The Positive Hero in Russian Literature Rufus W. Mathewson, 2000 The positive hero was defined by the Soviets as one who set an example for the reader's behavior As early as 1860 the merits of this ideal model were a central issue in the war between literary imagination and ideological criticism that raged in Russia for a hundred years In *The Positive Hero in Russian Literature* Rufus W Mathewson Jr brings a period of Russian literature to life and demonstrates how the battles over the positive hero reappeared with dramatic clarity in the dissident literary movement that developed after Stalin's death Mathewson argues that the true continuity between nineteenth and twentieth century Russian prose was to be found in this persistent conflict between contrary views of the real nature and proper uses of literature This new edition of a widely acclaimed work first published in 1958 and covering literary developments through 1946 includes chapters on Belinsky Pasternak Solzhenitsyn and Sinyavsky Book Jacket

from the early modern period a vital set of national stereotypes and popular folklore about boundaries space Holy Russia and the charismatic king that offers culturally relevant material to later writers This volume delivers a fresh view on a series of key questions about Russia s literary history by providing new mappings of literary history and a narrative that pursues key concepts rather more than individual authorial careers This holistic narrative underscores the ways in which context and text are densely woven in Russian literature and demonstrates that the most exciting way to understand the canon and the development of tradition is through a discussion of the interrelation of major and minor figures historical events and literary politics literary theory and literary innovation

The Poetics of Early Russian Literature D.S. Likhachev,2014-03-13 This translation of Likhachev s Poetika Drevnerusskoy Literatury The Poetics of Early Russian Literature provides a description of the basic themes of early tenth to seventeenth century Russian literature Likhachev compares literary narrative with narrative used in the representational arts Furthermore Likhachev stresses the genre based character of medieval Russian literature and shows how choice of style in medieval times depended on a genre with its own specific etiquette and how innovation was discouraged The text contrasts medieval abstraction and modern realism as Likhachev shows how realisticness gradually breaks through in specific situations such as those of princely crimes Likhachev draws contrasts in three different areas the basic stock of symbols and comparisons used in early Russian literature with those used in modern literature artistic time in folklore and early Russian literature and artistic space in folklore and early Russian literature Likhachev traces the gradual development into modern artistic time through a comparison of the chronicle the first Russian play the seventeenth century writer Avvakum and three modern authors Goncharov Dostoevsky and Saltykov Shchedrin Finally the text gives a justification for studying early literatures This book will be invaluable for students of Russian medieval and comparative literature

Nation and ideology Ivo Banac,1981 *Ideology and Rationality in the Soviet Model* Kristian Gerner,Stefan Hedlund,2022-02-13 First published in 1989 Ideology and Rationality in the Soviet Model assumes that since the October Revolution the development of the Soviet Union has essentially been a process of trial and error Economic rationality has been sacrificed to political expedients and the cultural sphere has been put to use as a legitimating and rationalizing device This book analyses the internal logic of this process from the 1917 Bolshevik Revolution to Gorbachev s revolution from above including coverage of the Stalin Khrushchev and Brezhnev eras The book focuses on the structural determinants of the Soviet Model thus seeking to reveal the specific rationalities that characterizes Soviet man Its conclusion casts serious doubt on the likelihood of new policies defeating seven decades of Bolshevik rule and social indoctrination It will be of interest to students of economics political science and history

Russian Literature Andrew Baruch Wachtel,Ilya Vinitsky,2013-05-08 For most English speaking readers Russian literature consists of a small number of individual writers nineteenth century

masters such as Dostoevsky Tolstoy and Turgenev or a few well known works Chekhov's plays Brodsky's poems and perhaps Master and Margarita and Doctor Zhivago from the twentieth century The medieval period as well as the brilliant tradition of Russian lyric poetry from the eighteenth century to the present are almost completely terra incognita as are the complex prose experiments of Nikolai Gogol Nikolai Leskov Andrei Belyi and Andrei Platonov Furthermore those writers who have made an impact are generally known outside of the contexts in which they wrote and in which their work has been received In this engaging book Andrew Baruch Wachtel and Ilya Vinitsky provide a comprehensive conceptually challenging history of Russian literature including prose poetry and drama Each of the ten chapters deals with a bounded time period from medieval Russia to the present In a number of cases chapters overlap chronologically thereby allowing a given period to be seen in more than one context To tell the story of each period the authors provide an introductory essay touching on the highpoints of its development and then concentrate on one biography one literary or cultural event and one literary work which serve as prisms through which the main outlines of a given period's development can be discerned Although the focus is on literature individual works lives and events are placed in broad historical context as well as in the framework of parallel developments in Russian art and music

A History of Russian Literary Theory and Criticism Evgeny Dobrenko, Galin Tihanov, 2011-11-27 This edited volume assembles the work of leading international scholars in a comprehensive history of Russian literary theory and criticism from 1917 to the post Soviet age By examining the dynamics of literary criticism and theory in three arenas political intellectual and institutional the authors capture the progression and structure of Russian literary criticism and its changing function and discourse The chapters follow early movements such as formalism the Bakhtin Circle Proletkult futurism the fellow travelers and the Russian Association of Proletarian Writers By the cultural revolution of 1928 literary criticism became a mechanism of Soviet policies synchronous with official ideology The chapters follow theory and criticism into the 1930s with examinations of the Union of Soviet Writers semantic paleontology and socialist realism under Stalin A more humanized literary criticism appeared during the ravaging years of World War II only to be supplanted by a return to the party line Soviet heroism and anti-Semitism in the late Stalinist period During Khrushchev's Thaw there was a remarkable rise in liberal literature and criticism that was later refuted in the nationalist movement of the long 1970s The same decade saw on the other hand the rise to prominence of semiotics and structuralism Postmodernism and a strong revival of academic literary studies have shared the stage since the start of the post Soviet era For the first time anywhere this collection analyzes all of the important theorists and major critical movements during a tumultuous ideological period in Russian history including developments in emigre literary theory and criticism
