Russian Revolution 1917 Volume 1:

The Russian Revolution, 1917-1921, Volume 1 William Henry Chamberlin, 1965 The Russian Revolution, 1917-1921 William Henry Chamberlin, 1935 **History of the Russian Revolution: Volume 1** Leon Trotsky, 2022-11-30 The Russian Revolution of 1917 can be regarded as the greatest event in human history For the first time millions of workers and peasants took political power into their own hands sweeping aside the despotic rule of the capitalists and landlords and setting out to create a socialist world order based upon the rule of the Soviet of Workers Soldiers and Peasants Deputies Capitalism had broken at its weakest link The Russian Revolution heralded the beginning of the world revolution inspiring the hopes and dreams of millions Notwithstanding the terrible backwardness of Russia the new Socialist Soviet Republic represented a decisive threat to the world capitalist order It struck terror in the ruling classes everywhere which rightly regarded it as a threat to their power and privileges Leon Trotsky History of these events is a masterpiece It was the first time that a scientific history of a great event has been written by a man who played a dominant part in it Together with Lenin he led the Bolshevik Revolution and lived throughout its stormy events However this book is not simply a dramatic narrative but a profound analysis of the inner forces of the Revolution It remains by far the best account of the Russian Revolution today This volume spans from the February Revolution to the prelude of the July Days as well as the economic and political background of Russia before the Revolution Also featured in this edition is Alan Woods introduction to the series **The Bloomsbury Handbook of the Russian Revolution** Geoffrey Swain, Charlotte Alston, Michael C. Hickey, Boris Kolonitskii, Franziska Schedewie, 2022-12-15 Through 30 interpretative essays The Bloomsbury Handbook of the Russian Revolution sees an international team of leading scholars comprehensively examine Russia's revolutionary years In the wake of the 2017 centenary this handbook is the first reference point for anyone wishing to learn more about the changes which took place in Russia between 1917 and 1921 and subsequently the 20th century Split into six sections covering political crises politicians and parties social groups identities regions and peoples and civil war the volume covers the collapse of Tsarism and the February Revolution the emergence of the Provisional Government and major historical figures such as Lenin Kerensky and the Socialist Revolutionary leader Viktor Chernov It also explores the events surrounding the Bolshevik seizure of power in October 1917 the first year of Soviet Government until the Bolshevik dictatorship was established and the impact on Russia of the subsequent civil war The focus is broader than these issues of high politics however since this handbook also considers events in the provinces as well as revolutionary Petrograd and examines the social impact of the revolution in terms of class gender age and culture **The Russian Revolution, 1917-1921** William Henry Chamberlin, 1952 **The Russian Revolution** Ronald Kowalski, 2005-08-09 The collapse of the Soviet Union in 1991 has provided fresh perspectives from which to view the Revolution out of which it grew The Russian Revolution 1917 1921 by Ronald Kowalski reviews the ever changing debate on the nature of the Russian Revolution This collection of documents and

sources includes newspapers memoirs and literature commentary and background information of each source a narrative of the major events of the period new material made available since the policy of glasnost a re examination of World War One and the Revolution focus on thematic issues such as the actions of peasants and workers For students of European history this will provide interesting and informative reading on this major event in Russia s turbulent past [The Russian Revolution, 1917](#) Rex A. Wade,2005-04-21 Rex Wade presents an account of one of the pivotal events of modern history combining his own long study of the revolution with the best of contemporary scholarship Within an overall narrative that provides a clear description of the 1917 revolution he introduces several new approaches on its political history and the complexity of the October Revolution Wade clears away many of the myths and misconceptions that have clouded studies of the period He also gives due space to the social history of the revolution and incorporates people and places too often left out of the story including women national minority peoples and peasantry front soldiers enabling a more complete history to emerge The 2005 second edition of this highly readable book has been thoroughly revised and expanded It will prove invaluable reading to anyone interested in Russian history **Russian Revolution, 1917-1921. Vol. 1 1917-1918** William Henry Chamberlin,1965 **A History Of Russia Volume 2** Walter G. Moss,2004-10-01 Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects He has also brought the history up to date by revising the post Soviet material which now covers events from the end of 1991 up to the present day This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US Canada and around the world *The Revolutionary Russian Economy, 1890-1940* Vincent Barnett,2004-03-04 The pre revolutionary Russian economy was backward and stagnant Whatever the criticisms of the economy post revolution the turnaround in terms of growth and output was staggering This book looks at the alternatives to Stalin s reform program that had such tragic outcomes Applying the ideas of orthodox economic theory Marxism and also instituti **Revolutionary Democracy** Soma Marik,2018-03-09 In this wide ranging and insightful work Soma Marik defends the legacy of the Bolshevik Revolution arguing against many of its detractors that the early communist regime was centrally concerned with both the liberation of women and the expansion of democracy Soma Marik teaches Women s Studies and History at Jadavpur University **The "Russian" Civil Wars, 1916-1926** Jonathan Smele,2016-01-15 This volume offers a comprehensive and original analysis and reconceptualisation of the compendium of struggles that wracked the collapsing Tsarist empire and the emergent USSR profoundly affecting the history of the twentieth century Indeed the reverberations of those decade long wars echo to the present day not despite but because of the collapse of the Soviet Union which re opened many old wounds from the Baltic to the Caucasus Contemporary memorialising and de memorialising of these wars therefore form part of the book s focus but at its heart lie the struggles between various Russian political and military forces which sought to inherit and preserve or even expand the territory of the

