The Final Four of Everything Mark Reiter, Richard Sandomir, 2009-12-15 Edited by Mark Reiter and Richard Sandomir and featuring contributions from experts on everything from breakfast cereal and movie gunfights to First Ladies and bald guys *The Final Four of Everything* celebrates everything that's great, surprising or silly in America using the foolproof method of bracketology to determine what we love or hate and why. As certain to make you laugh as it will start friendly arguments *The Final Four of Everything* is the perfect book for know it alls, know a little and anyone with an opinion on celebrity mugshots, literary heroes, sports nicknames or bacon. Bracketology is a unique way of organizing information that dates back to the rise of the knockout or single elimination tournament, perhaps in medieval times. Its origins are not precisely known but there was genius in the first bracket design that hasn't changed much over the years. You of course may be familiar with the bracket format via the NCAA basketball tournament pairings each March. If you've ever watched ESPN or participated in a March Madness office pool, you know what a bracket looks like. *The Final Four of Everything* takes the idea one step further and applies the knockout format to every category BUT basketball. In areas where taste, judgment and hard-earned wisdom really matter, we've set out to determine truly the Final Four of Everything.

you to stories you've never heard and a deeper appreciation for the holiday's familiar hallmarks Wonder Reborn Thomas Troeger, 2010-07-27 This book explores an issue at the nerve of the long term health of all churches how godly wonder can be reborn through renewed attention to the place of beauty in preaching and worship The book opens with an exploration of the theological and cultural difficulties of defining beauty It traces the church's historical ambivalence about beauty and art and describes how in our own day the concept of beauty has been commercialized and degraded Troeger develops a theologically informed aesthetic that provides a counter cultural vision of beauty flowing from the love of God The book demonstrates how preachers can reclaim the place of beauty in preaching and worship Chapter two employs the concept of midrash to mine the history of congregational song as a resource for sermons Chapter three introduces methods from musicology for creating sermons on instrumental and choral works and for integrating word and music more effectively Chapter four explores how the close relationship between poetry and prayer can stir the homiletical imagination Each of these chapters includes a selection of the author's sermons illustrating how preachers can use these varied art forms to open a congregation to the beauty of God A final chapter recounts the responses of congregation members to whom the sermons were delivered It uses the insights gained from those experiences to affirm how the human heart hungers for a vision of wonder and beauty that empowers people to live more faithfully in the world The Sanctuary for Lent 2017 (Pkg of 10) Donald K.
