specific theoretical considerations of ethnic formation political mobilization among ethnic groups and immigration and conflict in deeply divided societies However while Jewish Arab relations in Israel are typically analyzed in the context of majority minority relations this book offers a pioneering approach that analyzes these relations within the context of a Jewish majority with a minority phobia and an Arab minority with a sense of regional majority Addressing existing and anticipated influences of Russian immigrants on politics culture and social structures in Israel as well as the Israeli Palestinian conflict The Russians in Israel will be useful to students and scholars of Middle Eastern politics and society as well as Israel Russian and Ethnicity Studies

Jay Siskin,2025-03-22 This book highlights the lively exchanges that shaped foreign language pedagogy and educational policy during the first fifty years of the twentieth century It is critically important to revivify our past particularly in a field where innovation is conceptualized as progress and where knowledge production is a criterion for success Modern language teaching began its ascendancy shortly before the turn of the twentieth century In the academy this impulse was marked by the founding of the Modern Language Association in 1883 Modern languages were increasingly recognized as possessing the mental and humanistic values that had formerly been the sole province of Greek and Latin The book provides an overview of the historical political and social concerns that preoccupied the nation from 1898 and provides a context for analyzing the developments in the teaching of foreign languages over the course of the following century
