Ruth Benedict:

Ruth Benedict Margaret Mead, 2005 By weaving discussions of the personal and professional writings of Ruth Benedict Margaret Mead presents the anthropologist's work in the context of her life and times Mead also defends Benedict's humanistic approach to anthropology as she considers her most important works In addition to a selection of Benedict's anthropological writings this edition includes new forewords by two leading Benedict scholars *Patterns of Culture* Ruth Benedict, 2013-04-30 An anthropologist compares three diverse societies in this groundbreaking unique and important cultural study The New York Times A remarkable introduction to cultural studies *Patterns of Culture* made history in exploring the role of culture in shaping our lives In it the renowned anthropologist Ruth Benedict offers an in depth look at three societies the Zuni of the southwestern United States the Kwakiutl of western Canada and the Dobuans of Melanesia and demonstrates the diversity of behaviors in them Benedict's groundbreaking study shows that a unique configuration of traits defines each human culture and she examines the relationship between culture and the individual Featuring prefatory remarks by Franz Boas Margaret Mead and Louise Lamphere who calls it a foundational text in teaching us the value of diversity this provocative work ultimately explores what it means to be human That today the modern world is on such easy terms with the concept of culture is in very great part due to this book Margaret Mead *Ruth Benedict* Margaret M. Caffrey, 2013-11-04 Poet anthropologist feminist Ruth Fulton Benedict was all of these and much more Born into the last years of the Victorian era she came of age during the Progressive years and participated in inaugurating the modern era of American life Ruth Benedict *Stranger in This Land* provides an intellectual and cultural history of the first half of the twentieth century through the life of an important and remarkable woman As a Lyricist poet Ruth Benedict helped define Modernism As an anthropologist she wrote the classic *Patterns of Culture* and at one point was considered the foremost anthropologist in the United States the first woman ever to attain such status She was an intellectual and an artist living in a time when women were not encouraged to be either In this fascinating study Margaret Caffrey attempts to place Benedict in the cultural matrix of her time and successfully shows the way in which Benedict was a product of and reacted to the era in which she lived Caffrey goes far beyond providing simple biographical material in this well written interdisciplinary study Based on exhaustive research including access for the first time to the papers of Margaret Mead Benedict's student and friend Caffrey is able to put Benedict's life clearly in perspective By identifying the family and educational influences that so sharply influenced Benedict's psychological makeup the author also closely analyzes the currents of thought that were strong when Victorianism paralleled the Modernism that figured in Benedict's life work The result is a richly detailed study of a gifted woman This important work will be of interest to students of Modernism poetry and women's studies as well as to anthropologists *Patterns of Culture* Ruth Benedict, 1959 A study of the civilizations of the Zuni Indians the natives of Dobu and the Kwakiutl Indians *An Anthropologist at Work* Ruth Benedict, 2017-09-04 *An Anthropologist at Work* is the

product of a long collaboration between Ruth Benedict and Margaret Mead Mead who was Benedict's student colleague and eventually her biographer here has collected the bulk of Ruth Benedict's writings This includes letters between these two seminal anthropologists correspondence with Franz Boas Benedict's teacher Edward Sapir's poems and notes from studies that Benedict had collected throughout her life Since Benedict wrote little Mead has fleshed out the narratives by adding background information on Benedict's life work and the cultural atmosphere of the time Ruth Benedict formed her own view of the contribution of anthropology before the first steps were taken in the study of how individual human beings with their given potentialities came to embody their culture In her later work she came to accept and sometimes to use the work in culture and personality that depended as much upon social psychology as upon cultural anthropology She came to recognize that society made up of persons or organized in groups was as important as a subject of study as the culture of a society This volume greatly enhanced by Mead's contributions is a record of what was important to Benedict in her life and work It is expertly ordered and assembled in a way that will be accessible to students and professionals alike