tsars overlain with examinations of the attempts of many non Russian national and religious groups to divide the former empire The reasons why some of the latter were successful Poland and Finland for example while others Ukraine Georgia and the Muslim Basmachi were not are as much the author s concern as are explanations as to why the chief victors of the Russian Civil Wars were the Bolsheviks Tellingly the work begins and ends with battles in Central Asia a theatre of the Russian Civil Wars that was closer to Mumbai than it was to Moscow

Historical Dictionary of the Russian Revolution Jonathan Davis, 2020-05-15 Historical Dictionary of the Russian Revolution focuses on the leading individuals ideas political parties and main events that were central to the transformation of Russia during the revolution The time period runs from January 1917 through to the Treaty of Brest Litovsk that took Russia out of the First World War in March 1918 It covers the main events ideas people and parties and takes the story of the revolution from the eve of the overthrowing of Tsar Nicholas II through to the Bolshevik seizure of power the first six months of Leninist rule and the Treaty of Brest Litovsk that ended Russia s involvement in the First World War Historical Dictionary of the Russian Revolution contains a chronology an introduction and an extensive bibliography The dictionary section has over 200 cross referenced entries on the revolutions the First World War political parties ideologies and individuals and the main events that defined the course of the Russian Revolution This book is an excellent resource for students researchers and anyone wanting to know more about the Russian Revolution

Music for the Revolution Amy Nelson, 2010-02-24 Mention twentieth century Russian music and the names of three giants Igor Stravinsky Sergei Prokofiev and Dmitrii Shostakovich immediately come to mind Yet during the turbulent decade following the Bolshevik Revolution Stravinsky and Prokofiev lived abroad and Shostakovich was just finishing his conservatory training While the fame of these great musicians is widely recognized little is known about the creative challenges and political struggles that engrossed musicians in Soviet Russia during the crucial years after 1917 Music for the Revolution examines musicians responses to Soviet power and reveals the conditions under which a distinctively Soviet musical culture emerged in the early thirties Given the dramatic repression of intellectual freedom and creativity in Stalinist Russia the twenties often seem to be merely a prelude to Totalitarianism in artistic life Yet this was the decade in which the creative intelligentsia defined its relationship with the Soviet regime and the aesthetic foundations for socialist realism were laid down In their efforts to deal with the political challenges of the Revolution musicians grappled with an array of issues affecting musical education professional identity and the administration of musical life as well as the embrace of certain creative platforms and the rejection of others Nelson shows how debates about these issues unfolded in the context of broader concerns about artistic modernism and elitism as well as the more expansive goals and censorial authority of Soviet authorities Music for the Revolution shows how the musical community helped shape the musical culture of Stalinism and extends the interpretive frameworks of Soviet culture presented in recent scholarship to an area of artistic creativity often overlooked by historians It should be broadly important to those interested in Soviet history the cultural roots of Stalinism

