Russians And Berlin:

The Russians and Berlin, 1945 Erich Kuby, 1968 Die Russen in Berlin, 1945. The Russians and Berlin, 1945 ...
Translated by Arnold J. Pomerans. With Plates. Erich KUBY, Arnold Julius POMERANS, 1968 **The Russians in Germany**
Norman M. Naimark, 1995 In 1945 when the Red Army marched in eastern Germany was not occupied but liberated This
until the recent collapse of the Soviet Bloc is what passed for history in the German Democratic Republic Now making use of
newly opened archives in Russia and Germany Norman Naimark reveals what happened during the Soviet occupation of
eastern Germany from 1945 through 1949 His book offers a comprehensive look at Soviet policies in the occupied zone and
their practical consequences for Germans and Russians alike and ultimately for postwar Europe In rich and lucid detail
Naimark captures the mood and the daily reality of the occupation the chaos and contradictions of a period marked by rape
and repression the plundering of factories the exploitation of German science and the rise of the East German police state
Never have these practices and their place in the overall Soviet strategy particularly the political development of the zone
received such thorough treatment Here we have our first clear view of how the Russians regarded the postwar settlement
and the German question how they made policy on issues from reparations to technology transfer to the acquisition of
uranium how they justified their goals how they met them or failed and how they changed eastern Germany in the process
The Russians in Germany also takes us deep into the politics of culture as Naimark explores the ways in which Soviet officers
used film theater and education to foster the Bolshevization of the zone Unique in its broad comparative approach to the
Soviet military government in Germany this book fills in a missing and ultimately fascinating chapter in the history of modern
Europe *The Russians and Berlin, 1945, Transl. by Arnold J. Pomerans* Erich Kuby, 1968 **Aleksandr Chayanov and**
Russian Berlin Frank Bourgholtzer, 2023-05-31 Aleksandr Chayanov lived and worked in England and Germany in the 1920s
when he wrote many letters He was also forced to write autobiographical material after his arrest in 1930 Frank
Bourgholtzer uses this material in his account of this Russian utopian **Russian Thinkers** Isaiah Berlin, 2013-03-07 Few if
any English language critics have written as perceptively as Isaiah Berlin about Russian thought and culture Russian
Thinkers is his unique meditation on the impact that Russia's outstanding writers and philosophers had on its culture In
addition to Tolstoy's philosophy of history which he addresses in his most famous essay The Hedgehog and the Fox Berlin
considers the social and political circumstances that produced such men as Herzen Bakunin Turgenev Belinsky and others of
the Russian intelligentsia who made up as Berlin describes the largest single Russian contribution to social change in the
world **Russian-German Special Relations in the Twentieth Century** Karl Schlogel, 2006-08-01 Twentieth century
Europe especially Central Eastern Europe has been largely defined by Russia and Germany In this century cultural and
economic exchanges between the two countries were as active as the fires of hatred intense The smaller states in between
with their unstable borders and internal minorities suffered from the powers alliances and their antagonisms This volume of

new research in political and cultural history examines the two powers turbulent relationship including the pre 1914 era of exchange and cooperation the projects of modernity in post revolutionary Russia and Weimar Germany the struggle for dominance over Central Europe in World War II and mutual views of Germans and Russians after 1945 In the wake of the crucial events of 1989 and the transformation of German Russian relations it asks whether the configuration of Russian German relations that once dominated twentieth century Europe has now dissolved leaving us to find new ways of cooperation between New Russia and New Europe The Russians in Berlin Mikhail Gous,1942* **Russian Émigré Culture** Christoph Flamm, Henry Keazor, Roland Marti, 2014-07-08 A quarter of a century ago glasnost opened the door for a new look at Russian migr culture unimpeded by the sterile concepts of Cold War cultural politics Easier access to archives and a comprehensive approach to culture as a multi faceted phenomenon not restricted to single phenomena or individuals have since contributed to a better understanding of the processes within the migr community of its links with the lost home country and of the interaction with the cultural life of the countries of adoption This volume offers a collection of critical articles that resulted from the international interdisciplinary symposium which was held at Saarland University in November 2011 as part of a one week festival Russian Music in Exile Scholars from around the world contributed essays reflecting current perspectives on Russian migr culture shedding new light on cultural diplomacy literature art and music and covering essentially the whole 20th century from pre revolutionary movements to the present The interdisciplinary approach of the volume shows that migr networks were not confined to a particular segment of culture but united composers artists critics and even diplomats On the whole the contributions to this volume document the fascinating diversity the internal contradictions as well as the impact that the largest and most durable migr movement of the 20th century had on European cultural life **Russian Life** ,2010 Free Russia ,1890 **Nineteenth Century and After** ,1923 *Charlottengrad* Roman Utkin,2023-08 Charlottengrad examines the Russian migr and exile community that found itself in Berlin during the first wave of emigration after the 1917 Revolution brought the tsarist government of Russia crashing down Roman Utkin shows that the idea of a community aligned with Imperial Russia and hostile to the new Soviet government is far too simplistic By closely studying the intellectual output of some of the hundreds of thousands of Russian migr s ensconced in Berlin s Charlottenburg neighborhood Utkin reveals a picture of some of the world s first stateless peoples struggling to understand their new identity as emigrants and exiles balancing their sense of Russianness with their position in a modern bustling Western city and navigating their political and personal positionality toward a homeland that was no longer home

