Women in Politics and Media Maria

Raicheva-Stover, Elza Ibroscheva, 2014-09-25 Although women constitute half of the world's population their participation in the political sphere remains problematic While existing research on women politicians from the United States the United Kingdom and Canada sheds light on the challenges and opportunities they face we still have a very limited understanding of women's political participation in emerging democracies Women in Politics and Media Perspectives From Nations in Transition is the first collection to de Westernize the scholarship on women politics and media by 1 highlighting the latest research on countries and regions that have not been the usual suspects 2 featuring a diverse group of scholars many of non Western origin 3 giving voice through personal interviews to politically active women thus providing the reader with a rare insight into women's agency in the political structures of emerging democracies Each chapter examines the complex women politics and media dynamic in a particular nation state taking into consideration the specific political historic and social context With 23 case studies and interviews from Latin America sub Saharan Africa the Middle East and North Africa Central and Eastern Europe Asia Russia and the former Soviet republics this volume will be of interest to students media scholars

and policy makers from developed and emerging democracies *Women, Politics, and Social Networks in the Sagas of Norwegian Kings* Markus Eldegard Mindrebø, 2025-05-19 The Old Norse Icelandic konungas gur kings sagas have been thoroughly studied for centuries for their vivid representation of Scandinavia s Viking Age past but women have frequently been overlooked in scholarly discussions of the political culture found within the texts *Women Politics and Social Networks in the Sagas of Norwegian Kings* shows that in their accounts of early Norwegian history the kings sagas portray aristocratic and royal women as able to participate in politics at a similar level to men but only within certain social parameters Women are structurally enabled to enter male dominated political spaces and positions through their participation in interaction with and manipulation of multifaceted aristocratic networks based around interpersonal bonds of kinship friendship and lordship Inspired by advancements within medieval network theory and studies of aristocratic group behaviour and women s social agency in medieval historiography the book demonstrates that the sagas portray elite women as utilising the same network strategies as men and potentially exercising similar levels of political power as a consequence while being excluded from the institutionalised roles of kingship chieftaincy and military and judicial leadership *The Routledge Handbook of the Politics of the #MeToo Movement* Giti Chandra, Irma Erlingsdóttir, 2020-11-26 Since the MeToo hashtag went viral in 2017 the movement has burgeoned across social media moving beyond Twitter and into living rooms and courtrooms It has spread unevenly across the globe with some countries and societies more impacted than others and interacted with existing feminist movements struggles and resistances This interdisciplinary handbook identifies thematic and theoretical areas that require attention and interrogation inviting the reader to make connections between the ways in which the MeToo movement has panned out in different parts of the world seeing it in the context of the many feminist and gendered struggles already in place as well as the solidarities with similar movements across countries and cultures With contributions from gender experts spanning a wide range of disciplines including political science history sociology law literature and philosophy this groundbreaking book will have contemporary relevance for scholars feminists gender researchers and policy makers across the globe **Lost Voices** Yvonne Corcoran-Nantes, 2008-02-29 In 1991 the collapse of the Communist Party and the dissolution of the Soviet Union launched the republics of Uzbekistan Kyrgyzstan and Kazakhstan into an unexpected self declared independence and a precarious uncertain future Emerging from almost seventy five years of Soviet tutelage all three republics embarked on a process of radical change Central Asian women s lives have been profoundly affected during the huge upheavals of sovietization in the 1920s and democratisation in the 1990s but their experiences have gone unresearched and undocumented If Central Asia was generally considered to be the forgotten world of the Soviet Union Central Asian women constitute the lost voices of Central Asia Yvonne Corcoran Nantes offers a timely analysis into the lives of Muslim women during the Soviet era and considers the impact of the shift from Soviet communism to Western capitalist ideals and its impact on gender relations in the region The uneasy synthesis between socialism and Islam under the Soviet

regime offered many women considerable status and personal freedom in public life but these gains have been rapidly eroded in the process of democratization Opportunities for women have entered into serious decline in terms of employment education and socio political status Unlike many commentators she offers a convincing argument that the main threat to the socio political status of women in Central Asia is not Islamic fundamentalism but the imposition of free market principles and Western liberal democratic ideals Woven into the text is a also subtle and nuanced analysis of the ways in which Central Asian women negotiate feminism whether ushered in by Soviet women during sovietization or by western NGOs in the region today As a special consultant to UNESCAP the author was one of the first researchers to undertake substantial research in the republics of Kazakhstan Kyrgyzstan and Uzbekistan in the post independence period and this book is based on her interviews with women from the region from all sections of Central Asian society *Before the Fall* Anna Lawton, 2010-09-09

