Rituals & Departures Akachi Adimora-Ezeigbo,1996 **Military Departures, Homecomings and Death in Classical Athens** Owen Rees,2022-01-13 This volume sheds new light on the experience of ancient Greek warfare by identifying and examining three fundamental transitions undergone by the classical Athenian hoplite as a result of his military service his departure to war his homecoming from war having survived and his homecoming from war having died As a conscript a man regularly called upon by his city state to serve in the battle lines and perform his citizen duty the most common military experience of the hoplite was one of transition he was departing to or returning from war on a regular basis especially during extended periods of conflict Scholarship has focused primarily on the experience of the hoplite after his return with a special emphasis on his susceptibility to Post Traumatic Stress Disorder PTSD but the moments of transition themselves have yet to be explored in detail Taking each in turn Owen Rees examines the transitions from two sides from within the domestic environment as a member of an oikos and from within the military environment as a member of the army This analysis presents a new template for each and effectively maps the experience of the hoplite as he moves between his domestic and military duties This allows us to reconstruct the effects of war more fully and to identify moments with the potential for a traumatic impact on the individual *Rituals of Migration* Kevin Kenny,Maddelena Marinari,2025-06-17 Italian and Irish immigrant experiences When people migrate they often perform social and cultural rituals along the way The idea of rites of passage with its elements of preparation departure transit admission exclusion expulsion and return helps us understand these moments in the process of migration in new and meaningful ways *Rituals of Migration* offers snapshots of Italian and Irish migrants on the move from the mid nineteenth to mid twentieth centuries The essays in this volume examine the particular moments actions sentiments and material objects in the process of migration at the point of departure in transit and in the process of return Because rites and rituals feature both nonverbal and verbal expression migration history can be understood by studying physical objects as well as written sources The authors focus on rituals created by migrants and their descendants but they also consider the actions of officials who regulated migrants departure travel admission exclusion and removal By examining what people did thought felt and packed on the eve of their departures during their journeys and when returning to their homelands *Rituals of Migration* reveals how everyone involved in the immigration process including the migrants themselves the families they left behind and those in charge of regulating their mobility have tried to make sense of a process filled with peril uncertainty excitement and opportunity **Rituals for Our Times** Evan Imber-Black,Janine Roberts,1998 A timely groundbreaking guide to enhancing the rituals in our lives which helps people to enrich their relationships and reestablish their family ties The coauthors of *Rituals in Families and Family Therapy* show how to create meaningful rituals adapted to individual lives and family structures for new meaning in old and new traditions and celebrating life s milestones **BRAZILIAN QUIMBANDA, SPELLS & RITUALS TO DEFEAT YOUR ENEMIES AND TO**

Bornstein, 2003-09-30 How did the 1990s and early 21st century impact the evolution of the college presidency The legitimacy and performance of higher education were called into question during this period and respect for some of its leaders declined An economic downturn and the concomitant change of student enrollment patterns have required presidents to lead in compromised conditions The new emphasis on financial management and fund raising has opened the job of academic president to those with nontraditional backgrounds These new presidents must gain legitimacy differently from those of more traditional backgrounds who are struggling with their own legitimacy challenges In order to understand legitimacy Bornstein has applied theory from the social sciences and higher education literature proposing five factors that influence presidential legitimacy Individual Institutional Environmental Technical and Moral She also proposes six threats to legitimacy Lack of Cultural Fit Management Incompetence Misconduct Erosion of Social Capital Inattentiveness and Gradiosity In light of these threats she suggests strategies for gaining and maintaining legitimacy This book focuses on the impetus for leading change Bornstein draws on numerous sources for a theoretical perspective on the factors associated with the president's role in creating legitimate change She proposes a construct of four factors to implement legitimate change Presidential Leadership Governance Social Capital and Fund Raising The concepts of transformational and transactional leadership are examined for their ability to facilitate change Bornstein finds their effectiveness limited and proposes transformative leadership a contextual approach that fits between transformational and transactional leadership in the conceptual continuum Since presidents are often recruited on the basis of their academic experience their legitimacy depends on securing resources to strengthen or transform their institution fund raising is essential **Making Place**

through Ritual Lea Schulte-Droesch, 2018-09-10 Indian indigenous societies are especially known for their elaborate rituals which offer an excellent chance for studying religion as practice However few detailed ethnographic works exist on the ritual practices of these societies Based on long term ethnographic fieldwork in Jharkhand India this book offers insights into contemporary previously not described rituals of the Santal one of the largest indigenous societies of Central India Its focus lies on culturally specific notions of place as articulated and created during these rituals In three chapters the book discusses

how the Santal make place on different local regional and global levels through their rituals They reaffirm their ancestral roots in their land during large sacrificial rituals They offer sacrifices to the dangerous deities of the forest in exchange for rain And they claim their region to be a Santal region through large festivals celebrated in sacred groves which they link to national and global discourses of indigeneity and environmentalism Through an analysis of the rituals of a specific society this book addresses broader issues It presents an example of how to study religion as a practical activity It portrays culture specific perceptions of the environment And last the book underlines the potential that lies in choosing place as a lens to study social phenomena in context *Routledge Library Editions: Ritual* Various, 2021-09-30 This small but interdisciplinary collection on ritual originally published between 1974 and 1998 draws together research by leading academics in the area of anthropology sociology history and religion and provides a focused approach to the study of ritual in human society Comprised of 4 volumes the collection offers a diverse study of how ritual plays a vital role in a variety of circumstances including Industrial society Diasporas Reproduction Society Death and bereavement This academically stimulating set provides a uniquely interdisciplinary look at an area of study currently regaining prominence It brings back into print a selection of previously unavailable titles which will still be of interest to academics today as at their time of publication It will provide a must have resource for academics and students seeking to better understand the use of ritual from a wide selection of areas The collection will appeal to not only those working in the area of anthropology but also history sociology and religion **Ritual, Identity, and the Mayan Diaspora** Nancy J. Wellmeier, 1998 This book analyzes the lives and the continuing ritual traditions of the Mayas who live in the United States Focusing on a predominantly Maya town in rural Florida it shows how members of this ancient Central American civilization use their religious tradition to maintain their ethnic identity in an unfamiliar environment Bringing together studies of Mesoamerican fiesta or cargo systems religious ritual and migration studies this interdisciplinary work describes the religious traditions of indigenous Guatemala the crisis migration of the 1980s and the Mayas daily life in the United States including Maya women s reflections on their new challenges The book is unique in its focus on the transfer of the fiesta cycle to the diaspora and its analysis of the behind the scenes aspects of ritual The rise of leadership contested interpretations of ethnic identity choices about symbolic representation and maintenance of ties to villages of origin all take place in the context of organizing public ritual events Through these strategies the Maya people not only cope materially and spiritually with the chaotic experience of uprootedness but find ways to strengthen their unique identity Bibliography Index **State and Court Ritual in China** Joseph P. McDermott, 1999-09-16 This broad ranging examination of Chinese court and state ritual from 1000 BC to AD 1750 represents the first modern comprehensive account of the subject in any language The essays demonstrate how and why ritual has played such a fundamental and often controversial role in the practice of Chinese politics By tracing the political and social development of particular rituals such as imperial funerals and popular religious practices or Buddhist ordination

ceremonies and court audiences the authors set out to convey their historical significance Further discussion of the role of ritual in relation to language and elite and popular concepts of emperorhood is included in the volume The book will be of interest to students of Chinese history anthropology and religion as well as those seeking to understand the legacy of that history in modern China *Muhammad and the Origins of Islam* Francis E.
