I, Monster Tom Philbin,2011-09-27 What goes through the dark minds of such notorious killers as Ted Bundy Jeffrey Dahmer David Berkowitz Son of Sam John Wayne Gacy Dennis Rader the BTK Killer and others In this chilling book you ll read exactly what they were thinking in their own words as they committed horrible crimes Using court transcripts and police interviews veteran true crime and crime fiction writer Tom Philbin has compiled the testimony of twenty infamous serial killers nineteen men and one woman For fans of crime stories who look for realism this book is like no other The descriptions couldn t be more realistic since in effect the book is written by the serial killers themselves Their words range from the bizarre and weirdly fascinating to the revolting and horrific In each case Philbin provides a background profile to give readers a sense of the context from which these monsters emerged Though they come from different backgrounds nationalities and generations their words do reveal certain common elements Not one evinces any sense of compassion or sensitivity in regard to their victims They appear to be unable to control the impulses that lead them to kill And in many cases they derive a perverse sexual satisfaction from their deeds Taking true crime reading to a new level of immediacy this disturbing book offers a glimpse into the worst side of human nature

Jack Chanty Hulbert Footner,2020-08-04 Reproduction of

the original Jack Chanty by Hulbert Footner *Art and Memory in the Work of Elizabeth Bishop* Jonathan Ellis, 2018-01-17

In *Art and Memory in the Work of Elizabeth Bishop* Jonathan Ellis offers evidence for a redirection in Bishop studies toward a more thorough scrutiny of the links between Bishop's art and life. The book is less concerned with the details of what actually happened to Bishop than with the ways in which she refracted key events into writing both personal unpublished material as well as stories, poems, and paintings. Thus Ellis challenges Bishop's reputation as either a strictly impersonal or personal writer and repositions her poetry between the Modernists on the one hand and the Confessionals on the other. Although Elizabeth Bishop was born and died in Massachusetts, she lived a life more bohemian and varied than that of almost all of her contemporaries, a fact masked by the tendency of biographers and critics to focus on Bishop's life in the United States. Drawing on published works and unpublished material overlooked by many critics, Ellis gives equal attention to the influence of Bishop's Canadian upbringing on her art and to the shifts in her aesthetic and personal tastes that took place during Bishop's residence in Brazil during the 1950s and 1960s. By bringing together the whole of Bishop's work, this book opens a welcome new direction in Bishop studies specifically and in the study of women poets generally. *The American Mercury*, 1926

With a blend of romance and self-discovery, Bindloss immerses readers in a world rich with natural beauty and the trials of its denizens, making it a notable entry in the canon of adventure literature.
