Eble, 2015-08-20 Developed for emerging academic writers Primary Research and Writing offers a fresh take on the nature of doing research in the writing classroom Encouraging students to write about topics for which they have a passion or personal connection this text emphasizes the importance of primary research in developing writing skills and abilities Authors Lyn e Lewis Gaillet and Michelle F Eble have built a pedagogical approach that makes archival and primary research interesting urgent and relevant to emerging writers Students are able to explore ways of analyzing their findings and presenting their results to their intended readers With in text features to aid students in understanding primary research and its role in their writing chapters include special elements such as Communities in Context Profiles of traditional and digital communities that help students understand the characteristics of communities and group members Profiles of Primary Researchers Spotlights on professionals giving an illuminating look into the role primary research plays in real world research and writing Student Writing Examples of exemplary student writing that demonstrate how research can be relevant engaging and interesting with annotations Invention Exercises Exercises designed to help students locate primary investigation within communities that they already understand or find appealing Writing Exercises Writing exercises that offer students practice in exploring communities and investigating primary materials Readings Annotated readings with questions to guide analysis pulled from a variety of rich sources that give students inspiration for undertaking their own research projects This text has a robust companion website that provides resources for instructors and students with sample syllabi chapter overviews lecture outlines sample assignments and a list of class resources Primary Research and Writing is an engaging textbook developed for students in the beginning stages of their academic writing careers and prepares its readers for a lifetime of research and writing *Research Matters* Rebecca Moore Howard, Amy Rupiper Taggart, 2010-01-11 Research Matters Make it your own Research Matters unites research reasoning documentation and composing into a cohesive whole helping students see the conventions of writing as a network of responsibilities writers have to other writers Research Matters clarifies the responsibility writers have to one another to treat information fairly and accurately and to craft writing that is fresh and original their own to the audience Research Matters stresses the importance of using conventions appropriate to the audience to write clearly and to provide readers with the information and interpretation they need to make sense of a topic to the topic Research Matters emphasizes the writer s responsibility to explore a topic thoroughly and creatively to assess sources carefully and to provide reliable information at a depth that does the topic justice to themselves Research Matters

encourages writers to take their writing seriously and to approach writing and research as an opportunity to learn about a topic and to expand their scope as writers By framing writing in the context of responsibility Research Matters addresses composition students as mature and capable fellow participants in the research and writing process *Handbook of Writing Research* Charles A. MacArthur, Steve Graham, Jill Fitzgerald, 2008-01-14 Presents a collection of essays discussing the theories and models of writing research *A Manual for Writers of Research Papers, Theses, and Dissertations, Ninth Edition* Kate L. Turabian, 2018-04-27 When Kate L Turabian first put her famous guidelines to paper she could hardly have imagined the world in which today's students would be conducting research Yet while the ways in which we research and compose papers may have changed the fundamentals remain the same writers need to have a strong research question construct an evidence based argument cite their sources and structure their work in a logical way A Manual for Writers of Research Papers Theses and Dissertations also known as Turabian remains one of the most popular books for writers because of its timeless focus on achieving these goals This new edition filters decades of expertise into modern standards While previous editions incorporated digital forms of research and writing this edition goes even further to build information literacy recognizing that most students will be doing their work largely or entirely online and on screens Chapters include updated advice on finding evaluating and citing a wide range of digital sources and also recognize the evolving use of software for citation management graphics and paper format and submission The ninth edition is fully aligned with the recently released Chicago Manual of Style 17th edition as well as with the latest edition of The Craft of Research Teachers and users of the previous editions will recognize the familiar three part structure Part 1 covers every step of the research and writing process including drafting and revising Part 2 offers a comprehensive guide to Chicago's two methods of source citation notes bibliography and author date Part 3 gets into matters of editorial style and the correct way to present quotations and visual material A Manual for Writers also covers an issue familiar to writers of all levels how to conquer the fear of tackling a major writing project Through eight decades and millions of copies A Manual for Writers has helped generations shape their ideas into compelling research papers This new edition will continue to be the gold standard for college and graduate students in virtually all academic disciplines Bestselling trusted and time tested advice for writing research papers The best interpretation of Chicago style for higher education students and researchers Definitive clear and easy to read with plenty of examples Shows how to compose a strong research question construct an evidence based argument cite sources and structure work in a logical way Essential for anyone interested in learning about research Everything any student or teacher needs to know concerning paper writing **Who Says?** Deborah H. Holdstein, Danielle Aquilino, 2021 Now in a new edition Who Says The Writer's Research is an innovative and brief research guide focusing on information literacy The text shows students not only how to do research but also why research is important Written for today's college student Who Says addresses contemporary research issues head on What does it mean to conduct research in

an age when we are bombarded by collaborative information through online media and databases like Wikipedia Who owns this information How do we know As information circulates and changes do the lines between audience and author blur How should these changes alter our expectations as readers and as writers By prompting students to think critically about matters of ownership and authority Who Says not only shows students how to find and incorporate credible sources in their writing but also encourages students to synthesize their own ideas with the ideas of others leading them to develop more confident and compelling voices as writers

Try This Jennifer Clary-Lemon, Derek N. Mueller, Kate Pantelides, 2022 *Try This* explores interdisciplinary research methods employed in research in writing studies but rarely drawn upon in undergraduate courses This shifts writing instruction from a model of knowledge delivery and solitary research to a pedagogy of knowledge making and an acknowledgment of research writing as collective overlapping and distributed Each chapter is organized around methods to approach a particular kind of primary data texts artifacts places and images Accompanying *Try This* invention projects in each chapter invite readers to try the research methods Some projects are designed to try during class time and take 5 to 15 minutes while others are extensive and will take days to accomplish Each research writing opportunity introduced in a *Try This* invention project is designed to scaffold a research project Each chapter offers different genres that allow research to circulate and connect meaningfully with audiences including digital research posters data visualizations and short form presentations This book is also available as an open access ebook through the WAC Clearinghouse