An expanded edition of *Kinoglasnost* that examines the fascinating world of Soviet cinema during the years of glasnost and perestroika in the 1980s In *Before the Fall* Anna Lawton shows how the reforms that shook the foundations of the Bolshevik state and affected economic and social structures have been reflected in the film industry A new added chapter provides a commentary on the dramatic changes that marked the beginning of democracy in Russia Soviet cinema has always been closely connected with national political reality challenging the conventions of bourgeois society and educating the people In this pioneering study Lawton discusses the restructuring of the main institutions governing the industry the abolition of censorship the emergence of independent production and distribution systems the dismantling of the old bureaucratic structures and the implementation of new initiatives She also surveys the films that remained unscreened for decades for political reasons films of the new wave that look at the past to search out the truth and those that record current social ills or conjure up a disquieting image of the future What makes *Kinoglasnost* pre eminent among current studies of the subject is that sustained attention Lawton pays to changes in the formal organization of Soviet cinema and in the cinema industry

Julian Graffy Sight and Sound The author constructs a complex multilayered narrative of a steady and significant movement toward radical change in Soviet society an account of the growing anxiety and the hope experienced by Russian filmmakers and the intelligentsia Ludmila Z Pruner Slavic and East European Journal

Women and Society in Russia and the Soviet Union Linda Edmondson, 1992-08-20 Until the late 1960s most Western scholars studying the history culture social and political life and economy of Russia and the Soviet Union paid scant attention to the participation and experience of women The multifarious ways in which gender roles and perceptions of gender were influenced by and in turn influenced the heterogeneous cultures of the Soviet empire were largely ignored However this neglect has slowly been rectified and now the study of women and gender relations has become one of the most productive fields of research into Russian and Soviet society This volume demonstrates the originality and diversity of this recent research Written by leading Western scholars it spans the last decade of tsarist Russia the 1917 revolutions and the Soviet period The essays reflect the interdisciplinary

nature of women's work women and politics women as soldiers female prostitution popular images of women and women's experience of perestroika *Writing Revolution: Representation, Rhetoric, and Revolutionary Politics* Sheila Delany, 2023-09-20 Revolutionary and writer how do they fit together in one person's work Using literary texts from French German Russian and American pro revolutionary writers Sheila Delany examines the synergy of politics and rhetoric art and social commitment The writers she considers gave voice to the hopes of their time Some led the events in person as well as through their writing others worked to build a movement Marx Engels Lenin Trotsky Luxemburg Mao Sylvain Marchal Boris Lavrenov Bertolt Brecht and others are here consummate rhetoricians all not necessarily on the same page politically but for the revolutions of their day *Post-Soviet Civil Society* Anders Uhlin, 2006-03-20 The development of civil society has varied greatly across the former Soviet Union The Baltic states have achieved a high level of integration with the West and European Union membership while some regions in Russia lag far behind Now for the first time there is a comparative study of civil society and democratization across post Soviet national borders Acknowledging the enormous variation throughout the region the book offers unique data on developments in Russia Estonia Latvia and Lithuania Applying an innovative analytical framework derived from theories of democratization civil society social movements and transnational relations the researchers have formulated broader comparisons and generalisations without neglecting the specific post Soviet context The book provides a systematic comparison across sectors as well as nations and includes chapters on NGOs the state and conflict and transnationalisation Quantitative survey data is combined with qualitative interviews and case study research to both confirm previous findings about the weakness of post communist civil society and to qualify previous research

Gender in Twentieth-Century Eastern Europe and the USSR Catherine Baker, 2016-09-29 A concise and accessible introduction to the gender histories of eastern Europe and the Soviet Union in the 20th century These essays juxtapose established topics in gender history such as motherhood masculinities work and activism with newer areas such as the history of imprisonment and the transnational history of sexuality By collecting these essays in a single volume Catherine Baker encourages historians to look at gender history across borders and time periods emphasising that evidence and debates from Eastern Europe can inform broader approaches to contemporary gender history
