Robert Browning John Woolford, Daniel Karlin, 2014-09-11 Robert Browning 1812-89 rivals Tennyson as the major Victorian poet with such important works as Dramatic Lyrics Dramatic Romances and Lyrics Men and Women Dramatic Personae and the monumental *The Ring and the Book* He is known for his development of the dramatic monologue in which he recreated the world of Renaissance Italy and provided subtle and complex explorations of character Here Daniel Karlin and John Woolford provide a thematic survey of Browning's often difficult work using key poems as a common point of reference The themes covered include styles genres the mind the world interaction and criticism This excellent survey will be of value to students of Victorian literature and modernism Routledge Library Editions: Victorian Poetry Various Authors, 2021-02-25 This set reissues 4 books on Victorian poetry originally published between 1966 and 2003 The volumes focus predominantly on the works of Emily Dickinson Elizabeth Barrett and Robert Browning This set will be of particular interest to students of English literature **Routledge Library Editions: Romanticism** Various, 2021-08-05 This set reissues 28 books on Romanticism originally published between 1940 and 2006 Routledge Library Editions Romanticism provides an outstanding collection of scholarship which explores not only Romantic literature but the Romantic Movement as

a whole including art philosophy and science **Browning, Victorian Poetics and the Romantic Legacy** Dr Britta Martens, 2013-05-28 Taking an original approach to Robert Browning's poetics Britta Martens focuses on a corpus of relatively neglected poems in Browning's own voice in which he reflects on his poetry his self conceptualization and his place in the poetic tradition She analyzes his work in relation to Romanticism Victorian reactions to the Romantic legacy and wider nineteenth century changes in poetic taste to argue that in these poems as in his more frequently studied dramatic monologues Browning deploys varied dramatic methods of self representation often critically and ironically exposing the biases and limitations of the seemingly authoritative speaker Browning The poems thus become devices for Browning's detached evaluation of his own and of others poetics an evaluation never fully explicit but presented with elusive economy for the astute reader to interpret The confrontation between the personal authorial voice and the dramatic voice in these poems provides revealing insights into the poet's highly self conscious conflicted and sustained engagement with the Romantic tradition and the diversely challenging reader expectations that he faces in a post Romantic age As the Victorian most rigorous in his rejection of Romantic self expression Browning is a key transitional figure between the sharply antagonistic periods of Romanticism and Modernism He is also as Martens persuasively demonstrates a poet of complex contradictions and an illuminating case study for addressing the perennial issues of voice authorial authority and self reference **The Cambridge Companion to Victorian Poetry** Joseph Bristow, 2000-10-26 This Companion to Victorian Poetry provides an introduction to many of the pressing issues that absorbed the attention of poets from the 1830s to the 1890s It introduces readers to a range of topics including historicism patriotism prosody and religious belief The thirteen specially commissioned chapters offer insights into the works of well known figures such as Matthew Arnold Robert Browning and Alfred Tennyson and the writings of women poets like Michael Field Amy Levy and Augusta Webster whose contribution to Victorian culture has in more recent years been acknowledged by modern scholars Revealing the breadth of the Victorians' experiments with poetic form this Companion also discloses the extent to which their writings addressed the prominent intellectual and social questions of the day The volume which will be of interest to scholars and students alike features a detailed chronology of the Victorian period and a comprehensive guide to further reading **Browning** Roy E. Gridley, 2016-04-28 First published in 1972 Browning was a keen observer and dramatic recorder of nineteenth century European culture his poetry reflects a wide range of intellectual religious and artistic issues of his day Roy E Gridley shows here that during the six decades of Browning's active writing career 1832-89 his poetry is a record and an interpretation of the changing modes of thought feeling and expression of nineteenth century life Browning was a romantic who by virtue of his realistic and often revolutionary poetry became a modern and had considerable influence on writers such as Yeats Eliot and Pound While surveying the whole of Browning's life and work Gridley focuses closely on the more famous poems examining them as documents that give the general reader a deeper appreciation of the richness and diversity of life in Victorian Europe *The Blackwell Companion to*

Berryman's Henry Samuel Fisher Dodson, 2006 *Berryman's Henry* Living at the Intersection of Need and Art offers scholars and students the first thorough and well researched vehicle into John Berryman's epic poem *The Dream Songs* Through a close reading of the text an examination of the history of its criticism and some of Berryman's letters notes and pertinent manuscripts Sam Dodson offers the reader a solid starting point to appreciate the presiding structure and thematic focus of this American classic This structure resulting from the poet's crafting and the poem's internal growth is illustrated in the text by more than thirty reproductions of some of the *Dream Song* drafts in progress No existing critical work examines

anywhere near the number of individual Dream Songs as this reader's guide which will enable students and teachers to enter Berryman's difficult poem with confidence and a proper sense of direction. Its purpose is to provide the beginning reader and the scholar with a map for approaching this large work and finding their way through its elegiac structure and appreciating its unity. A close look at the poem's language and stylistic innovations, epic qualities and author's poetics and most especially the elegiac movement of the poem will allow even the novice reader to enter Henry's world. The elegies as a whole provide the note of mourning that is at the core of Berryman's epic.

Imagining Solar Energy Gregory Lynall, 2020-02-20

Shortlisted for the 2022 ESSE Book Awards. How has humanity sought to harness the power of the Sun and what roles have literature, art and other cultural forms played in imagining, mythologizing and reflecting the possibilities of solar energy? What stories have been told about solar technologies and how have these narratives shaped developments in science and culture? What can solar power's history tell us about its future within a world adapting to climate crisis? Identifying the history of capturing solar radiance as a focal point between science and the imagination, *Imagining Solar Energy* argues that the literary, artistic and mythical resonances of solar power from the Renaissance to the present day have not only been inspired by but have also cultivated and sustained its scientific and technological development. Ranging from Archimedes to Isaac Asimov, John Dee to Humphry Davy, Aphra Behn to J.G. Ballard, the book argues that solar energy translates into many different kinds of power: physical, political, intellectual and cultural, and establishes for the first time the importance of solar energy to many literary and scientific endeavours.