Russian and Soviet music and the place of music and the arts in revolutionary change **Inside the Russian Revolution**
 Mrs. Rheta Childe Dorr, Rheta Childe Dorr, 1917 **The Russian Revolution, Volume I** William Henry Chamberlin, 2014-07
 This book is a richly detailed account of the Russian Revolution from the fall of the Tsar in March 1917 to the introduction of the New Economic Policy in March 1921. The author draws on interviews and on other kinds of now unavailable documents to produce a work that remains a unique view of early Soviet Russia. Originally published in 1987, The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Competing Voices from the Russian Revolution Michael C. Hickey, 2010-12-21. This new collection of documents helps students understand the complex texture of Russian public rhetoric and popular debate during World War I and the 1917 Revolution. How better to understand history than through the words of those who lived it? *Competing Voices from the Russian Revolution: Fighting Words* presents documents that underscore the extraordinary richness of public discussion about key events and issues during the 1917 Russian Revolution, one of the pivotal events in modern history. Carefully edited and annotated, the documents help clarify the issues while revealing the broad range of ways in which Russians understood the events unfolding around them. Focusing on public rhetoric and debate in Russia from the outbreak of World War I in 1914 through the dissolution of the Constituent Assembly in January 1918, the documents present the views not only of key political figures but also of ordinary men and women, mothers, soldiers, factory workers, peasants, students, businesspeople, and educated professionals.

Encyclopedia of Historians and Historical Writing Kelly Boyd, 2019-10-09. The *Encyclopedia of Historians and Historical Writing* contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama. Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day, including individuals from related disciplines like Jürgen Habermas and Clifford Geertz, whose theoretical contributions have informed historical debate. Additionally, the *Encyclopedia* includes some 200 essays treating the development of national, regional, and topical historiographies from the Ancient Near East to the history of sexuality. In addition to the Western tradition, it includes substantial assessments of African, Asian, and Latin American historians and debates on gender and subaltern studies.

[A Companion to the Russian Revolution](#) Daniel Orlovsky, 2020-08-17. A compendium of original essays and contemporary viewpoints on the 1917 Revolution. The Russian revolution of 1917 reverberated throughout an empire that covered one sixth of the world. It altered the geo-political landscape of not only Eurasia but of the entire globe. The impact of this immense event is still felt in the present day. The historiography of the last two decades has challenged conceptions of the 1917 revolution as a monolithic entity; the causes

and meanings of revolution are many as is reflected in contemporary scholarship on the subject. A Companion to the Russian Revolution offers more than thirty original essays written by a team of respected scholars and historians of 20th century Russian history. Presenting a wide range of contemporary perspectives, the Companion discusses topics including the dynamics of violence in war and revolution, Russian political parties, the transformation of the Orthodox church, Bolshevism, Liberalism, and more. Although primarily focused on 1917 itself and the singular Revolutionary experience in that year, this book also explores time periods such as the First Russian Revolution, early Soviet government, the Civil War period, and even into the 1920s. Presents a wide range of original essays that discuss. Brings together in depth coverage of political history, party history, cultural history, and new social approaches. Explores the long range causes, influence on early Soviet culture, and global afterlife of the Russian Revolution. Offers broadly conceived contemporary views of the revolution, largely based on the author's original research. Links Russian revolutions to Russian Civil Wars as concepts. A Companion to the Russian Revolution is an important addition to modern scholarship on the subject and a valuable resource for those interested in Russian Late Imperial or Soviet history, as well as anyone interested in Revolution as a global phenomenon.

A People's History of the Russian Revolution Neil Faulkner, 2017-01-20. The Russian Revolution may well be the most misunderstood event in modern history. In this fast-paced introduction, Neil Faulkner debunks the myths that continue to shroud it, showing how a mass movement of millions, organised in democratic assemblies, mobilised for militant action and destroyed a regime of landlords, profiteers, and warmongers. Faulkner rejects caricatures of Lenin and the Bolsheviks as authoritarian conspirators, democratic centralists, or the progenitors of Stalinist dictatorship. Though short-lived, the Revolution of October 1917 was an explosion of democracy and creativity. Crushed by bloody counter-revolution, its socialist vision was ultimately displaced by a monstrous form of bureaucratic state capitalism. Laced with first-hand testimony, this history rescues the democratic essence of the revolution from its detractors and deniers, offering a perfect primer for the modern reader. Published in partnership with the Left Book Club.

If you ally obsession such a referred **Russian Revolution 1917 Volume 1** books that will pay for you worth, acquire the entirely best seller from us currently from several preferred authors. If you want to droll books, lots of novels, tale, jokes, and more fictions collections are along with launched, from best seller to one of the most current released.
