The Social Contours of Risk Roger E. Kasperson, Jeanne Kasperson, 2022-02-15 We live in a risk society where the identification distribution and management of risks from new technology environmental factors or other sources are crucial to our individual and social existence In The Social Contours of Risk Volumes 1 and 2 two of the world's leading and most influential analysts of the social dimensions of risk bring together their most important contributions to this fundamental and wide ranging field Volume II centres on the analysis and management of risk in society in international business and multinationals and globally The acceptability of risk to an individual depends on the context whether the larger society or in for example a corporate framework Their work clarifies the structures and processes for managing risks in the private sector and the factors that produce or impede effective decisions The authors demonstrate that corporate culture is crucial in determining risk management They analyse the transfer of corporate risk management systems from industrial to developing countries and how globalization is spreading and creating new kinds of risk the combination of traditional and modern hazards presented by climate change technology transfer and economic growth They describe the new priorities and capacities needed to deal with these enhanced vulnerabilities around the globe

Social Impact Assessment And Monitoring Michael J Carley, Eduardo Bustelo, 2019-05-28 This systematic critical review of more than 600 recent publications in social impact assessment SIA and related fields is based on the authors belief that SIA is more than an analytical technique it is also a logical and timely response to our ever growing need for more and better information to facilitate decision making in an increasingly c

Food Security William A. Kerr, 2023-06-01 As the world population increases food security is a major global issue This book provides an in depth examination of the three necessary conditions for the achievement of food security 1 availability of food 2 adequate incomes and 3 increasing agricultural productivity The author draws lessons from history explores these three conditions and discusses the prospect of feeding an expected nine billion people in 2050

Routledge Library Editions: Urban Planning Various, 2021-06-23 The volumes in this set originally published between 1970 and 1998 draw together research by leading academics in the area of urban planning and provide a rigorous examination of related key issues The volumes examine teaching urban markets planning transport planning poverty politics forecasting techniques and an examination of the inner city in Europe and the US whilst also exploring the general principles and practices of planning This

set will be of particular interest to students of sociology geography planning and urbanization respectively *Christian Churches in European Integration* Sergei A. Mudrov, 2016-06-03 All too often religion is largely ignored as a driver of identity formation in the European context whereas in reality Christian Churches are central players in European identity formation at the national and continental level *Christian Churches in European Integration* challenges this tendency highlighting the position of churches as important identity formers and actors in civil society Analysing the role of Churches in engaging with two specific EU issues that of EU treaty reform and ongoing debates about immigration and asylum policy the author argues that Churches are unique participants in European integration Establishing a comprehensive view of Christian Churches as having a vital role to play in European integration this book offers a substantial and provocative contribution both to our understanding of the European Union and the broader question of how religious and state institutions interact with one another

Advances in Applied Social Psychology R. F. Kidd, M. J. Saks, 2013-08-21 First Published in 1983 This volume is the second in a series of volumes on applied social psychology The contents of the contributions represent the richly diverse approaches and settings in which social psychology is being used In preparing their chapters the contributors were asked to focus on how social psychologists as scientists and advocates could contribute to the resolution of the debates that often surround important social problems Each author was asked to place his or her attempts to use social psychological knowledge in the context of his or her own specific problem If one consistent theme emerges from this collection it is the emphasis on employing social psychology to enlighten and understand decisions at the level of public policy This book is a vital display of how existing literature and methods in the field can work to illuminate and inform issues of national and even international importance

The Routledge International Handbook of Criminal Responsibility Thomas Crofts, Louise Kennefick, Arlie Loughnan, 2024-12-23 Presenting cutting edge research and scholarship this extensive volume covers everything from abstract theorising about the meanings of responsibility and how we blame to analysing criminal law and justice responses and factors that impact individual responsibility Inviting exchanges across a burgeoning critical scholarship on criminal responsibility this Handbook showcases the diverse range of methodologies applied to the field including socio political approaches critical historical methods criminological and sociological perspectives and interdisciplinary studies bridging law and the mind sciences Spanning global networks of established and emerging scholars of responsibility for crime this book explores how we relate to one another as human beings under the spotlight of the criminal law In doing so it is hoped that the collection not only does justice to the vibrant landscape of criminal responsibility studies but inspires new

directions and future synergies in this compelling field The Routledge International Handbook of Criminal Responsibility will appeal to scholars and students of criminal law criminal justice criminology sociology psychology neuroscience philosophy and socio legal studies as well as practitioners and policymakers working in related fields "ECEG2016-Proceedings of 16th European Conference on e-Government ECEG 2016 " Mitja De Man,Tina Juki,2016-06-02 **Women's Issues in Transportation** ,2010 Women s Issues in Transportation Summary of the 4th International Conference Volume 2 Technical Papers includes 27 full peer reviewed papers that were presented at the October 2009 conference The conference highlighted the latest research on changing demographics that affect transportation planning programming and policy making as well as the latest research on crash and injury prevention for different segments of the female population Special attention was given to pregnant and elderly transportation users efforts to better address and increase women s personal security when using various modes of transportation and the impacts of extreme events such as hurricanes and earthquakes on women s mobility and that of those for whom they are responsible TRB s Conference Proceedings 46 Women s Issues in Transportation Volume 1 Conference Overview and Plenary Papers includes an overview of the October 2009 conference and six commissioned resource papers including the two keynote presentations *PISA Low-Performing Students Why They Fall Behind and How To Help Them Succeed* OECD,2016-02-10 There is no country or economy participating in PISA 2012 that can claim that all of its 15 year old students have achieved a baseline level of proficiency in mathematics reading and science Poor performance at school has long term consequences both for the individual and for society as a **Resources in Education** ,1996 *Risk Governance* Ortwin Renn,2017-12-04 Risk Governance is a tour de force Every risk manager every risk analyst every risk researcher must read this book it is the demarcation point for all further advances in risk policy and risk research Renn provides authoritative guidance on how to manage risks based on a definitive synthesis of the research literature The skill with which he builds practical recommendations from solid science is unprecedented Thomas Dietz Director Environmental Science and Policy Program Michigan State University USA A masterpiece of new knowledge and wisdom with illustrative examples of tested applications to realworld cases The book is recommendable also to interested students in different disciplines as a timely textbook on risk beyond risk Norio Okada Full Professor and Director at the Disaster Prevention Research Institute DPRI Kyoto University Japan There are classic environmental works such as The Tragedy of the Commons by Hardin Risk Society by Beck The Theory of Communicative Action by Habermas and the seminal volumes by Ostrom on governing the commons Renns book fits right into this series of important milestones of environmental studies Jochen Jaeger Professor at Concordia University Montreal Canada Risk Governance provides a valuable survey of the whole field of risk and demonstrates how scientific economic political and civil society actors can participate in inclusive risk governance Jobst Conrad Senior Scientist Social Science Research Center Berlin Germany Renn offers a remarkably fair minded and systematic approach to bringing together the diverse fields that have something to say about risk Risk

