The book goes back to Mahabharat and draws a parallel from the Pandavas who were legendary warriors. Based on their distinctive traits, each member of the Fab Five is equated to one of the Pandavas: Ganguly as Yudhishtir, Sehwag as Bheem, Tendulkar as Arjun, Laxman as Nakul, and Dravid as Sahadev. Together, they scripted some of the most famous victories in the history of Indian cricket. While it was a collective team effort that led to the success, and the contribution of other players were equally crucial, but it would not have been possible without this strong batting line-up. With the emergence of Fab Five, the days when India's batting had a huge dependency on Tendulkar's shoulders was a thing of the past. Each member of the Fab Five could win the match single-handedly on their day: Ganguly's lofted sixes, Sehwag's aggression, Tendulkar's impeccable straight drives, Laxman's artistry, and Dravid's assuring defense were a treat to the eyes of the cricket fans. It is a humble tribute to these five legends and a celebration of their contribution to Indian cricket. *Sports around the World* John Nauright, 2012-04-06 This multivolume set is much more than a collection of essays on sports and sporting cultures from around the world; it also details how and why sports are played wherever they exist and examines key charismatic athletes from around the world who have transcended their sports. *Sports Around the World: History, Culture, and Practice* provides a unique global overview of sports and sports cultures. Scoring one hundred runs is the ultimate for a batsman As former England captain Andrew Strauss admits it s incredibly hard to do for Ricky Ponting it s a transformational moment in the career of a cricketer Or in the words of Geoffrey Boycott a century has its own magic In *The Art of Centuries* Steve James applies his award winning forensic insight to the very heart of batting Through interviews with the leading run scorers in cricket history and his own experiences Steve discovers what mental and physical efforts are required to reach those magical three figures Despite his own haul of 47 first class tons he himself felt at times that he was poorly equipped for the task So working out how to score centuries is an art And bowlers might not agree but there really is no better feeling in cricket
