiesner's Caldecott winner *The Three Pigs* appears to twist around the page or why books like Chris Van Allsburg's *The Polar Express* and Eric Carle's *The Very Hungry Caterpillar* are printed landscape instead of portrait The dynamic discussions that result from this shared reading style range from the profound to the hilarious and will inspire adults to make children's responses to text art and design an essential part of storytime **My**

Victorian Novel Annette R. Federico, 2020-05-08 The previously unpublished essays collected here are by literary scholars who have dedicated their lives to reading and studying nineteenth century British fiction and the Victorian world Each writes about a novel that has acquired personal relevance to them a work that has become entwined with their own story or that remains elusive or compelling for reasons hard to explain These are essays in the original sense of the word attempts individual and experiential approaches to literary works that have subjective meanings beyond social facts By reflecting on their own histories with novels taught studied researched and re-experienced in different contexts over many years the contributors reveal how an aesthetic object comes to inhabit our critical pedagogical and personal lives By inviting scholars to share their experiences with a favorite novel without the pressure of an analytical agenda the sociable essays in *My Victorian Novel* seek to restore some vitality to the act of literary criticism and encourage other scholars to talk about the importance of reading in their lives and the stories that have enchanted and transformed them The novels in this collection include *Jane Eyre* by Charlotte Brontë *The Duke's Children* by Anthony Trollope *The Adventures of Sherlock Holmes* by Arthur Conan Doyle *The Newcomes* by William Makepeace Thackeray *Middlemarch* by George Eliot *Daniel Deronda* by George Eliot *The Return of the Native* by Thomas Hardy *Vanity Fair* by William Makepeace Thackeray *North and South* by Elizabeth Gaskell *Bleak House* by Charles Dickens *David Copperfield* by Charles Dickens *New Grub Street* by George Gissing *The Pickwick Papers* by Charles Dickens *Dracula* by Bram Stoker *Wuthering Heights* by Emily Brontë **Shadow Work** Emily

Hodgson Anderson, 2025-03-04 How is it that reading and writing can at once isolate us and bring us closer to others Blending personal narrative with literary criticism Emily Hodgson Anderson considers what a life spent with books has taught her about loneliness and human connection She delves into the unseen labor of women authors and mothers and she argues that we can reimagine intimacy through books Herself a book lover and writer a teacher of literature and a single mom Anderson reflects on the loneliness and the strength that can come from living writing and parenting alone *Shadow Work* puts writers such as Jane Austen Mary Shelley Laurence Sterne and Shakespeare into unexpected conversations with

authors of children's literature and contemporary fiction among them Roald Dahl, Laura Ingalls Wilder, Zadie Smith, and Lewis Carroll. Elegantly and poignantly written, this book examines what it means to revisit longtime literary companions and how literature can help us better understand what we show and hide about ourselves. **Reading My Mother Back** Timothy C. Baker, 2023-12-12 An innovative memoir connecting ideas of grief, memory, and animals to illustrate the importance of storytelling. When his mother died, Timothy C. Baker discovered that there was almost no record of her existence and no stories that were his to tell; the only way to bring her back was through reading. *Reading My Mother Back* is a genre-bending memoir that explores a life marked by trauma, illness, religion, and abuse through a focus on the books Baker and his mother shared. The book combines accounts of rereading childhood classics with true and apocryphal stories of a quiet life marked by great sorrow and great joy. The book is about grief and memory and how our childhood reading shapes the way we see the world; it's about loneliness and the search for belonging; it's about how ordinary lives are transfigured by storytelling. Moving from accounts of American evangelical communities to kidney failure, from literary criticism to psychoanalysis, and from guilt to love, Baker shows how literature provides a framework for understanding our experiences and offers a way of connecting with everything we have lost. The book illustrates how children's animal stories bring us into a love of the world and how acts of rereading become a way not of assuaging grief but of bringing the past and present together. *Reading My Mother Back* offers a bold and personal view of why the stories we read and share matter so much. And there are bunnies. *Enchanted Hunters: The Power of Stories in Childhood* Maria Tatar, 2009-04-20 Tatar challenges the assumptions we make about childhood reading. By exploring how beauty and horror operate in children's literature, she examines how and what children read, showing how literature transports and transforms children with its intoxicating, captivating, and occasionally terrifying energy. Caught Reading Again R.S. Sugirtharajah, 2013-02-12 Contributors to this collection have been asked to re-read the book that inspired them the most at the outset of their career or earlier and then describe what that book offers them now and how the book and the reader have changed, be it theologically, culturally, politically, personally, or professionally, since that first inspiring read. Each chapter reads differently, the tone changing from author to author depending on their various social and political locations, their gender, and ethnic differences. Contributors represent different disciplines: Systematic Theology, Biblical Studies, Cultural, and English Studies. The selection also reflects male and female, centre and margin, Black and White representations. Each is a very well-established figure in their field, and more crucially, they are at the stage in their career to undertake the type of exercise envisioned in this exciting and unusual project. Autobiographical criticism is a growing tool in most academic fields, and here for the first time a group of eminent theologians ask themselves about the relationship between the reader and the book. Each scholar addresses the book's original context and the present context, their theological and hermeneutical journey, how the theological landscape has changed over the years for them, the memories these re-readings bring, their prejudices, theological likes and dislikes, and how these have shaped their theological

thinking today Contributions from dynamic thinkers from around the globe include Stephen Moore Elisabeth Schussler Fiorenza Regina Schwartz Fernando Segovia Laura Donaldson Kwok Pui Lan Alice Bach Roland Boer Archie Lee Elsa Tamez Christopher Rowland Yvonne Sherwood Sharon Ringe Tina Pippan Randall Bailey and more Words Onscreen Naomi S. Baron, 2015-01-09 People have been reading on computer screens for several decades now predating popularization of personal computers and widespread use of the internet But it was the rise of eReaders and tablets that caused digital reading to explode In 2007 Amazon introduced its first Kindle Three years later Apple debuted the iPad Meanwhile as mobile phone technology improved and smartphones proliferated the phone became another vital reading platform In Words Onscreen Naomi Baron an expert on language and technology explores how technology is reshaping our understanding of what it means to read Digital reading is increasingly popular Reading onscreen has many virtues including convenience potential cost savings and the opportunity to bring free access to books and other written materials to people around the world Yet Baron argues the virtues of eReading are matched with drawbacks Users are easily distracted by other temptations on their devices multitasking is rampant and screens coax us to skim rather than read in depth What is more if the way we read is changing so is the way we write In response to changing reading habits many authors and publishers are producing shorter works and ones that don't require reflection or close reading In her tour through the new world of eReading Baron weighs the value of reading physical print versus online text including the question of what long standing benefits of reading might be lost if we go overwhelmingly digital She also probes how the internet is shifting reading from being a solitary experience to a social one and the reasons why eReading has taken off in some countries especially the United States and United Kingdom but not others like France and Japan Reaching past the hype on both sides of the discussion Baron draws upon her own cross cultural studies to offer a clear eyed and balanced analysis of the ways technology is affecting the ways we read today and what the future might bring
