Russian Soviet Unconventional Wars In The Caucasus Central Asia And Afghanistan:

Russian-Soviet Unconventional Wars in the Caucasus, Central Asia and Afghanistan Robert F. Baumann,1993-12 This paper looks at the Russian conquest of the Caucasian mountaineers 1801 59 the subjugation of Central Asia 1831 81 the reconquest of Central Asia by the Red Army 1918 33 and the Soviet war in Afghanistan 1979 89 The history of these wars especially as it related to the battle tactics force structure and strategy employed in them offers important new perspectives on elements of continuity and change in combat over two centuries This study provides an in depth examination of the evolution of the Russian and Soviet unconventional experience on the predominantly Muslim southern periphery of the former empire There the Russians encountered fierce resistance by peoples whose cultures and views of war differed sharply from their own

Russian-Soviet Unconventional Wars in the Caucasus, Central Asia, and Afghanistan Robert Baumann,2016-12-28 This study covers four episodes that provide useful perspectives on the nature of unconventional warfare the adaptability of modern military institutions the character of cross cultural conflict and the dilemmas inherent in the creation and maintenance of an empire The Soviet Union s agonizing decade long struggle against a fiercely determined Mujahideen resistance in Afghanistan offers a compelling illustration of the perils which can await a modern power that commits conventional forces against an unconventional foe in an undeveloped theater That the Soviets embarked on such a rash course in 1979 is especially striking in light of the American experience in Vietnam just a few years earlier and Russia s long historical involvement fighting Muslim tribesmen in the Caucasus and Central Asia At the beginning of the nineteenth century Imperial Russia attempted to impose its authority on the Caucasus only to become embroiled in a protracted and brutal war against the mountain tribes of Dagestan A charismatic leader Shamil emerged to harness the power of a formidable resistance that nearly foiled the Russian plan of conquest which was fulfilled only after decades of destructive and costly campaigning Following the collapse of opposition in Dagestan in 1859 the Russians concentrated on the conquest of Central Asia as far as the Afghan and Persian frontiers Here vast steppes and deserts formidable obstacles standing between Russia and the remote khanates eventually yielded to the determination and methodical preparation of key Russian commanders Established by a series of major campaigns from the 1850s to the 1880s Russian rule in Central Asia remained stable until the Bolshevik Revolution of October 1917 With the collapse of imperial power however the empire dissolved Efforts to impose Red rule over the former imperial possessions in Central Asia sparked popular resistance among the Muslim tribes and required massive intervention by the Red Army The four episodes considered in this study provide useful perspectives on the nature of unconventional warfare the adaptability of modern military institutions the character of cross cultural conflict and the dilemmas inherent in the creation and maintenance of an empire

Russian-Soviet Unconventional Wars in the Caucasus, Central Asia, and Afghanistan Robert F. Baumann, 2010 First published in 1983 this detailed study has only now been made generally available The Russians have a long history of fighting what are now called unconventional wars Certainly since the 18th Century and more recently in Afghanistan and Chechnia The early wars were fought in the Caucasus Fighting in that region started in earnest in the early 19th Century and continued to the late 1840s Unrest continued in the region thereafter with major uprisings in the 1870s and also following the 1917 Revolution It continues today in the Chechnia region As the Russian Empire expanded Russian forces dominated the Kazakh region and undertook a series of campaigns in the area between the Caspian and Aral Sea This culminated in the assault on Khiva in 1873 and the operations in 1880 1 on the Persian border by then the Empire was on the borders of Persia and Afghanistan After the Revolution the Red Army conducted a long campaign in the area north of the border with Afghanistan against the Basmachis Central Asian resistance The Soviet operations started in 1918 and the last rumblings of resistance was finally quelled in 1933 though no serious fighting took place after 1924 The Soviets had considerable experience in the conduct of and fighting against insurgency warfare Prior to World War II it was either suppressing or encouraging such wars on its Asian frontiers In World War II it organised activities behind the German line in Russia as well as supporting resistance and partisan movements in eastern and central Europe After World War II it had to deal with resistance in the Ukraine and other areas of the Soviet Union that had been liberated from German occupation Since World War II it encouraged supplied and trained numerous participants in insurgent wars from the large scale such as Vietnam to the insignificant In 1979 after the Soviet military intervention in Kabul the Red Army allowed itself to become involved in an unwinnable war This despite the Soviet experience in such fighting that extended back to the Revolution Furthermore their conduct of operations demonstrated their failure to comprehend how such a war should be fought

Russian-Soviet Unconventional Wars in the Caucasus, Central Asia, and Afghanistan [Illustrated Edition] Dr. Robert F. Baumann, 2015-11-06 Includes 12 maps and 4 tables In recent years the U S Army has paid increasing attention to the conduct of unconventional warfare However the base of historical experience available for study has been largely American and overwhelmingly Western In Russian Soviet Unconventional Wars in the Caucasus Central Asia and Afghanistan Dr Robert F Baumann makes a significant contribution to the expansion of that base with a well researched analysis of four important episodes from the Russian Soviet experience with unconventional wars Primarily employing Russian sources including important archival documents only recently declassified and made available to Western scholars Dr Baumann provides an insightful look at the Russian conquest of the Caucasian mountaineers 1801 59 the

subjugation of Central Asia 1839-81 the reconquest of Central Asia by the Red Army 1918-33 and the Soviet war in Afghanistan 1979-89 The history of these wars especially as it relates to the battle tactics force structure and strategy employed in them offers important new perspectives on elements of continuity and change in combat over two centuries This is the first study to provide an in depth examination of the evolution of the Russian and Soviet unconventional experience on the predominantly Muslim southern periphery of the former empire There the Russians encountered fierce resistance by peoples whose cultures and views of war differed sharply from their own Consequently this Leavenworth Paper addresses not only issues germane to combat but to a wide spectrum of civic and propaganda operations as well **“My Clan Against the World”: U.S. and Coalition Forces in Somalia 1992-1994** ,2004 This study examines the American military's experience with urban operations in Somalia particularly in the capital city of Mogadishu That original focus can be found in the following pages but the authors address other broader issues as well to include planning for a multinational intervention workable and unworkable command and control arrangements the advantages and problems inherent in coalition operations the need for cultural awareness in a clan based society whose status as a nation state is problematic the continuous adjustments required by a dynamic often unpredictable situation the political dimension of military activities at the operational and tactical levels and the ability to match military power and capabilities to the mission at hand

minds is as important as holding territory From struggles in South Africa the Philippines and Ireland to operations in Iraq Afghanistan and Chechnya this book covers the strategy and doctrine of counterinsurgency and the factors which ensure whether such operations are successful or not Recent ignorance of central principles and the emergence of social media which has shifted the odds in favour of the insurgent have too often resulted in failure leaving governments and their security forces embedded in a hostile population immersed in costly and dangerous nation building