Forms of Exile Marina Tsvetaeva,2019-04-13 This collection is valuable for its steady faithfulness to the original its breadth of poems and in particular for so many of the pre revolutionary poems Emily Lygo *Modern Poetry in Translation* 2009 **Littell's Living Age** ,1920 *The New York Times Index* ,1917 *Germany and Eastern Europe* ,2023-08-14 The opening up and subsequent tearing down of the Berlin Wall in 1989 effectively ended a historically unique period for Europe

that had drastically changed its face over a period of fifty years and redefined in all sorts of ways what was meant by East and West For Germany in particular this radical change meant much more than unification of the divided country although initially this process seemed to consume all of the country's energies and emotions While the period of the Cold War saw the emergence of a Federal Republic distinctly Western in orientation the coming down of the Iron Curtain meant that Germany's relationship with its traditional neighbours to the East and the South East which had been essentially frozen or redefined in different ways for the two German states by the Cold War had to be rediscovered This volume which brings together scholars in German Studies from the United States Germany and other European countries examines the history of the relationship between Germany and Eastern Europe and the opportunities presented by the changes of the 1990's drawing particular attention to the interaction between the willingness of German and its Eastern neighbours to work for political and economic integration on the one hand and the cultural and social problems that stem from old prejudices and unresolved disputes left over from the Second World War on the other

[The Russian Jewish Diaspora and European Culture, 1917-1937](#) Jörg Schulte, Olga Tabachnikova, Peter Wagstaff, 2012-04-03 This book traces the impact on Jewish culture in Western Europe of the migration of Russian Jews following the 1917 Revolution as they enabled the creation of a single sphere of Jewish culture common to all parts of the European diaspora

The Red Terror in Russia Sergey Petrovich Melgounov, Uritsky People's Commissary of the Northern Commune and a leading spirit of the Che Ka of Petrograd was assassinated on August 17 1918 by a Socialist ex student named Kannegiesser who during the war had been a military cadet In the official report of the assassination it was said Leonid Kannegiesser asserts that he killed Uritsky solely of his own free will in revenge for the arrest of certain army officers and for the execution of his friend Peretzweig but in no case in obedience to orders from any political party or association On August 28 another Socialist in this instance a Madame Kaplan attempted similarly to assassinate Lenin And how did the Soviet Government respond to these terrorist acts A semi official communiqué published in the issue of the Che Ka's Weekly of October 20 reported that by a decree of the Che Ka 500 hostages had been shot Nor yet is the true number of these victims known And probably it never will be known And the same with regard to the victims' names Nevertheless it can at least be asserted that the real figure greatly exceeded the figure given in the semi official communiqué and that the original of the report was never published at all In August last two barge loads of Russian officers were scuttled in the Gulf of Finland and some of the officers' bodies washed up on the shores of a property belonging to a friend of mine lashed together with barbed wire in twos and threes Will this be deemed an exaggeration Yet Moscow and Petrograd still contain numbers of persons who could confirm the facts whilst another source tells us that as late as the year 1921 the Bolsheviks were disposing of their political opponents in the same barbarous manner From another eye witness of events in Petrograd of the period we have the following details As regards Petrograd it is usual to place the number of executions for the year 1918 at 1300 True the Bolsheviks admit to 500 only but that is because they take care not to include

in the estimate the hundreds of officers and ex civil servants and private individuals who were shot in Kronstadt and the Fortress of SS Peter and Paul shot not by actual order of the central authorities but by order of local soviets Kronstadt alone saw 400 shot in a night after being posted before three huge graves dug in the courtyard of the fortress Interviewed by a newspaper correspondent at this period Peters one of the chiefs of the All Russian Che Ka described the Terror as a terror simply of hysteria Then he went on In spite of popular rumour I am not as bloodthirsty as I am represented to be All that has happened is that a few over excitable revolutionaries lost their heads and showed too much zeal As regards Petrograd no shootings at all took place before Uritsky s murder though there have been many since and sometimes the shooting was indiscriminate and as regards Moscow its only response to the attempt upon Lenin has been the execution of a few ex monarchical Ministers But added the merciful Peters meaningly I should like to say that every endeavour on the part of the Russian bourgeoisie to raise its head again will be met with such a rebuff with such a chastisement as will throw even the Red Terror into the shade