Governance moves us along the path from the noisy formative stage of thinking about risk to one with a stronger empirical theoretical and analytical foundation Baruch Fischhoff PhD Howard Heinz University Professor Carnegie Mellon University Pittsburgh USA I cannot describe how impressed I am at the breadth and coherence of Renn's career's work Written with remarkable clarity and minimal technical jargon this should be required reading in risk courses John Graham former director of the Harvard Risk Center and former deputy director of the Office of Budget and Management of the United States Administration This book for the first time brings together and updates the groundbreaking work of renowned risk theorist and researcher Ortwin Renn integrating the major disciplinary concepts of risk in the social engineering and natural sciences The book opens with the context of risk handling before flowing through the core topics of assessment evaluation perception management and communication culminating in a look at the transition from risk management to risk governance and a glimpse at a new understanding of risk in post modern societies *Branding and Designing Disability* Elizabeth

DePoy, Stephen Gilson, 2014-06-27 Over the past fifty years design and branding have become omnipotent in the market and have made their way to other domains as well Given their potential to divide humans into categories and label their worth and value design and branding can wield immense but currently unharnessed powers of social change Groups designed as devalued can be undesigned redesigned and rebranded to seamlessly and equivalently participate in community work and civic life This innovative book argues that disability as a concept and category is created reified and segregated through current design and branding that begs for creative change Transcending models of disability that locate it either as an embodied medical condition or as a socially constructed entity this book challenges the very existence and usefulness of the category itself Proposing and illustrating creative and responsible design DePoy and Gilson include thinking and action strategies that are useful and potent for undesigning redesigning and rebranding to meet the full range of human needs and to enhance full participation in local through global communities Divided into two parts the first section presents a critical examination of disability as a designed and branded phenomenon exploring what exactly is being designed and branded and how The second part investigates the redesign of disability and provides principles for redesign and rebranding illustrated with examples from high tech to place based sustainable strategies The book provides a unique and contemporary framework for thinking about disability as well as providing relevant design and branding guidance to designers and engineers interested in embodiment issues *Research in Education*, 1974 **Partnership Governance in Northern Ireland**

Jonathan Greer, 2019-07-15 Originally published in 2001 Drawing together a broad range of material on Partnership Governance this volume provides an invaluable contribution to a fast growing area of political science Powerful syntheses and a robust analytical framework accompany three empirical case studies focusing on how the transition from government to governance in Northern Ireland is being superimposed on the deep historical divisions that still exist Political scientists geographers government and society and local development specialists will find this text striking in both its substance and

lucid style The text will also be of interest to public policy officials relying on public partnerships as a means of tackling social economic and political problems *Planning for Internal Migration* United States. Bureau of the Census, Sally E. Findley, 1977 Literature survey on migration policies relating to internal migration in developing countries covers the effect of demographic aspects and economic conditions and educational level on rural migration patterns and analyses the impact of fertility level on urban development References and statistical tables **Contemporary Issues in Accounting Regulation** Stuart McLeay, Angelo Riccaboni, 2012-12-06 Contemporary Issues in Accounting Regulation looks at accounting regulation in a different way The opening chapters explore the tension between the power of the state and the forces of the market and other aspects of the political dimension to accounting regulation The book also examines the process of setting accounting standards highlighting the crucial role of standard setters in assessing the level of public support for an issue in the face of opposing positions taken by powerful interest groups In addition the book provides an introduction to the theoretical framework of accounting regulation looking at choices between controversial accounting methods and at markets that are characterized by asymmetry of information and beliefs The final chapters of the book are concerned with creative accounting deregulation of financial reporting by smaller companies and the link between price regulation and accounting policy choices **Analyzing Foreign Policy** Derek Beach, Rasmus Brun Pedersen, 2019-11-19 The second edition of this introductory textbook on foreign policy analysis focuses on the key explanatory factors that underlie the foreign policies of states and other actors to show how theory can illuminate practice Genuinely international in scope and drawing on a wide range of examples it provides an accessible introduction to the key elements of foreign policy analysis to explain predict and evaluate what states and other collective actors want how they make decisions and key determinants of state security diplomatic and economic foreign policies Providing a broad set of theoretical tools for analysing foreign policy and including increased coverage of methodology this new edition provides students with the skills to undertake their own foreign policy analysis
