Santiago Vázquez Gomariz

Sabana Santa La:

Sábana Santa. Lo nunca contado Santiago Vázquez Gomariz, 2015-03-02 La Sábana Santa de Turín es uno de los objetos arqueológicos más estudiados e investigados por la Ciencia durante el siglo XX. Este apasionante enigma ha sido y sigue siendo motivo de polémica y discusión. Esta obra es el resultado de la rigurosa y extensa investigación de Santiago Vázquez sobre el Lienzo mortuorio que pudo envolver el cadáver de Jesús de Nazaret en un sepulcro de Jerusalén en el año 33 de nuestra era. Un amplio estudio de la Sábana Santa que muestra con enorme nitidez la impronta frontal y dorsal de un hombre que fue brutalmente golpeado y torturado, flagelado, coronado de espinas, crucificado y finalmente alanceado en su costado derecho. Es la auténtica mortaja de Jesús o nos encontramos ante una horrible falsificación medieval. Con información actualizada y de enorme interés, presenta con todo detalle dicho Sudario funerario, cuestionándose por otra parte si los Evangelios hablan de lo no y recorriendo los lugares por donde pasó desde su salida de Jerusalén en el siglo I hasta su llegada a Turín en 1578. Revela los descubrimientos que la Ciencia ha realizado en sus numerosos estudios del tejido de lino, las torturas a las que fue sometido ese crucificado, así como las múltiples lesiones que contemplamos en su cuerpo. También expone las diferentes hipótesis que se han planteado para explicar de qué forma quedó estampada la imagen en el tejido y si puede ser una prueba de la Resurrección de Cristo. Analiza si el ajusticiado es Jesús de Nazaret o no. Muestra la opinión de la Iglesia Católica, así como la de otras confesiones religiosas. Refuta detalladamente todos los argumentos que se han presentado en contra de la autenticidad de la Sábana. Además incluye una entrevista con Dr. Jorge Manuel Rodríguez, presidente del Centro Español de Sindonología, uno de los mayores expertos en la actualidad, aportando al lector un caudal de información apasionante y novedosa. *Ayer's Almanac*, 1912

Finding Caspicara Susan Verdi Webster, 2024 Caspicara was the most renowned sculptor of the eighteenth century Andean world. Yet many works that are attributed to this Indigenous artist cannot be firmly documented as he is nearly absent in traditional archival records. Susan Webster seeks to analyze not only the visual imagery and material culture of his many works but she also seeks to lay the foundation for understanding how scholars can revive the life and records of artists and other historical figures, many of whom were Indigenous in this period with different methodologies. By cultivating artistic theory, popular religious devotion, and specific styles of sculpture, Webster's examination of the labor and workshop practices of this period contextualize the extensive commercial networks that existed within Quito and emanated beyond it. Webster explores the reason why authors constructed an almost completely fictional life story and canon for this artist that continued for two centuries, how this story fueled the agendas and goals of these authors in melding the colonial past with a newly independent country that could measure itself against western European culture, and as a potent story for tourists. She then considers the ways in which Caspicara's work was at the center of debates of sculpture versus painting in Quito. These debates and their development in the city also add context to notions

of authorship and how it was documented or not By exploring the professional world where he worked Webster's analysis of Indigenous sculptors and their family networks of labor and apprenticeship in the arts allow us to understand the changing workforce and materials for sculptures This analysis also reveals what day to day life may have been for Caspicara and how this routine informed the artistic choices available to him Archival materials indirectly offer glimpses into how patrons regarded Caspicara and his work and how the work of others later embellished or altered his original vision Throughout the chapters visibility materials and reception challenge the typical obsession of art historians museum curators and auction houses in their hunger to attribute authorship in ways that increase the value both for prestige and monetary reasons and in ways that end up obscuring authorship and intent The Visigoths in Gaul and Iberia (Update) Alberto Ferreiro, 2014-07-03 The bibliography includes material published from 2010 to 2012 Following on from the first bibliography Brill 1988 and its updates Brill 2006 2008 2011 this volume covers recent literature on Archaeology Liturgy Monasticism Iberian Gallic Patristics Paleography Linguistics Germanic and Muslim Invasions and more In addition peoples such as the Vandals Sueves Basques Alans and Byzantines are included The book contains author and subject indexes and is extensively cross indexed for easy consultation A periodicals index of hundreds of journals accompanies the volume Further updates are to be expected at intervals of three years **The Arthur of the Iberians** David Hook, 2015-06-15 Up to date Coverage of the scope and extent of the important tradition of Arthurian material in Iberian languages and of the modern scholarship on it Wide ranging bibliographical coverage and guide to both texts and research on them Written by Specialists in the different Romance languages of the Iberian Peninsula Portuguese Catalan Galician Spanish and its dialects Expert analysis of different traditions by leading scholars from Spain and the UK Wide ranging Study not only of medieval and Renaissance literary texts but also of modern Arthurian fiction of the global spread of Arthurian legends in the Spanish and Portuguese worlds and of the social impact of the legends through adoption of names of Arthurian characters and imitation of practices narrated in the legends A comprehensive guide to both literary and social impact of Arthurian material in major world languages
