Saatchi And Saatchi Story:

Saatchi & Saatchi: The Inside Story Alison Fendley, 2012-01-23 Follows the rise and fall of Iraqi born Jewish brothers from London Charles and Maurice Saatchi who created some of the most memorable ad campaigns of the 1970s and 1980s and then in 1994 were ousted from their firm by an American shareholder revolt **The Saatchi & Saatchi Story** Philip Kleinman, 1989 Saatchi and Saatchi Alison Fendley, 2003-07-01 Offers a ringside view of the Saatchi brothers precipitous rise and fall Charles was the artist Maurice the business whiz They were a pair of Iraqi born brothers who quickly became the most recognizable company in advertising Theirs was a phenomenal success story of the 1980s The Saatchis however had dipped greedily into the sea of cash and credit that their enormous profits and the financial climate made readily available The company kept going full speed ahead despite the stock market crash in Oct 1987 But by Feb 1995 Charles had left and Maurice had been thrown out Here Fendley traces Saatchi and Saatchi from its beginnings to the founding of a new agency M C Saatchi by the Saatchi brothers B W photos **The Brothers** Ivan Fallon, 1989-01-01 *Chutzpah & Chutzpah* Simon Goode, Richard Myers, Nick Darke, 2017-02-02 The story of Saatchi Saatchi as it has never been told before as a multiple eyewitness account by the people who were really there *The Advertising Age Encyclopedia of Advertising* John McDonough, Karen Egolf, 2015-06-18 For a full list of entries and contributors a generous selection of sample entries and more visit the The Advertising Age Encyclopedia of Advertising website Featuring nearly 600 extensively illustrated entries The Advertising Age Encyclopedia of Advertising provides detailed historic surveys of the world s leading agencies and major advertisers as well as brand and market histories it also profiles the influential men and women in advertising overviews advertising in the major countries of the world covers important issues affecting the field and discusses the key aspects of methodology practice strategy and theory Also includes a color insert Powers of Persuasion Winston Fletcher, 2008-07-10 During much of the second half of the 20th century advertising in Britain led the world Yet no history of British advertising covering this heady period has previously been published During those years advertising increasingly came to touch upon almost every aspect of every individual s life and reached its peak as a proportion of the Gross National Product It boosted economic growth and peoples affluence But at the same time the advertising industry was frequently under siege as politicians pressure groups and others constantly sought to restrain its influence and often succeeded For several decades the creativity of British campaigns was preeminent around the globe But Powers of Persuasion is not just about advertisements it is about advertising During those years Britain was also a world leader in setting industry benchmarks innovating the account planning discipline setting the standard for public service advertising launching global advertising awards festivals introducing the best system of advertising regulation setting up both the world s largest advertising archive and the world s most comprehensive on line advertising research databank These were the keystones on which British creativity was built Simultaneously major British advertising companies particularly Saatchi Saatchi and WPP raced to the

top of the global league Powers of Persuasion tells the authoritative story of this dynamic exhilarating era with pen portraits of the personalities involved anecdotes case histories and essential data Written from the inside by one of the industry s leaders this is a book for all interested in advertising and its role in society business and the media

Just Doing It: A History of Advertising Pia Elliott, 2014-10-09 The purpose of the book is to provide an overall view of advertising in the twentieth century while filling in the gap of information that exists in Italy where just a few names are known The book also provides a leading thread about those professionals who in the second half of the 20th century were the protagonists of the creative revolution and whose influence has been seminal on both American and English advertising The book has no historical intentions nor aims at classifying people into schools or categories as such an approach would be pretentious and inadequate in a profession so deeply entangled with economics and consumer attitudes The content in brief The book is made up of short biographies of famous and well known advertising people mainly art directors and copywriters interspersed with a few explanatory chapters that are simply summaries on certain subjects For instance The Big Agencies outlines the origins of historical agencies such as J W Thompson BBDO and Young Rubicam The State of Things explains what happened after the so called Creative Revolution The Spot Makers presents people like Howard Zieff Joe Pytko Rick Levine and Bob Giraldo Old School Ties and Colonels is about British advertising before Collett Dickinson and Pearce La Grande Parade depicts the peculiarities of French advertising and Carosello and its Victims explains the unusual features of the Italian Carosello an early TV format that hosted commercials etc Biographies are structured differently along the lines of individual stories and generally tend to highlight the meaningful events in one s career rather than their early life and experiences This way of telling a story is of course somewhat influenced by the author s experiences and point of view and represents the original aspect of the book Among the influentials Americans and Britons outnumber French and Italians A final section with Contributions by various authors and famous copywriters Gossage Della Femina Abbott S gu la Marcantonio Pirella etc completes the book
