Social and Environmental Disclosure by Chinese Firms Yingjun Lu, Indra Abeysekera, 2024-11-01 Given the increased social and environmental problems in China this book looks into the social and environmental disclosure practices of socially responsible Chinese listed firms by constructing a stakeholder driven three dimensional disclosure index The book contains a three part study the first part explores the current status of social and environment disclosure practices The second part empirically examines the relationship between corporate social and environmental disclosure and various influencing factors i e stakeholders power and corporate

characteristics The third part empirically examines the link between corporate social responsibility CSR reporting i e publishing a CSR report and the quality of the CSR report and socially responsible reputation The book finds that the CSR report provided more stakeholder relevant social and environmental disclosure than the annual report It also finds that corporate characteristics such as firm size profitability and industry classification are all statistically significant factors influencing the social and environmental disclosure of the Chinese firms studied Shareholders significantly influenced firms social and environmental disclosure and creditors significantly influenced firms disclosure related to their environmental performance The final part of the study reports that publishing a CSR report and CSR reporting quality had a positive influence on firms socially responsible reputations and that the CEO chairman duality negatively influenced firms socially responsible reputation This book will be of interest to those who are keen to learn more about corporate social

responsibilities in the context of Chinese firms *ECRM 2022 21st European Conference on Research Methods in Business and Management* Manuel Au-Yong-Oliveira, Carlos Costa, 2022-06-02 [The Crest of the Innovation Management Research Wave](#) Marcus Tynnhammar, 2020-04-02 For the ninth year running the ISPIM Dissertation Award has attracted a wealth of PhD dissertations from all over the globe which have once again contributed significantly to the field of Innovation Management Comprising of submissions from the 2019 ISPIM Dissertation Award deemed to be of both high quality and high interest The Crest of the Innovation Management Research Wave offers readers insights into the depth and breadth of research potential in the latest wave of innovation management This publication provides a window into what the latest generation of scholars are contributing to the innovation management field as well as into what they find significant and what might become important for the field over time The wide selection included in this book offers a strong insight into new and upcoming developments in innovation management drawing attention to interesting empirical areas to research This edited volume will be of particular interest not only to students but also researchers and professional managers either interested or actively involved in cutting edge research in the field of innovation management **Studying Organization**

Stewart R Clegg, Cynthia Hardy, 1999-04-29 In response to the needs of lecturers the acclaimed Handbook of Organization Studies has been made available as two major paperback textbooks In this the first of a two volume paperback edition of the landmark Handbook of Organization Studies editors Stewart Clegg and Cynthia Hardy survey the field of organization studies Studying Organization is an ideal textbook around which to build courses on organization theory and research methodology Central to the enterprise has been a concern to reflect and honour the manifest diversity of the field including recognition of the extent to which the very notion of a single field of organization studies is debated Part One locates the study of organization by reviewing some of the most significant theoretical paradigms to have shaped our understanding The second part reflects on the relationships between theory and research in organization studies **Contemporary Developments in Green Human Resource Management Research** Douglas W.S. Renwick, 2018-01-12 This book examines a new topic in

Human Resource Management HRM green or environmental HRM analysing the role humans play in environmental management at work and environmental behaviours at workplaces around the world The book begins with a focus on negative workplace green behaviours e g toxic chemical leaks air pollution contaminated waste etc and what such environmental problems mean for workers managers and society as a whole This book outlines relevant underpinning academic theory and research literature on how HRM is going green and details real life organisational examples derived from original and secondary empirical research to illuminate the implications of adopting Green HRM practices for relevant stakeholders In doing so the book offers a new academic contribution to both the HRM and environmental management literatures Research Methods and Organization Studies Alan Bryman,2003-09-02 First published in 2004 Routledge is an imprint of Taylor Francis an informa company ECRM 2017 16th European Conference on Research Methods in Business and Management Dr Anthony Buckley,2017 *ECIC2016-Proceedings of the 8th European Conference on Intellectual Capital* Carlo Bagnoli, Chiara Mio, Andrea Garlatti and Maurizio Massaro,2016-04-21 Research Methods for Strategic Management Giovanni Battista Dagnino,Maria Cristina Cinici,2015-10-16 The field of strategic management has developed significantly since its birth from business policy and business planning in the 1960s Pioneering studies were essentially normative prescriptive and often based on in depth case studies The evolution of strategic management into a respected field of academic study resulted from the adoption of research methods previously employed in economics Today research in strategic management is likely to employ a mixture of methods borrowed from related and unrelated disciplines such as political sciences psychology neuroscience and behavioral economics which can be confusing to researchers new to the field This book provides the reader with a broad introduction to the array of qualitative and quantitative research methods required to investigate strategic management Throughout the book strong emphasis is placed on practical applications that transcend the mere analysis of the theoretical roots of single research methods The underlying result is a book that encourages and aids readers to learn by doing in applying the implications of each chapter to their own research This text is vital reading for postgraduate students and researchers focused on business strategy **Proceedings of the XV International Scientific Conference on Industrial Systems (IS'11) , Corporate Governance and Whistleblowing** Moeen Umar Cheema,Rahat Munir,Sophia Su,2021-05-03 Whistleblowing is often about disclosing wrongdoings by members of organisations to persons or organisations that may be able to effect action Media would at times publish stories of whistleblowers who engage in heroic acts of exposing wrongdoings at work but the whistleblowers often face significant negative consequences of their whistleblowing efforts This book examines effects of national and organisational cultures on the whistleblowing decisions of employees The book provides empirical evidence of association between organisational culture and whistleblowing and there appears to be a lower likelihood of whistleblowing in organisations that focus more on the cultural dimensions of respect for people innovation and stability It also illustrates how remaining silent or blowing the

whistle in response to observed wrongdoings affects employees key work related attitudes This book would interest those wish to gain better understanding of the relationship between culture and whistleblowing in organisations
