product of the Soviet era but have their roots in earlier centuries Haynes contends that the Moldovan lands and Moldovan identity and culture have long been contested by the Roman and Byzantine Empires of antiquity by the expanding Hungarian and Polish Lithuanian kingdoms in the Middle Ages by the Ottoman Habsburg Russian and Soviet empires in more recent centuries and by the Romanian state The book provides a political and cultural history of the growth and development of the medieval Principality of Moldova the Principality's partition and Russian rule in Bessarabia from 1812 Bessarabia under Romanian rule in the inter war period Soviet Moldova and the independent Republic of Moldova Historical Dictionary of Moldova Andrei Brezianu, Vlad Spânu, 2007-04-23 The Republic of Moldova claims a European lineage reaching back in time long before its 14th century accession to statehood In the 15th century it managed against all odds to avoid being conquered by Islam and albeit an intermittent vassal after 1485 it maintained its autonomy and was never turned into a province of the Ottoman Empire After this period however Moldova would not be so fortunate as it altered between Russian Romanian and Soviet control until it finally gained its independence in 1991 from the Soviet Union The second edition of the Historical Dictionary of Moldova through its chronology introduction appendixes maps bibliography and hundreds of cross referenced dictionary entries on important persons places events and institutions and significant political economic social and cultural aspects traces the history of this small but densely populated country providing a compass for the direction it is heading

Globalisation of Nationalism Liah Greenfeld,2020-08-01 Organised as an experiment testing the hypothesis that behind the hottest political issues of the quarter century after the Cold War lies globalisation of national

consciousness this collection of essays unites authors from the four corners of the world They focus on democratisation and its failure in Russia transformations of identity in Eastern and Western Europe Africa North and South America and South East Asia the rise of militant and political Islam and the eruption of China onto the world stage The volume makes the argument that globalisation we are witnessing is for the most part the globalisation of competitive and antagonistic nationalism which spreads to areas where it was not known earlier and into the sphere of religion ostensibly indifferent to it Collectively these essays prove that nationalism remains the organising principle of politics inside nations as well as at transnational and international levels

Russian Citizenship Eric Lohr, 2012-10-31 In the first book to trace the Russian state's citizenship policy throughout its history Lohr argues that to understand the citizenship dilemmas Russia faces today we must return to the less xenophobic and isolationist pre Stalin period before the drive toward autarky after 1914 eventually sealed the state off from Europe
