Dreaming the Southern Song Landscape Valérie Malenfer

Ortiz,2024-03-25 Establishing a new approach to reading Chinese landscape painting this work centers around an early key example of scholarly painting viz Dream Journey on the Xiao and Xiang Rivers late 12th century The author restores the status of Dream Journey as a cultural icon for Confucians an object of contemplation for aesthetes an imaginary dream journey for poets and an incentive to cultivate one s moral intentions for both Buddhist monks and lay scholars Also it is convincingly argued that scholarly painting originates in the Southern Song 1127 1279 and not as is commonly thought in the Yuan Dynasty 1279 1368

There nEver was a sunset so sumptuous as the first when creation birthed the grand fire that dashed its light out upon the solar system exploding into a brilliant blue across Earth s vast sky There nEver was a girl so pretty and perfect as the girl next door who would thief your heart with a stolen glance and make you dream of angels and futures and love found in your very own backyard There nEver was a peach so ripe and full of juices that the mound positively erupted in your mouth overtaking every sense until you were slave to each bite and all that was and ever would be again was that fuzzy fruit There nEver was a day so perfect that you would enjoy every second savor each moment as if time itself were joy unbound and to reach the midnight hour and the closing of the day would be like unto death itself There nEver was a love so grand that it defeated all time and space not

[Open Midnight](#) Brooke Williams,2017-02-20 Open Midnight weaves two parallel stories about the great wilderness Brooke Williams s year alone with his dog ground truthing wilderness maps of southern Utah and that of his great great great grandfather who in 1863 made his way with a group of Mormons from England across the wilderness almost to Utah dying a week short The book is also about two levels of history personal as represented by William Williams and collective as represented by Charles Darwin who lived in Shrewsbury England at about the same time as Williams As Brooke Williams begins researching the story of his oldest known ancestor he realizes that he has few facts He wonders if a handful of dates can tell the story of a life writing If those points were stars in the sky we would connect them to

make a constellation which is what I've made with his life by creating the parts missing from his story. Thus William Williams becomes a kind of spiritual guide, a shamanlike consciousness that accompanies the author on his wilderness and life journeys and that appears at pivotal points when the author is required to choose a certain course. The mysterious presence of his ancestor inspires the author to create imagined scenes in which Williams meets Darwin in Shrewsbury sowing something central in the DNA that eventually passes to Brooke Williams, whose life has been devoted to nature and wilderness. Brooke Williams's inventive and vivid prose pushes boundaries and investigates new ways toward knowledge and experience, inviting readers to think unconventionally about how we experience reality, spirituality, and the wild. The author draws on Jungian psychology to relate how our consciousness of the wild is culturally embedded in our psyche and how a deep connection to the wild can promote emotional and psychological well-being. Williams's narrative goes beyond a call for conservation but in the vein of writers like Joanna Macy, Bill Plotkin, and David Abram, the author argues passionately for the importance of wildness to the human soul. Reading Williams's inspired prose provides a measure of hope for protecting the beautiful places that we all need to thrive. *Open Midnight* is grounded in the present by Williams's descriptions of the Utah lands he explores. He beautifully evokes the feeling of being solitary in the wild at home in the deepest sense in the presence of the sublime. In doing so, he conveys what Gary Snyder calls a practice of the wild more completely than any other work. Williams also relates an insider's view of negotiations about wilderness protection. As an advocate working for the Southern Utah Wilderness Alliance, he represents a minority in meetings designed to open wilderness lands to roads and hunting. He portrays the mindset of the majority of Utah's citizens who argue passionately for their rights to use their lands however they wish. The phrase *open midnight* as Williams sees it evokes the time between dusk and dawn, between where we've been and where we're going, and the unconscious where all possibilities are hidden.
